PART III — NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-CEN, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Core Scientific, Inc. (the "Company" or the "Registrant") was unable, without unreasonable effort or expense, to file its Quarterly Report on Form 10-Q for the quarter ended September 30, 2022 (the "Q3 Form 10-Q") with the Securities and Exchange Commission ("SEC") within the prescribed time period.

As previously disclosed, the Company's operating performance and liquidity have been severely impacted by the prolonged decrease in the price of bitcoin, the increase in electricity costs, and the increase in the global bitcoin network hash rate. The assessment of the financial statement effects of these circumstances must be concluded to complete the Registrant's interim financial statements that are to be included in the Q3 Form 10-Q. In particular, the Company concluded that an interim assessment of its carrying value of property, plant and equipment, goodwill, and other intangible assets is necessary as of September 30, 2022. The Company has determined that it is likely that it will recognize asset impairments on some or all of these classifications of tangible and intangible assets. In addition, the Company is evaluating the appropriate disclosures related to liquidity and other matters. The complexity of the analysis for asset impairments and disclosures related to liquidity and other matters has caused delay in finalizing the Registrant's interim financial statements.

As a result of the delays described above, the Registrant requires additional time beyond its prescribed due date for the filing of its Quarterly Report to fully complete its procedures and disclosures relating to its assessment of the financial effects of the prolonged decrease in the price of bitcoin, the increase in electricity costs as well as the Company's ability to meet its liquidity needs, to comply with covenants in its indebtedness and to exist or remain as a going concern. Despite working diligently in an effort to timely file its Q3 Form 10-Q, the Company has been unable to complete all work necessary to timely file its Q3 Form 10-Q.

The Registrant expects to file the Quarterly Report within the five-day extension following the due date under the relief provided by Rule 12b-25 under the Securities Exchange Act of 1934, as amended.
