This Amendment No. 1 amends Item 7.01 of the Current Report on Form 8-K originally filed by Core Scientific, Inc. with the Securities and Exchange Commission on February 7, 2023 (the "Original Form 8-K") to correct errors to the data furnished within Exhibit 99.2 and Exhibit 99.5 attached thereto. As previously furnished, Exhibit 99.2, the monthly operating report of Core Scientific Mining LLC, erroneously reflected the monthly operating data of Radar Relay, Inc., and Exhibit 99.5, the monthly operating report of Radar Relay, Inc., erroneously reflected the monthly operating data of Core Scientific Mining LLC. Other than as described herein, this Amendment No. 1 does not amend any other information previously filed in the Original Form 8-K, which information is incorporated herein by reference.

As previously announced, on December 21, 2022, Core Scientific, Inc. (the "Company") and certain of its affiliates (collectively, the "Debtors") filed voluntary petitions (the "Chapter 11 Cases") in the United States Bankruptcy Court for the Southern District of Texas (the "Bankruptcy Court") seeking relief under Chapter 11 of Title 11 of the United States Code (the "Bankruptcy Code"). The Debtors continue to operate their business and manage their properties as "debtors-in-possession" under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code and orders of the Bankruptcy Court. Additional information about the Chapter 11 Cases, including access to Court documents, is available online at cases.stretto.com/CoreScientific/, a website administered by Stretto, Inc., a third-party bankruptcy claims and noticing agent. The information on this web site is not incorporated by reference into, and does not constitute part of, this Form 8-K.

Item 7.01. Regulation FD Disclosure.

On January 31, 2023, and February 1, 2023, the Debtors each filed with the Bankruptcy Court their monthly operating reports for the period beginning December 21, 2022 and ending December 31, 2022 (collectively, the "December Monthly Operating Reports"). The December Monthly Operating Reports of Core Scientific Mining LLC and Radar Relay, Inc. are attached hereto, as Exhibit 99.1 and Exhibit 99.2, respectively, and are incorporated herein by reference. Exhibit 99.1 and Exhibit 99.2 are replacements of Exhibits 99.2 and 99.5 to the Original Form 8-K, respectively. This Amendment No. 1 to the Original Form 8-K (including the exhibits hereto) will not be deemed an admission as to the materiality of any information required to be disclosed solely by Regulation FD. The December Monthly Operating Reports and other filings with the Bankruptcy Court related to the Chapter 11 Cases may be available electronically at cases.stretto.com/CoreScientific/.

The information contained in this Item 7.01 shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that section, and shall not be deemed to be incorporated by reference into any of the Company's filings under the Securities Act of 1933, as amended, or the Exchange Act, whether made before or after the date hereof and regardless of any general incorporation language in such filings, except to the extent expressly set forth by specific reference in such a filing.

Cautionary Statement Regarding the December Monthly Operating Reports

The Company cautions investors and potential investors not to place undue reliance upon the information contained in the December Monthly Operating Reports, which were not prepared for the purpose of providing the basis for an investment decision relating to any of the securities of the Company. The December Monthly Operating Reports are limited in scope, cover a limited time period and have been prepared solely for the purpose of complying with the monthly reporting requirements of the Bankruptcy Court. The December Monthly Operating Reports were not audited or reviewed by independent accountants, were not prepared in accordance with generally accepted accounting principles in the United States, are in a format prescribed by applicable bankruptcy laws or rules, and are subject to future adjustment and reconciliation. There can be no assurance that, from the perspective of an investor or potential investor in the Company's securities, the December Monthly Operating Reports are complete. The December Monthly Operating Reports also contain information for periods which are shorter or otherwise different from those required in the Company's reports pursuant to the Exchange Act, and such information might not be indicative of the Company's financial condition or operating results for the period that would be reflected in the Company's financial statements or in its reports pursuant to the Exchange Act. Results set forth in the December Monthly Operating Reports should not be viewed as indicative of future results.

Furthermore, this Form 8-K and/or the December Monthly Operating Reports may include "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as "estimate," "plan," "project," "forecast," "intend," "will," "expect," "anticipate," "believe," "seek," "target" or other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. The Company's actual results may differ materially from those anticipated in these forward-looking statements as a result of certain risks and other factors, which could include the following: risks and uncertainties relating to the Company's Chapter 11 Cases including but not limited to, the Company's ability to obtain Bankruptcy Court approval with respect to motions in its Chapter 11 Cases, successfully enter into and implement a restructuring plan, emerge from Chapter 11 and achieve significant cash flows from operations; the effects of the Chapter 11 Cases on the Company and on the interests of various constituents, Bankruptcy Court rulings in the Chapter 11 Cases and the outcome of the Chapter 11 Cases in general, the length of time the Company will operate under the Chapter 11 Cases, risks associated with any third-party motions in the Chapter 11 Cases, the potential adverse effects of the Chapter 11 Cases on the Company's liquidity or results of operations and increased legal and other professional costs necessary to execute the Company's reorganization; finalization and receipt of the replacement debtor-in-possession facility; satisfaction of any conditions to which the Company's debtor-in-possession financing is subject and the risk that these conditions may not be satisfied for various reasons, including for reasons outside of the Company's control; the consequences of the acceleration of the Company's debt obligations; the trading price and volatility of the Company's common stock and the risks related to trading on the OTC Pink Market; as well as other risk factors set forth in the Company's Annual Report on Form 10-K and Quarterly Reports on Form 10-Q filed with the Securities and Exchange Commission. These statements are provided for illustrative purposes only and are based on various assumptions, whether or not identified in this press release, and on the current expectations of the Company's management. These forward-looking statements are not intended to serve, and must not be relied on by any investor, as a guarantee, an assurance, a prediction or a definitive statement of fact or probability. Actual events and circumstances are difficult or impossible to predict and will differ from assumptions. Many actual events and circumstances are beyond the control of the Company. These forward-looking statements are subject to a number of risks and uncertainties, including those identified in the Company's reports filed with the U.S. Securities & Exchange Commission, and if any of these risks materialize or our assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. Accordingly, undue reliance should not be placed upon the forward-looking statements.

(3837); Core Scientific Acquired Mining LLC (N/A); Core Scientific Operating Company (5526); Radar Relay, Inc. (0496); Core Scientific Specialty Mining (Oklahoma) LLC (4327); American Property Acquisition, LLC (0825); Starboard Capital LLC (6677); RADAR LLC (5106); American Property Acquisitions I, LLC (9717); and American Property Acquisitions, VII, LLC (3198). The Debtors' corporate headquarters and service address is 210 Barton Springs Road, Suite 300, Austin, Texas 78704.

with their historical accounting practices. Accordingly, this MOR is true and accurate to the best of the Debtors' knowledge, information, and belief, based on currently-available data. The results of operations and financial position contained herein are not necessarily indicative of results that may be expected for any period other than the period beginning on December 21, 2022 and ending December 31, 2022, or for the full year, and may not necessarily reflect the Debtors' future consolidated results of operations and financial position.

2. <u>Reservation of Rights</u>. This MOR is limited in scope, covers the period beginning on December 21, 2022 and ending December 31, 2022, and has been prepared solely for the purpose of complying with the monthly reporting requirements of the Debtors' chapter 11 cases. The unaudited financial information has been derived from the Debtors' books and records. The information presented herein has not been subject to all procedures that typically would be applied to financial information in accordance with U.S. GAAP. Upon the application of such procedures, the Debtors believe that the financial information could be subject to material change. The information furnished in this MOR includes normal recurring adjustments but does not include all of the adjustments that typically would be made for interim financial information presented in accordance with GAAP.

Given the complexity of the Debtors' business, inadvertent errors or omission may occur. Accordingly, the Debtors hereby reserve all of their rights to dispute the nature, validity, status, enforceability, or executory natures of any claim amount, agreement, representation, or other statement set forth in this MOR. Further, the Debtors reserve the right to amend or supplement this MOR, if necessary, but shall be under no obligation to do so.

3. Basis of Presentation. Although the Debtors generally prepare their financial statements on a consolidated basis, the MOR has been prepared on an entity-by- entity basis (excluding most intercompany eliminations) for Debtors Core Scientific, Inc., Core Scientific Acquired Mining LLC, Core Scientific Operating Company, Core Scientific Mining LLC, Radar Relay, Inc., Core Scientific Specialty Mining (Oklahoma) LLC, American Property Acquisition, LLC, Starboard Capital LLC, RADAR LLC, American Property Acquisitions I, LLC, and American Property Acquisitions VII, LLC. The financial information contained herein is unaudited, limited in scope, covers a limited time period, and has been prepared solely for the purpose of complying with the monthly reporting requirements for chapter 11 debtors issued by the UST.

The amounts reported in this MOR are as-of December 31, 2022, the end of the Debtors' reporting period. This MOR covers the period beginning December 21, 2022 and ending December 31, 2022.

4. <u>Accounting Principles</u>. The Debtors maintain their financial records according to GAAP, however the MOR does not purport to represent financial statements prepared in accordance with GAAP, nor are they intended to be fully reconciled with the financial statements of the Debtors.

The Debtors generally prepare financial statements on a consolidated basis. To the extent that there are negative asset balances for an individual Debtor, such as

accounts receivable and current assets, they may be due to some intercompany elimination transactions or adjustments in each specific Debtor's books and records. For example, on a consolidated basis, the accounts receivable balance is \$257k at December month end, current assets are \$100m, and total assets are \$1.4b.

Not all of the annual tax entries for 2022 have been completed by the time this report was due to be filed. To the extent that there are negative liability balances for an individual Debtor, such as prepetition unsecured liabilities, they are expected to be resolved once all of the relevant tax entries and adjustments have been analyzed and completed.

On December 22, 2022, the Bankruptcy Court approved Debtors' *Emergency Motion of Debtors for Entry of Interim and Final Orders* (*A*) *Authorizing the Debtors to Obtain Postpetition Financing, (B) Authorizing the Debtors to Use Cash Collateral, (C) Granting Liens and Providing Claims with Superpriority Administrative Expense Status, (D) Granting Adequate Protection to the Prepetition Secured Parties, (E) Modifying the Automatic Stay, (F) Scheduling a Final Hearing, and (G) Granting Related Relief* (Docket No. 38) (the "**DIP Motion**") on an interim basis subject to a submission of a revised form of order. As a result, debtor's cash position reflects the receipt of \$35.5 million in proceeds under the debtor in possession credit facility authorized by the interim order granting the DIP Motion (the "**DIP Facility**") during the month of December.

- 5. Currency. Unless otherwise indicated, all amounts in the MOR are reflected in U.S. dollars.
- 6. Consolidated Entity Accounts Payable and Disbursement Systems. Cash is received and disbursed by the Debtors as described in the *Emergency Motion of Debtors for Entry of Interim and Final Orders (I) Authorizing Debtors to (A) Continue their Existing Cash Management System, (B) Maintain Existing Business Forms and Intercompany Arrangements, (C) Continue Intercompany Transactions, and (D) Continue Utilizing Employee Credit Cards; and (II) Granting Related Relief (Docket No. 12) (the "Cash Management Motion") and the Debtors' receipt and disbursement of cash is consistent with the Debtors' historical cash management practices. Due to the consolidated cash management reporting system, certain cash payments may be paid out of a legal entity that is different than the legal entity at which the expenses were incurred. Also, certain cash receipts may be received in a different legal entity than the legal entity at which the accounts receivable is recorded. Disbursements attributed to each entity represent the entity on behalf of which payments were made, on a proportional allocated basis, from the consolidated cash management system.*
- 7. Supporting Documentation. At the direction of the U.S. Trustee, the following schedules are attached to the MORs: (i) Statement of Cash Receipts and Disbursements; (ii) Balance Sheet; and (iii) Income Statement (profit or loss statement).

Statement of Cash Receipts and Disbursements. Based on guidance received from the Office of the United States Trustee in connection with the completion of UST Form 11-MOR Part 1, Cash Receipts and Disbursements, reported cash receipts and

disbursements should exclude intercompany and debtor-to-debtor transactions. As a result, for those debtors with net intercompany cash outflows or inflows during the reporting period, the ending cash balances reported on Form 11-MOR Part 1 may not match the ending cash balances per the Debtors' bank statements or the Debtors' books and records. For additional information on ending cash balances per the Debtors' books and records, see the attached listing of cash account balances per Schedule MOR-1a.

Balance Sheet. Liabilities Subject to Compromise ("LSTC"): LSTC represent the Debtors' estimate of prepetition claims to be resolved in connection with the chapter 11 cases. As a result of the chapter 11 filings, the payment of prepetition liabilities are subject to compromise or other treatment under a plan of reorganization. The determination of how such liabilities will ultimately be settled or treated cannot be made until the Court approves a chapter 11 plan of reorganization. Accordingly, the ultimate amount of such liabilities is not determinable at this time. Prepetition liabilities that are subject to compromise under ASC 852 are preliminary and may be subject to, among other things, future adjustments depending on Court actions, further developments with respect to disputed claims, determinations of the secured status of certain claims, the values of any collateral securing such claims, rejection of executory contracts, continued reconciliation or other events.

As noted, although the Debtors generally prepare financial statements on a consolidated basis, these MORs are prepared on an entity-by-entity basis. The Debtors maintain separate balance sheets in their books and records for the following entities: Core Scientific Acquired Mining LLC, Core Scientific, Inc., Core Scientific Operating Company, and Radar Relay, Inc. The Debtors, however, do not maintain separate balance sheets for the remaining Debtor entities. Consequently, the balance sheets included in the MOR for these Debtors reflect no balances.

Values in the balance sheet(s) attached hereto represent rounded numbers. Accordingly, subtotals may not agree to the summation of the rounded numbers presented.

Income Statement. For purposes of this MOR, presented for the period December 21, 2022 to December 31, 2022, the income statement is the pro-rata portion of the full month of December for each Debtor.

As noted, although the Debtors generally prepare financial statements on a consolidated basis, these MORs are prepared on an entity-by-entity basis. The Debtors maintain separate income statements in their books and records for the following entities: Core Scientific Acquired Mining LLC, Core Scientific, Inc., Core Scientific Operating Company, and Radar Relay, Inc. The Debtors, however, do not maintain separate income statements for the remaining Debtor entities. Consequently, the income statements included in the MOR for these Debtors reflect no income.

8. Part 1, Cash Receipts and Disbursements. Cumulative quarter-to-date for Q4 2022 receipts and disbursements are reported in the Cumulative figures in the MOR.

Part 7 Questionnaire. Pursuant to certain orders of the Bankruptcy Court entered in the Debtors' chapter 11 cases (the "**First Day Orders**"), the Debtors were authorized (but not directed) to pay, among other things, certain prepetition claims of their employees, taxing authorities, insurers, critical vendors, and certain other prepetition creditors. Amounts paid pursuant to the First Day Orders are monitored as to limits provided in the applicable orders of the Bankruptcy Court governing payment of such prepetition obligations, and this report is available to the U.S. Trustee as required.

The postpetition borrowing, other than trade credit, includes only borrowings made under the DIP Facility.

IN THE UNITED STATES BANKRUPTCY COURT FOR THE SOUTHERN DISTRICT OF TEXAS HOUSTON DIVISION

In re:	§ Chapter 11
CORE SCIENTIFIC, INC., et al.,	§ § Case No. 22-90341 (DRJ)
Debtors. ¹	<pre>§ (Jointly Administered)</pre>

MONTHLY OPERATING REPORT NOTES FOR DECEMBER 2022

On December 21, 2022 (the "**Petition Date**"), Core Scientific, Inc. and its debtor affiliates, as debtors and debtors in possession in the above-captioned chapter 11 cases (collectively, the "**Debtors**" or the "**Company**"), each commenced a voluntary case under chapter 11 of title 11 of the United States Code (the "**Bankruptcy Code**") in the United States Bankruptcy Court for the Southern District of Texas (the "**Bankruptcy Code**"). The Debtors are authorized to operate their businesses and manage their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. The Debtors' chapter 11 cases are being jointly administered for procedural purposes only pursuant to Rule 1015(b) of the Federal Rules of Bankruptcy Procedure (the "**Bankruptcy Rules**") and Rule 1015-1 of the Bankruptcy Local Rules for the United States Bankruptcy Court for the Southern District of Texas (the "**Local Rules**"). On January 9, 2023, the United States Trustee for Region 7 (the "**U.S. Trustee**") appointed an official committee of unsecured creditors (the "**Creditors' Committee**") in these chapter 11 cases pursuant to section 1102 of the Bankruptcy Code. No trustee or examiner has been appointed in these chapter 11 cases.

The following notes and statements of limitations and disclaimers should be referred to, and referenced in connection with, any review of this Monthly Operating Report (the "**MOR**").

Introduction. This MOR is unaudited and does not purport to represent financial statements prepared in accordance with accounting
principles generally accepted in the United States ("GAAP"), and it is not intended to fully reconcile to the consolidated financial
statements prepared by the Debtors. Information contained in this MOR has been derived from the Debtors' books and records, but does
not reflect in all circumstances presentation for GAAP or SEC reporting purposes. Therefore, to comply with their obligations to provide
MORs during these chapter 11 cases, the Debtors have prepared this MOR using the best information presently available to them, which
has been collected, maintained, and prepared in accordance

¹ The Debtors in these chapter 11 cases, along with the last four digits of each Debtor's federal tax identification number, are as follows: Core Scientific Mining LLC (6971); Core Scientific, Inc. (3837); Core Scientific Acquired Mining LLC (N/A); Core Scientific Operating Company (5526); Radar Relay, Inc. (0496); Core Scientific Specialty Mining (Oklahoma) LLC (4327); American Property Acquisition, LLC (0825); Starboard Capital LLC (6677); RADAR LLC (5106); American Property Acquisitions I, LLC (9717); and American Property Acquisitions, VII, LLC (3198). The Debtors' corporate headquarters and service address is 210 Barton Springs Road, Suite 300, Austin, Texas 78704.

with their historical accounting practices. Accordingly, this MOR is true and accurate to the best of the Debtors' knowledge, information, and belief, based on currently-available data. The results of operations and financial position contained herein are not necessarily indicative of results that may be expected for any period other than the period beginning on December 21, 2022 and ending December 31, 2022, or for the full year, and may not necessarily reflect the Debtors' future consolidated results of operations and financial position.

2. <u>Reservation of Rights</u>. This MOR is limited in scope, covers the period beginning on December 21, 2022 and ending December 31, 2022, and has been prepared solely for the purpose of complying with the monthly reporting requirements of the Debtors' chapter 11 cases. The unaudited financial information has been derived from the Debtors' books and records. The information presented herein has not been subject to all procedures that typically would be applied to financial information in accordance with U.S. GAAP. Upon the application of such procedures, the Debtors believe that the financial information could be subject to material change. The information furnished in this MOR includes normal recurring adjustments but does not include all of the adjustments that typically would be made for interim financial information presented in accordance with GAAP.

Given the complexity of the Debtors' business, inadvertent errors or omission may occur. Accordingly, the Debtors hereby reserve all of their rights to dispute the nature, validity, status, enforceability, or executory natures of any claim amount, agreement, representation, or other statement set forth in this MOR. Further, the Debtors reserve the right to amend or supplement this MOR, if necessary, but shall be under no obligation to do so.

3. Basis of Presentation. Although the Debtors generally prepare their financial statements on a consolidated basis, the MOR has been prepared on an entity-by-entity basis (excluding most intercompany eliminations) for Debtors Core Scientific, Inc., Core Scientific Acquired Mining LLC, Core Scientific Operating Company, Core Scientific Mining LLC, Radar Relay, Inc., Core Scientific Specialty Mining (Oklahoma) LLC, American Property Acquisition, LLC, Starboard Capital LLC, RADAR LLC, American Property Acquisitions I, LLC, and American Property Acquisitions VII, LLC. The financial information contained herein is unaudited, limited in scope, covers a limited time period, and has been prepared solely for the purpose of complying with the monthly reporting requirements for chapter 11 debtors issued by the UST.

The amounts reported in this MOR are as-of December 31, 2022, the end of the Debtors' reporting period. This MOR covers the period beginning December 21, 2022 and ending December 31, 2022.

4. <u>Accounting Principles.</u> The Debtors maintain their financial records according to GAAP, however the MOR does not purport to represent financial statements prepared in accordance with GAAP, nor are they intended to be fully reconciled with the financial statements of the Debtors.

The Debtors generally prepare financial statements on a consolidated basis. To the extent that there are negative asset balances for an individual Debtor, such as

accounts receivable and current assets, they may be due to some intercompany elimination transactions or adjustments in each specific Debtor's books and records. For example, on a consolidated basis, the accounts receivable balance is \$257k at December month end, current assets are \$100m, and total assets are \$1.4b.

Not all of the annual tax entries for 2022 have been completed by the time this report was due to be filed. To the extent that there are negative liability balances for an individual Debtor, such as prepetition unsecured liabilities, they are expected to be resolved once all of the relevant tax entries and adjustments have been analyzed and completed.

On December 22, 2022, the Bankruptcy Court approved Debtors' *Emergency Motion of Debtors for Entry of Interim and Final Orders (A) Authorizing the Debtors to Obtain Postpetition Financing, (B) Authorizing the Debtors to Use Cash Collateral, (C) Granting Liens and Providing Claims with Superpriority Administrative Expense Status, (D) Granting Adequate Protection to the Prepetition Secured Parties, (E) Modifying the Automatic Stay, (F) Scheduling a Final Hearing, and (G) Granting Related Relief* (Docket No. 38) (the "**DIP Motion**") on an interim basis subject to a submission of a revised form of order. As a result, debtor's cash position reflects the receipt of \$35.5 million in proceeds under the debtor in possession credit facility authorized by the interim order granting the DIP Motion (the "**DIP Facility**") during the month of December.

- 5. <u>Currency</u>. Unless otherwise indicated, all amounts in the MOR are reflected in U.S. dollars.
- 6. Consolidated Entity Accounts Payable and Disbursement Systems. Cash is received and disbursed by the Debtors as described in the *Emergency Motion of Debtors for Entry of Interim and Final Orders (I) Authorizing Debtors to (A) Continue their Existing Cash Management System, (B) Maintain Existing Business Forms and Intercompany Arrangements, (C) Continue Intercompany Transactions, and (D) Continue Utilizing Employee Credit Cards; and (II) Granting Related Relief (Docket No. 12) (the "Cash Management Motion") and the Debtors' receipt and disbursement of cash is consistent with the Debtors' historical cash management practices. Due to the consolidated cash management reporting system, certain cash payments may be paid out of a legal entity that is different than the legal entity at which the expenses were incurred. Also, certain cash receipts may be received in a different legal entity than the legal entity at which the accounts receivable is recorded. Disbursements attributed to each entity represent the entity on behalf of which payments were made, on a proportional allocated basis, from the consolidated cash management system.*
- 7. Supporting Documentation. At the direction of the U.S. Trustee, the following schedules are attached to the MORs: (i) Statement of Cash Receipts and Disbursements; (ii) Balance Sheet; and (iii) Income Statement (profit or loss statement).

Statement of Cash Receipts and Disbursements. Based on guidance received from the Office of the United States Trustee in connection with the completion of UST Form 11-MOR Part 1, Cash Receipts and Disbursements, reported cash receipts and

disbursements should exclude intercompany and debtor-to-debtor transactions. As a result, for those debtors with net intercompany cash outflows or inflows during the reporting period, the ending cash balances reported on Form 11-MOR Part 1 may not match the ending cash balances per the Debtors' bank statements or the Debtors' books and records. For additional information on ending cash balances per the Debtors' books and records, see the attached listing of cash account balances per Schedule MOR-1a.

Balance Sheet. Liabilities Subject to Compromise ("LSTC"): LSTC represent the Debtors' estimate of prepetition claims to be resolved in connection with the chapter 11 cases. As a result of the chapter 11 filings, the payment of prepetition liabilities are subject to compromise or other treatment under a plan of reorganization. The determination of how such liabilities will ultimately be settled or treated cannot be made until the Court approves a chapter 11 plan of reorganization. Accordingly, the ultimate amount of such liabilities is not determinable at this time. Prepetition liabilities that are subject to compromise under ASC 852 are preliminary and may be subject to, among other things, future adjustments depending on Court actions, further developments with respect to disputed claims, determinations of the secured status of certain claims, the values of any collateral securing such claims, rejection of executory contracts, continued reconciliation or other events.

As noted, although the Debtors generally prepare financial statements on a consolidated basis, these MORs are prepared on an entity-by-entity basis. The Debtors maintain separate balance sheets in their books and records for the following entities: Core Scientific Acquired Mining LLC, Core Scientific, Inc., Core Scientific Operating Company, and Radar Relay, Inc. The Debtors, however, do not maintain separate balance sheets for the remaining Debtor entities. Consequently, the balance sheets included in the MOR for these Debtors reflect no balances.

Values in the balance sheet(s) attached hereto represent rounded numbers. Accordingly, subtotals may not agree to the summation of the rounded numbers presented.

Income Statement. For purposes of this MOR, presented for the period December 21, 2022 to December 31, 2022, the income statement is the pro-rata portion of the full month of December for each Debtor.

As noted, although the Debtors generally prepare financial statements on a consolidated basis, these MORs are prepared on an entity-by-entity basis. The Debtors maintain separate income statements in their books and records for the following entities: Core Scientific Acquired Mining LLC, Core Scientific, Inc., Core Scientific Operating Company, and Radar Relay, Inc. The Debtors, however, do not maintain separate income statements for the remaining Debtor entities. Consequently, the income statements included in the MOR for these Debtors reflect no income.

8. <u>**Part 1, Cash Receipts and Disbursements**</u>. Cumulative quarter-to-date for Q4 2022 receipts and disbursements are reported in the Cumulative figures in the MOR.

Part 7 Questionnaire. Pursuant to certain orders of the Bankruptcy Court entered in the Debtors' chapter 11 cases (the "**First Day Orders**"), the Debtors were authorized (but not directed) to pay, among other things, certain prepetition claims of their employees, taxing authorities, insurers, critical vendors, and certain other prepetition creditors. Amounts paid pursuant to the First Day Orders are monitored as to limits provided in the applicable orders of the Bankruptcy Court governing payment of such prepetition obligations, and this report is available to the U.S. Trustee as required.

The postpetition borrowing, other than trade credit, includes only borrowings made under the DIP Facility.
