**Item 7.01 Regulation FD Disclosure.**

*Plan and Disclosure Statement*

As previously disclosed, on December 21, 2022, Core Scientific, Inc. (the “Company”) and certain of its affiliates (collectively, the “Debtors”) filed voluntary petitions (the “Chapter 11 Cases”) in the United States Bankruptcy Court for the Southern District of Texas (the “Bankruptcy Court”) seeking relief under Chapter 11 of Title 11 of the United States Code (the “Bankruptcy Code”). The Debtors continue to operate their business and manage their properties as “debtors-in-possession” under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code and orders of the Bankruptcy Court. Additional information about the Chapter 11 Cases, including access to Court documents, is available online at [cases.stretto.com/CoreScientific/](https://cases.stretto.com/CoreScientific/), a website administered by Stretto, Inc., a third-party bankruptcy claims and noticing agent. The information on this web site is not incorporated by reference into, and does not constitute part of, this Form 8-K.

Also, as previously disclosed, the Debtors filed with the Bankruptcy Court (i) on June 20, 2023, a proposed *Joint Chapter 11 Plan of Reorganization of Core Scientific, Inc. and its Debtor Affiliates* and a related proposed form of Disclosure Statement and (ii) on August 8, 2023, the *Amended Joint Chapter 11 Plan of Reorganization of Core Scientific, Inc. and its Debtor Affiliates* (the “Amended Plan”) and a related Disclosure Statement for the Amended Plan.

On September 7, 2023, the Debtors filed the *Second Amended Joint Chapter 11 Plan of Reorganization of Core Scientific, Inc. and its Debtor Affiliates* (the “Second Amended Plan”) and a related Disclosure Statement for the Second Amended Plan (the “Second Amended Disclosure Statement”) with the Bankruptcy Court. The Second Amended Disclosure Statement describes, among other things, the Second Amended Plan; the restructuring of the Debtors (the “Restructuring”); the events leading to the Chapter 11 Cases; certain events that have occurred or are anticipated to occur during the Chapter 11 Cases, including the anticipated solicitation of votes to approve the Second Amended Plan from certain of the Debtors’ creditors; and certain other aspects of the Restructuring.

Although the Debtors intend to pursue the Restructuring in accordance with the terms set forth in the Second Amended Plan, there can be no assurance that the Second Amended Plan will be approved by the Bankruptcy Court or that the Debtors will be successful in consummating the Restructuring or any other similar transaction on the terms set forth in the Second Amended Plan, on different terms or at all. Bankruptcy law does not permit solicitation of acceptances of a proposed Chapter 11 plan of reorganization until the Bankruptcy Court approves a disclosure statement relating to the Second Amended Plan. Accordingly, neither the Debtors’ filing of the Second Amended Plan and Second Amended Disclosure Statement, nor this Current Report on Form 8-K, is a solicitation of votes to accept or reject the Second Amended Plan. Any such solicitation will be made pursuant to and in accordance with applicable law, including orders of the Bankruptcy Court. The Second Amended Disclosure Statement is being submitted to the Bankruptcy Court for approval but has not been approved by the Bankruptcy Court to date.

Information contained in the Second Amended Plan and the Second Amended Disclosure Statement is subject to change, whether as a result of amendments or supplements to the Second Amended Plan or Second Amended Disclosure Statement, third-party actions, or otherwise, and should not be relied upon by any party. Such amendments and supplements will also be available for review and free of charge online at [cases.stretto.com/CoreScientific/](https://cases.stretto.com/CoreScientific/). Such amendments and supplements may be filed with the Bankruptcy Court without the filing of an accompanying Current Report on Form 8-K. The documents and other information available via website or elsewhere are not part of this Current Report on Form 8-K and shall not be deemed incorporated herein.

Copies of the Second Amended Plan and the Second Amended Disclosure Statement are attached as Exhibits 99.1 and 99.2, respectively, to this Current Report on Form 8-K. The foregoing description of the Second Amended Plan and Second Amended Disclosure Statement is a summary only and is qualified in its entirety by reference to the full text of the Second Amended Plan and the Second Amended Disclosure Statement.

As of the date of this filing, the Company has reached agreements in principle concerning the material terms of the Restructuring and support for the Second Amended Plan with certain, but not all, of its key stakeholders. Such agreements are embodied in the Second Amended Plan and/or will be the subject of separate motions to be filed with the Bankruptcy Court. The Company is continuing to engage in discussions with its remaining key stakeholders.

#### *Production and Operations Updates*

On September 7, 2023, the Company issued a press release announcing certain production and operations updates for the month of August 2023. A copy of the press release is attached hereto as Exhibit 99.3 and is incorporated into this Item 7.01 by reference.

The information furnished pursuant to this Item 7.01, including Exhibits 99.1 through 99.3, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) or otherwise subject to the liabilities under that Section, and shall not be deemed to be incorporated by reference into any filing of the Company under the Securities Act of 1933, as amended, or the Exchange Act.

(a) Except as set forth in section 5.20(b) hereof, the offer, issuance, and distribution under the Plan of the New Secured Notes, the New Warrants, and the New Common Interests (including those (i) issued upon the conversion of the New Secured Notes, if any and (ii) issued upon exercise of the New Warrants) shall be exempt, pursuant to section 1145 of the Bankruptcy Code, without further act or action by any Entity, from registration under (i) the Securities Act and (ii) any state or local law requiring registration for the offer, issuance, or distribution of Securities.

(b) The offer, sale, issuance, and distribution of the Rights Offering Shares to be issued pursuant to the Rights Offering shall be exempt, pursuant to section 1145 of the Bankruptcy Code, without further act or action by any Entity, from registration under (i) the Securities Act and (ii) any state or local law requiring registration for the offer, issuance, or distribution of Securities. The Backstop Shares shall be exempt, pursuant to section 4(a)(2) of the Securities Act and Regulation D thereunder, from registration under (i) the Securities Act and (ii) any state or local law requiring registration for the offer, issuance, or distribution of Securities.

(c) The offer, issuance and sale of the New Common Interests issued to the Backstop Parties under the Backstop Commitment Agreement comprising the Backstop Commitment Premium is being made in reliance on the exemption pursuant to section 1145 of the Bankruptcy Code, without further act or action by any Entity, from registration under (i) the Securities Act and (ii) any state or local law requiring registration for the offer, issuance, or distribution of Securities.

(d) The New Common Interests (other than the Backstop Shares), New Secured Notes, the New Warrants, and the New Common Interests issued (i) upon conversion of the New Secured Notes, if any and (ii) upon exercise of the New Warrants, may be resold without registration under the Securities Act or other federal securities laws pursuant to the exemption provided by section 4(a)(1) of the Securities Act, subject to (i) the provisions of section 1145(b)(1) of the Bankruptcy Code relating to the definition of an underwriter in section 2(a)(11) of the Securities Act, (ii) compliance with any rules and regulations of the Securities and Exchange Commission, if any, applicable at the time of any future transfer of such securities or instruments, (iii) applicable regulatory approval, and (iv) the transfer provisions, if any, and other applicable provisions set forth in, as applicable, the New Corporate Governance Documents, the New Secured Notes Documents, and the New Warrant Agreement.

(e) Persons who purchase the New Common Interests pursuant to the exemption from registration set forth in section 4(a)(2) of the Securities Act or Regulation D promulgated thereunder will hold "restricted securities." Such securities will be considered "restricted securities" and may not be transferred except pursuant to an effective registration statement or under an available exemption from the registration requirements of the Securities Act, such as, under certain conditions, the resale provisions of Rule 144 of the Securities Act. Transfers of such securities will also be subject to the transfer provisions, if any, and other applicable provisions set forth in the New Corporate Governance Documents.

(f) Subject to section 6.8 hereof, the Reorganized Debtors may elect, on or after the Effective Date, to reflect all or any portion of the ownership of New Common Interests, the New Secured Notes, the New Warrants, and the New Common Interests issued (i) upon conversion of the New Secured Notes, if any and (ii) upon exercise of the New Warrants, through the facilities of DTC. If the Reorganized Debtors make such election, they shall not be required to provide any further evidence other than the Plan or Confirmation Order with respect to the treatment of such applicable portion of New Common Interests, New Secured Notes or the New Common Interests issued upon conversion thereof, if any, or New Warrants or New Common Interests issued pursuant thereto, as applicable, and such Plan or Confirmation Order shall be deemed to be legal and binding obligations of the Reorganized Debtors in all respects.

---

(g) DTC and all other Persons shall be required to accept and conclusively rely upon the Plan and the Confirmation Order in lieu of a legal opinion regarding whether the New Common Interests, the New Secured Notes, the New Warrants, or the New Common Interests issued (i) upon conversion of the New Secured Notes, if any, or (ii) upon payment of the exercise price in accordance with the terms of the New Warrant Agreement, if any, are exempt from registration and/or eligible for DTC book-entry delivery, settlement, and depository services.

(h) Notwithstanding anything to the contrary in the Plan or otherwise, no Person or Entity (including, for the avoidance of doubt, DTC) may require a legal opinion regarding the validity of any transaction contemplated by the Plan, including, for the avoidance of doubt, whether the New Common Interests, the New Secured Notes, the New Warrants, or the New Common Interests issued (i) upon conversion of the New Secured Notes, if any or (ii) upon exercise of the New Warrants, are exempt from registration and/or eligible for DTC book-entry delivery, settlement, and depository services or validly issued, fully paid, and non-assessable.

#### 5.21. *Cancellation of Existing Securities and Agreements.*

Except for the purpose of evidencing a right to a distribution under the Plan and except as otherwise set forth in the Plan, including with respect to Executory Contracts or Unexpired Leases that shall be assumed by the Reorganized Debtors, or any contract, instrument, or other agreement or document created in connection with the Plan, on the Effective Date, all Interests (including, for the avoidance of doubt, any warrants), agreements, instruments, notes, certificates, mortgages, security documents, and any other instruments or documents evidencing any Claim or Interest (other than Intercompany Interests that are not modified by the Plan and the Reinstated Other Secured Claims in Class 4) and any rights of any Holder in respect thereof shall be deemed cancelled, discharged, and of no force or effect, without any further act or action under any applicable agreement, instrument, document, law, regulation, order, or rule, and the obligations of the Debtors thereunder shall be deemed fully and finally satisfied, settled, released, and discharged. Notwithstanding the foregoing, any provision in any document, instrument, lease, or other agreement that causes or effectuates, or purports to cause or effectuate, a default, termination, waiver, or other forfeiture of, or by, the Debtors or their interests, as a result of the cancellations, terminations, satisfaction, releases, or discharges provided for in this section shall be deemed null and void and shall be of no force and effect, and the Debtors shall be entitled to continue to use (in accordance with the remaining provisions of such document, instrument, lease, or other agreement) any land, facilities, improvements, or equipment financed with the proceeds of the Mortgage Agreements, Miner Equipment Lender Agreements, or the Convertible Notes Agreements, as applicable. Nothing contained herein shall be deemed to cancel, terminate, release, or discharge the obligation of the Debtors or any of their counterparties (i) under any Executory Contract or Unexpired Lease to the extent such Executory Contract or Unexpired Lease has been assumed by the Debtors pursuant to a Final Order of the Bankruptcy Court or hereunder, (ii) relating to the Reinstated Other Secured Claims in Class 4, (iii) relating to allowing the Notes Agent to enforce its rights, claims, and interest vis-à-vis any party other than the Debtors or any Released Party, (iv) relating to allowing the Notes Agent to make distributions in accordance with the Plan (if any), as applicable, (v) relating to preserving any rights of the Notes Agent to payment of fees, expenses and indemnification obligations as against any money or property distributable to holders of April Convertible Secured Notes Claims or August Convertible Secured Notes Claims, (vi) relating to allowing the Notes Agent to enforce any obligations owed to it under the Plan and perform any rights or duties, if any, related thereto, (vii) relating to allowing the Notes Agent to appear in the Chapter 11 Cases or in any proceeding in the Bankruptcy Court or any other court; and (viii) relating to permitting the Notes Agent to perform any functions that are necessary to effectuate the forgoing; *provided, further*, that notwithstanding the foregoing, nothing in this section 5.21 shall affect the discharge of Claims or Interests pursuant to the Bankruptcy Code, the Confirmation Order, or the Plan or result in any expense or liability to the Reorganized Debtors, except to the extent set forth in or provided for under the Plan.

---

### 5.22. *Cancellation of Liens.*

(a) Except as otherwise specifically provided herein, including sections 4.4 and 4.6 hereof, all notes, instruments, certificates evidencing debt of the Debtors and Existing Common Interests will be cancelled and obligations of the Debtors thereunder will be discharged and of no further force or effect, except for the purpose of allowing the applicable agents and trustees to receive distributions from the Debtors under the Plan and to make any further distributions to the applicable Holders on account of their Allowed Claims and Interests.

(b) After the Effective Date and following (i) the distributions to Holders on account of Allowed Convertible Notes Secured Claims and Allowed Miner Equipment Lender Secured Claims and/or (ii) with regard to Allowed M&M Lien Secured Claims, satisfaction of the applicable M&M Lien Takeback Debt, the Debtors or the Reorganized Debtors, at their expense, may, in their sole discretion, take any action necessary to terminate, cancel, extinguish, and/or evidence the release of any and all mortgages, deeds of trust, Liens, pledges, and other security interests with respect to the Convertible Notes Secured Claims, Miner Equipment Lender Secured Claims, and M&M Lien Secured Claims, including, without limitation, the preparation and filing of any and all documents necessary to terminate, satisfy, or release any mortgages, deeds of trust, Liens, pledges, and other security interests held by the Holders of the M&M Lien Secured Claims, Miner Equipment Lender Secured Claims, the Notes Agent, and/or Convertible Noteholders, including, without limitation, UCC-3 termination statements.

Except as otherwise provided in the Plan, the Disbursing Agent shall make all applicable Plan Distributions to the appropriate Holders of Allowed Claims and Existing Common Interests in accordance with the terms of the Plan. The Reorganized Debtors shall be authorized to cause partial distributions to be made on account of Allowed Claims and Existing Common Interests before all Claims are Allowed. The Reorganized Debtors shall also be authorized to cause distributions of New Common Interests following the Effective Date to carry out the terms of the Plan, including causing distributions to Holders of Disputed Claims that become Allowed Claims and subsequent distributions to the extent necessary to ensure that each Holder of an Allowed Claim in Classes 1, 2, 3, and 8 that is entitled to receive New Common Interests pursuant to section 4.1(c), 4.2(c)(i), 4.3(c), or 4.8(b) of the Plan, as applicable, receives a distribution of New Common Interests equal to the value to which such Holder is entitled pursuant to sections 4.1(c), 4.2(c)(i), 4.3(c), or 4.8(b) of the Plan, as applicable.

**6.2. Distribution Record Date.**

As of the close of business on the Distribution Record Date, the various transfer registers for each of the Classes of Claims or Interests as maintained by the Debtors or their respective agents, shall be deemed closed, and there shall be no further changes in the record Holders of any of the Claims or Interests. The Debtors or the Reorganized Debtors shall have no obligation to recognize any transfer of the Claims or Interests occurring on or after the Distribution Record Date. In addition, with respect to payment of any Cure Amounts or disputes over any Cure Amounts, neither the Debtors nor the applicable Disbursing Agent shall have any obligation to recognize or deal with any party other than the non-Debtor party to the applicable Executory Contract or Unexpired Lease as of the close of business on the Distribution Record Date, even if such non-Debtor party has sold, assigned, or otherwise transferred its Claim for a Cure Amount. The Distribution Record Date shall not apply to Securities deposited with DTC, the Holders of which shall receive distributions in accordance with the customary procedures of DTC.

All distributions to Convertible Noteholders shall be deemed to be made to or by the Notes Agent. Regardless of whether such distributions are made by the Notes Agent or by the Disbursing Agent at the reasonable direction of the Notes Agent, the charging liens shall attach to the property to be distributed to the Convertible Noteholders in the same manner as if such distributions were made through the Notes Agent.

---

Notwithstanding anything in the Plan to the contrary, in connection with any distribution under the Plan to be effected through the facilities of DTC (whether by means of book-entry exchange, free delivery, or otherwise), the Debtors or the Reorganized Debtors, as applicable, shall be entitled to recognize and deal for all purposes under the Plan with Holders of Claims in each Class to the extent consistent with the customary practices of DTC used in connection with such distributions. All New Common Interests or New Secured Notes to be distributed under the Plan pursuant to section 1145 of the Bankruptcy Code shall be issued in the names of such Holders or their nominees in accordance with DTC's book-entry exchange procedures or on the books and records of a transfer agent; *provided*, that such New Common Interests or New Secured Notes will only be issued in accordance with DTC book-entry procedures if the same are permitted to be held through DTC's book-entry system.

### **6.3. Date of Distributions.**

Except as otherwise provided in this Plan (including payments made in the ordinary course of the Debtors' business) or as paid pursuant to a prior Bankruptcy Court order, on the Effective Date or, if a Claim or Interest is not Allowed on the Effective Date, on the date that such Claim or Interest becomes Allowed, or, in each case, as soon as reasonably practicable thereafter, or as otherwise determined in accordance with the Plan and Confirmation Order, including, without limitation, the treatment provisions of Article IV of the Plan, each Holder of an Allowed Claim or Existing Common Interest shall receive the full amount of the distributions that the Plan provides for Allowed Claims or Existing Common Interests in the applicable Class provided in the Plan; *provided* that the Reorganized Debtors may implement periodic distribution dates to the extent they determine them to be appropriate; *provided, further*, that the Reorganized Debtors may make distributions of New Common Interests following the Effective Date, including to Holders of Disputed Claims that become Allowed Claims and subsequent distributions to the extent necessary to ensure that each Holder of an Allowed Claim in Classes 1, 2, 3, and 8 that is entitled to receive New Common Interests pursuant to section 4.1(c), 4.2(c)(i), 4.3(c), or 4.8(b) of the Plan, as applicable, receives a distribution of New Common Interests equal to the value to which such Holder is entitled pursuant to sections 4.1(c), 4.2(c)(i), 4.3(c), or 4.8(b) of the Plan, as applicable. If and to the extent that there are Disputed Claims, distributions on account of any such Disputed Claims shall be made pursuant to the provisions set forth in Article VII; *provided* that any New Common Interest and any New Warrant that are issuable to Holders of Allowed Claims but are withheld from distribution on account of a Holder of a Disputed Claim shall not be issued until such time such Disputed Claim is resolved and the New Common Interests and/or New Warrants are to be distributed. Except as specifically provided in the Plan, Holders of Allowed Claims shall not be entitled to interest, dividends, or accruals on the distributions provided for in the Plan, regardless of whether such distributions are delivered on or at any time after the Effective Date.

### **6.4. Disbursing Agent.**

All distributions under the Plan shall be made by the applicable Reorganized Debtor or applicable Disbursing Agent on or after the Effective Date or as otherwise provided herein. A Disbursing Agent shall not be required to give any bond or surety or other security for the performance of its duties, and all reasonable fees and expenses incurred by such Disbursing Agent directly related to distributions hereunder shall be reimbursed by the Reorganized Debtors.

### **6.5. Rights and Powers of Disbursing Agent.**

(a) From and after the Effective Date, each Disbursing Agent, solely in its capacity as Disbursing Agent, shall be exculpated by all Entities, including, without limitation, Holders of Claims against and Interests in the Debtors and other parties in interest, from any and all claims, Causes of Action, and other assertions of liability arising out of the discharge of the powers and duties conferred upon such Disbursing Agent by the Plan or any order of the Bankruptcy Court entered pursuant to or in furtherance of the Plan, or applicable law, except for actions or omissions to act arising out of the gross negligence or willful misconduct, fraud, malpractice, criminal conduct, or *ultra vires* acts of such Disbursing Agent. No Holder of a Claim or Interest or other party in interest shall have or pursue any claim or Cause of Action vested in a Disbursing Agent by order of the Bankruptcy Court, pursuant to the Plan, or as deemed by such Disbursing Agent to be necessary and proper to implement the provisions hereof.

---

(b) Powers of Disbursing Agent. Each Disbursing Agent shall be empowered to: (i) effect all actions and execute all agreements, instruments, and other documents necessary to perform its duties under the Plan; (ii) make all applicable distributions or payments provided for under the Plan; (iii) employ professionals to represent it with respect to its responsibilities; and (iv) exercise such other powers (A) as may be vested in such Disbursing Agent by order of the Bankruptcy Court (including any Final Order issued after the Effective Date) or pursuant to the Plan or (B) as deemed by such Disbursing Agent to be necessary and proper to implement the provisions of the Plan.

(c) Expenses Incurred on or After the Effective Date. Except as otherwise ordered by the Bankruptcy Court and subject to the written agreement of the Reorganized Debtors, the amount of any reasonable fees and expenses incurred by a Disbursing Agent on or after the Effective Date (including taxes) and any reasonable compensation and expense reimbursement Claims (including for reasonable attorneys' and other professional fees and expenses) made by the Disbursing Agent shall be paid in Cash by the Reorganized Debtors in the ordinary course of business.

**6.6. *Expenses of Disbursing Agent.***

Except as otherwise ordered by the Bankruptcy Court, any reasonable and documented fees and expenses incurred by a Disbursing Agent acting in such capacity (including reasonable and documented attorneys' fees and expenses) on or after the Effective Date shall be paid in Cash by the Reorganized Debtors in the ordinary course of business.

**6.7. *No Postpetition Interest on Claims.***

Except as otherwise specifically provided for in the Plan, the Confirmation Order, or another order of the Bankruptcy Court, postpetition interest shall not accrue or be paid on any Claims, and no Holder of a Claim shall be entitled to interest accruing on such Claim on or after the Petition Date.

**6.8. *Delivery of Distributions.***

Subject to Bankruptcy Rule 9010, all distributions to any Holder of an Allowed Claim or Existing Common Interest shall be made to a Disbursing Agent, which shall transmit such distribution to the applicable Holders of Allowed Claims and Existing Common Interests as and when required by the Plan at (i) the address of such Holder on the books and records of the Debtors or their agents or (ii) at the address in any written notice of address change delivered to the Debtors or the Disbursing Agent, including any addresses including on any transfers of Claim Filed pursuant to Bankruptcy Rule 3001. In the event that any distribution to any Holder is returned as undeliverable, no further distributions shall be made to such Holder unless and until such Disbursing Agent is notified in writing of such Holder's then-current address, at which time, or as soon thereafter as reasonably practicable, all currently-due, missed distributions shall be made to such Holder without interest. Nothing herein shall require any Disbursing Agent to attempt to locate Holders of undeliverable distributions and, if located, assist such Holders in complying with section 6.19 of the Plan.

---

Distributions of the New Common Interests or New Secured Notes to be distributed under the Plan pursuant to section 1145 of the Bankruptcy Code will be made through the facilities of DTC in accordance with DTC's customary practices; *provided* that such New Common Interests or New Secured Notes will only be issued in accordance with DTC book-entry procedures if the same are permitted to be held through DTC's book-entry system. To the extent distributions are to be made through the facilities of DTC, any distribution that otherwise would be made to any Holder eligible to receive a distribution who does not own or hold an account eligible to receive such a distribution through DTC on a relevant distribution date will be forfeited. For the avoidance of doubt, DTC shall be considered a single holder for purposes of distributions.

**6.9. *Distributions after Effective Date.***

Distributions made after the Effective Date to (i) Holders of Disputed Claims that are not Allowed Claims as of the Effective Date but which later become Allowed Claims or (ii) Holders of Allowed Claims in Classes 1, 2, 3, and 8 that are entitled to receive New Common Interests pursuant to section 4.1(c), 4.2(c)(i), 4.3(c), or 4.8(b) of the Plan, as applicable, that are necessary to ensure that each such Holder receives a distribution of New Common Interests equal to the value to which such Holder is entitled pursuant to sections 4.1(c), 4.2(c)(i), 4.3(c), or 4.8(b) of the Plan, as applicable, shall, in each case, be deemed to have been made on the Effective Date.

**6.10. *Unclaimed Property.***

One year from the later of (i) the Effective Date and (ii) the date that is ten (10) Business Days after the date of a distribution on an Allowed Claim or Existing Common Interest, all distributions payable on account of such Claim that are undeliverable or otherwise unclaimed shall be deemed unclaimed property under section 347(b) of the Bankruptcy Code and shall revert to the Reorganized Debtors or their successors or assigns, and all claims of any other Person (including the Holder of a Claim in the same Class) to such distribution shall be discharged and forever barred. The Reorganized Debtors and the Disbursing Agent shall have no obligation to attempt to locate any Holder of an Allowed Claim or Existing Common Interest other than by reviewing the Debtors' books and records, including the records of the Debtors' transfer agent(s), and the Bankruptcy Court's Filings.

**6.11. *Time Bar to Cash Payments.***

Checks issued by a Disbursing Agent in respect of Allowed Claims shall be null and void if not negotiated within ninety (90) days after the date of first issuance thereof. Thereafter, the amount represented by such voided check shall irrevocably revert to the Reorganized Debtors, and any Claim in respect of such voided check shall be discharged and forever barred, notwithstanding any federal or state escheat laws to the contrary. Requests for re-issuance of any check shall be made to the applicable Disbursing Agent by the Holder of the Allowed Claim to which such check was originally issued, prior to the expiration of the ninety (90) day period.

**6.12. *Manner of Payment under Plan.***

Except as otherwise specifically provided in the Plan, at the option of the Debtors or the Reorganized Debtors, as applicable, any Cash payment to be made hereunder by the Debtors or Reorganized Debtors may be made by a check or wire transfer or as otherwise required or provided in applicable agreements or customary practices of the Debtors.

**6.13. *Satisfaction of Claims.***

Except as otherwise specifically provided in the Plan, any distributions and deliveries to be made on account of Allowed Claims or Existing Common Interests under the Plan shall be in complete and final satisfaction, release, settlement, and discharge of and exchange for such Allowed Claims or Existing Common Interests.

---

**6.14. Fractional Stock and Notes.**

No fractional New Common Interests shall be distributed. If any distributions of New Common Interests pursuant to the Plan would result in the issuance of a fractional share of New Common Interests, then the number of shares of New Common Interests to be issued in respect of such distribution will be calculated to one decimal place and rounded up or down to the closest whole share (with a half share or greater rounded up and less than a half share rounded down). The total number of shares of New Common Interests to be distributed in connection with the Plan shall be adjusted as necessary to account for the rounding provided for in this section 6.14. No consideration shall be provided in lieu of fractional shares that are rounded down. Neither the Reorganized Debtors nor the Disbursing Agent shall have any obligation to make a distribution that is less than one (1) share of New Common Interests. Fractional shares of New Common Interests that are not distributed in accordance with this section shall be returned to, and the ownership thereof shall vest in, the Reorganized Debtors. The New Secured Notes shall be issued in a denomination of \$1.00 and integral multiples of \$1.00 and any other amounts shall be rounded down.

**6.15. Minimum Cash Distributions.**

A Disbursing Agent shall not be required to make any distribution of Cash less than one hundred dollars (\$100) to any Holder of an Allowed Claim; *provided, however*, that if any distribution is not made pursuant to this section 6.15, such distribution shall be added to any subsequent distribution to be made on behalf of such Holder's Allowed Claim.

**6.16. Setoffs and Recoupments.**

(a) Each Debtor, Reorganized Debtor, or such entity's designee as instructed by such Debtor or Reorganized Debtor, may, but shall not be required to, set off or recoup against any Claim, and any distribution to be made pursuant to the Plan on account of such Claim, any and all claims, rights, and Causes of Action of any nature whatsoever that a Debtor, Reorganized Debtor, or its successors may have against the Holder of such Claim; *provided, however*, that neither the failure to do so nor the allowance of any Claim hereunder shall constitute a waiver or release by a Debtor, a Reorganized Debtor, or its successor of any claims, rights, or Causes of Action that a Debtor, Reorganized Debtor, or its successor or assign may possess against the Holder of such Claim.

(b) In no event shall any Holder of Claims be entitled to set off any such Claim against any claim, right, or Cause of Action of the Debtor or Reorganized Debtor, unless (i) the Debtors or the Reorganized Debtors, as applicable, have consented or (ii) such Holder has Filed a motion with the Bankruptcy Court requesting the authority to perform such setoff on or before the Confirmation Date, and notwithstanding any indication in any Proof of Claim or otherwise that such Holder asserts, has, or intends to preserve any right of setoff pursuant to section 553 of the Bankruptcy Code or otherwise. Notwithstanding the foregoing, this paragraph does not create any new rights to setoff or recoupment that did not exist under any applicable law or agreement in existence prior to the Effective Date.

**6.17. Allocation of Distributions between Principal and Interest.**

Except as otherwise provided in the Plan and subject to section 6.7 of the Plan or as otherwise required by law (as reasonably determined by the Reorganized Debtors), distributions with respect to an Allowed Claim shall be allocated first to the principal portion of such Allowed Claim (as determined for United States federal income tax purposes) and, thereafter, to the remaining portion of such Allowed Claim, if any.

---

**6.18. No Distribution in Excess of Amount of Allowed Claim or Existing Common Interest.**

Notwithstanding anything in the Plan to the contrary, no Holder of an Allowed Claim or Existing Common Interest shall receive, on account of such Allowed Claim or Existing Common Interest, Plan Distributions in excess of the Allowed amount of such Claim (plus any postpetition interest on such Claim solely to the extent permitted by the Plan) or Existing Common Interest.

**6.19. Withholding and Reporting Requirements.**

(a) *Withholding Rights.* In connection with the Plan, any Person issuing any instrument or making any distribution described in the Plan (or any other related agreement) or payment in connection therewith shall comply with all applicable withholding and reporting requirements imposed by any federal, state, local or non-U.S. taxing authority, and, notwithstanding any provision in the Plan to the contrary, any such Person shall be authorized to take all actions necessary or appropriate to comply with such withholding and reporting requirements, including liquidating a portion of any distribution or payment to be made under or in connection with the Plan (or any other related agreement) to generate sufficient funds to pay applicable withholding taxes, using its own funds to pay any applicable withholding taxes and retaining a portion of the applicable distribution, withholding distributions pending receipt of information necessary or appropriate to facilitate such distributions or establishing any other mechanisms it believes are reasonable and appropriate. Any amounts withheld shall be deemed to have been distributed to and received by the applicable recipient for all purposes of the Plan. Notwithstanding the foregoing, each Holder of an Allowed Claim or Interest or any other Person that receives a distribution pursuant to the Plan or payment in connection therewith shall have the sole and exclusive responsibility for the satisfaction and payment of any tax obligations imposed by any governmental unit, including, without limitation, income, withholding, and other taxes, on account of such distribution. Any party issuing any instrument or making any distribution pursuant to the Plan has the right, but not the obligation, to not make a distribution until such Holder has made arrangements satisfactory to such issuing or disbursing party for payment of any such tax obligations. The Reorganized Debtors reserve the right to allocate all distributions made under the Plan in compliance with applicable wage garnishments, alimony, child support, and other spousal awards, Liens, and encumbrances.

(b) *Forms.* Any party entitled to receive any property as an issuance or distribution under the Plan shall, upon request, deliver to the applicable Disbursing Agent or such other Person designated by the Reorganized Debtors (which Person shall subsequently deliver to the applicable Disbursing Agent any applicable Internal Revenue Service (“IRS”) Form W-8 or Form W-9 received) an appropriate IRS Form W-9 or an appropriate IRS Form W-8 and any other forms or documents reasonably requested by any Reorganized Debtor to reduce or eliminate any withholding required by any federal, state, or local taxing authority. If such request is made by the Reorganized Debtors, the Disbursing Agent, or such other Person designated by the Reorganized Debtors or a Disbursing Agent and such party fails to comply before the date that is 180 days after the request is made, the amount of such distribution shall irrevocably revert to the applicable Reorganized Debtor and any Claim in respect of such distribution shall be discharged and forever barred from assertion against such Reorganized Debtor or its respective property.

## **ARTICLE VII. PROCEDURES FOR DISPUTED CLAIMS.**

### ***7.1. Disputed Claims Generally.***

Except as expressly provided in the Plan or in any order entered in the Chapter 11 Cases before the Effective Date (including the Confirmation Order), no Claim shall become an Allowed Claim unless and until such Claim is deemed Allowed pursuant to the Plan or Final Order, including the Confirmation Order (when it becomes a Final Order) Allowing such Claim. Except insofar as a Claim is Allowed under the Plan or was Allowed prior to the Effective Date, the Debtors or Reorganized Debtors, as applicable, shall have and retain any and all rights and defenses such Debtor has with respect to any Disputed Claim. Any objections to Claims shall be served and Filed on or before the Claim Objection Deadline. All Disputed Claims not objected to by the end of such period shall be deemed Allowed unless such period is extended upon approval of the Bankruptcy Court.

### ***7.2. Objections to Claims.***

Except insofar as a Claim is Allowed under the Plan, the Debtors or Reorganized Debtors, as applicable, shall be entitled to object to Claims. Except as otherwise expressly provided in the Plan and notwithstanding any requirements that may be imposed pursuant to Bankruptcy Rule 9019, after the Effective Date, the Reorganized Debtors shall have the authority to (i) file, withdraw, or litigate to judgment objections to Claims, (ii) settle or compromise any Disputed Claim without any further notice to or action, order, or approval by the Bankruptcy Court, and (iii) administer and adjust the Debtors' claims register to reflect any such settlements or compromises without any further notice to or action, order, or approval by the Bankruptcy Court.

### ***7.3. Estimation of Claims.***

The Debtor or Reorganized Debtors, as applicable, may at any time request that the Bankruptcy Court estimate any contingent, unliquidated, or Disputed Claim pursuant to section 502(c) of the Bankruptcy Code regardless of whether the Debtors previously objected to such Claim or whether the Bankruptcy Court has ruled on any such objection, and the Bankruptcy Court will retain jurisdiction to estimate any Claim at any time during litigation concerning any objection to any Claim, including, without limitation, during the pendency of any appeal relating to any such objection. In the event that the Bankruptcy Court estimates any contingent, unliquidated, or Disputed Claim, the amount so estimated shall constitute either the Allowed amount of such Claim or a maximum limitation on such Claim, as determined by the Bankruptcy Court. If the estimated amount constitutes a maximum limitation on the amount of such Claim, the Debtors or Reorganized Debtors, as applicable, may pursue supplementary proceedings to object to the allowance of such Claim. Notwithstanding section 502(j) of the Bankruptcy Code, in no event shall any Holder of a Claim that has been estimated pursuant to section 502(c) of the Bankruptcy Code or otherwise be entitled to seek reconsideration of such estimation unless such Holder has Filed a motion requesting the right to seek such reconsideration on or before twenty-one (21) days after the date on which such Claim is estimated.

### ***7.4. Adjustment to Claims Register Without Objection.***

Any duplicate Claim or Interest or any Claim or Interest that has been paid or satisfied, or any Claim that has been amended or superseded, may be adjusted or expunged on the claims register by the Debtors or Reorganized Debtors, as applicable, upon stipulation between the parties in interest without a Claims objection having to be Filed and without any further notice or action, order, or approval of the Bankruptcy Court.

---

**7.5. Disallowance of Claims.**

Any Claims held by Entities from which property is recoverable under sections 542, 543, 550, or 553 of the Bankruptcy Code or that is a transferee of a transfer avoidable under sections 522(f), 522(h), 544, 545, 547, 548, 549, or 724(a) of the Bankruptcy Code, shall be deemed Disallowed pursuant to section 502(d) of the Bankruptcy Code, and Holders of such Claims may not receive any distributions on account of such Claims until such time as such Causes of Action against that Entity have been settled or a Bankruptcy Court order with respect thereto has been entered and all sums due, if any, to the Debtors by that Entity have been turned over or paid to the Debtors or Reorganized Debtors, as applicable.

**7.6. No Distributions Pending Allowance.**

If an objection, motion to estimate, or other challenge to a Claim or Interest is Filed, no payment or distribution provided under the Plan shall be made on account of such Claim or Interest unless and until (and only to the extent that) such Claim or Interest becomes an Allowed Claim or Allowed Interest.

**7.7. Distributions after Allowance.**

To the extent that a Disputed Claim ultimately becomes an Allowed Claim, distributions (if any) shall be made to the Holder of such Allowed Claim in accordance with the provisions of the Plan, including the treatment provisions provided in Article IV of the Plan.

**7.8. Claim Resolution Procedures Cumulative.**

All of the Claims, objection, estimation, and resolution procedures in the Plan are intended to be cumulative and not exclusive of one another. Claims may be estimated and subsequently settled, compromised, withdrawn, or resolved in accordance with the Plan without further notice or Bankruptcy Court approval.

**7.9. Disputed Claims Reserves.**

(a) The Debtors, Reorganized Debtors or Disbursing Agent, as applicable, shall establish one or more reserves with respect to amounts that would otherwise be distributable to Holders of Claims that are Disputed Claims as of the Distribution Record Date, which reserves shall be administered by the Debtors, Reorganized Debtors, or Disbursing Agent, as applicable. In the case of New Common Interests and New Warrants, New Common Interests and New Warrants shall not be issued by the Reorganized Debtors on account of any Disputed Claims until such time as the respective Disputed Claims are resolved. In the case of cash and other property (other than New Common Interests and New Warrants), the Debtors, Reorganized Debtors or Disbursing Agent shall hold such assets in such reserve(s) in trust for the benefit of those Holders, if any, of Claims that are Disputed Claims as of the Distribution Record Date to whom such assets would be distributed had such Disputed Claims been Allowed Claims as of the Effective Date. As and when (or as soon as reasonably practicable thereafter) any Disputed Claims are resolved by a Final Order or agreed to by settlement for which New Common Interests, New Warrants, or other amounts have been withheld, (i) the Reorganized Debtors shall issue as appropriate such New Common Interests or New Warrants and (ii) the Reorganized Debtors or the Disbursing Agent, as applicable, shall distribute such New Common Interests (and any dividends that would have been payable on such New Common Interests had such New Common Interests been issued and distributed on the Effective Date), New Warrants, or other amounts (net of any expenses, including any allocable taxes incurred or payable by the Disputed Claims Reserve(s), including in connection with such distribution) on account of such Claims as such New Common Interests, New Warrants, or other amounts would have been distributable had such Disputed Claims been resolved as of the Effective Date under Articles IV and VI of the Plan.

---

(b) At such time as all Claims that are Disputed Claims as of the Distribution Record Date have been resolved, any remaining assets in the Disputed Claims Reserve(s) (net of any expenses, including any allocable taxes incurred or payable by the Disputed Claims Reserve(s), including in connection with such distribution) shall be distributed to Holders of Allowed Claims in accordance with the terms of Article IV of the Plan and, thereafter, to the Reorganized Debtors.

(c) Subject to definitive guidance from the Internal Revenue Service or a court of competent jurisdiction to the contrary, or the receipt of a determination by the Internal Revenue Service, the Debtors, the Reorganized Debtors or the Disbursing Agent, as applicable, shall treat any cash and other property held in the Disputed Claims Reserve(s) established under this section 7.9 of the Plan as one or more “disputed ownership funds” governed by Treasury Regulation section 1.468B-9 and, to the extent permitted by applicable law, report consistently with the foregoing for state and local income tax purposes. For the avoidance of doubt, New Common Interests and New Warrants which are not issued and outstanding until Disputed Claims are resolved shall not be treated as held by a disputed ownership fund for U.S. federal income tax purposes; rather, as set forth in this section 7.9, such New Common Interests and New Warrants shall be issued by the Reorganized Debtors and distributed by the Reorganized Debtors or the Disbursing Agent, as applicable, to the applicable claimant once its Disputed Claim becomes an Allowed Claim. All parties (including the Debtors, the Reorganized Debtors, the Disbursing Agent, and the Holders of Disputed Claims) shall be required to report for tax purposes consistently with the foregoing. The Reorganized Debtors or the Disbursing Agent, as applicable, may request an expedited determination of taxes under section 505(b) of the Bankruptcy Code for all returns filed for or on behalf of the Disputed Claims Reserve(s) for all taxable periods through the date on which final distributions are made.

(d) Each Disputed Claims Reserve shall be responsible for payment, out of the assets of such reserve, of any taxes imposed on the Disputed Claims Reserve or its assets. In the event, and to the extent, any Cash in the Disputed Claims Reserve is insufficient to pay the portion of any such taxes attributable to the taxable income arising from the assets of such reserve (including any income that may arise upon the distribution of the assets in such reserve) or other expenses, assets of the Disputed Claims Reserve may be sold to pay such taxes or other expenses.

**7.10. *Single Satisfaction of Claims and Interests.***

In no case shall the aggregate value of all property received or retained under the Plan on account of any Allowed Claim or Interest exceed 100 percent of the underlying Allowed Claim or Interest plus applicable interest required to be paid hereunder, if any.

**7.11. *Amendments to Claims.***

On or after the Effective Date, except as provided in the Plan or the Confirmation Order, a Claim may not be Filed or amended without the prior authorization of (i) the Bankruptcy Court or (ii) the Reorganized Debtors.

## ARTICLE VIII. EXECUTORY CONTRACTS AND UNEXPIRED LEASES.

### 8.1. *General Treatment.*

(a) As of and subject to the occurrence of the Effective Date and the payment of any applicable Cure Amount, and subject to section 8.5 of the Plan, all Executory Contracts and Unexpired Leases to which any of the Debtors are parties shall be deemed assumed, unless such contract or lease (i) was previously assumed or rejected by the Debtors, pursuant to Final Order of the Bankruptcy Court, (ii) previously expired or terminated pursuant to its own terms or by agreement of the parties thereto, (iii) is the subject of a motion to reject Filed by the Debtors on or before the Confirmation Date, or (iv) is specifically designated as a contract or lease to be rejected on the Schedule of Rejected Contracts.

(b) Subject to (i) satisfaction of the conditions set forth in section 8.1(a) of the Plan, (ii) resolution of any disputes in accordance with section 8.2 of the Plan with respect to the Executory Contracts or Unexpired Leases subject to such disputes, and (iii) the occurrence of the Effective Date, entry of the Confirmation Order by the Bankruptcy Court shall constitute approval of the assumptions or rejections provided for in the Plan pursuant to sections 365(a) and 1123 of the Bankruptcy Code. Each Executory Contract and Unexpired Lease assumed or assumed and assigned pursuant to the Plan shall vest in and be fully enforceable by the applicable Reorganized Debtor or assignee in accordance with its terms, except as modified by any provision of the Plan, any order of the Bankruptcy Court authorizing and providing for its assumption or assumption and assignment, or applicable law.

(c) To the maximum extent permitted by law, to the extent any provision in any Executory Contract or Unexpired Lease assumed pursuant to the Plan restricts or prevents, or purports to restrict or prevent, or is breached or deemed breached by, the assumption of such Executory Contract or Unexpired Lease (including any "change of control" provision), then such provision shall be deemed modified such that the transactions contemplated by the Plan shall not entitle the non-Debtor party thereto to terminate such Executory Contract or Unexpired Lease or to exercise any other default-related rights with respect thereto.

(d) The Debtors reserve the right, on or before the Effective Date, to amend the Schedule of Rejected Contracts or the Schedule of Assumed Contracts to add or remove any Executory Contract or Unexpired Lease; *provided* that the Debtors or Reorganized Debtors, as applicable, may amend the Schedule of Rejected Contracts or Schedule of Assumed Contracts to add or delete any Executory Contracts or Unexpired Leases after such date to the extent agreed with the relevant counterparties and entry of an order of the Bankruptcy Court.

### 8.2. *Determination of Assumption and Cure Disputes and Deemed Consent.*

(a) The Debtors shall File, as part of the Plan Supplement, the Schedule of Rejected Contracts and the Schedule of Assumed Contracts. At least ten (10) days before the deadline to object to Confirmation of the Plan, the Debtors shall serve a notice on parties to Executory Contracts or Unexpired Leases to be assumed, assumed and assigned, or rejected reflecting the Debtors' intention to potentially assume, assume and assign, or reject the contract or lease in connection with the Plan and, where applicable, setting forth the proposed Cure Amount (if any). If a counterparty to any Executory Contract or Unexpired Lease that the Debtors or Reorganized Debtors, as applicable, intend to assume or assume and assign is not listed on such a notice, the proposed Cure amount for such Executory Contract or Unexpired Lease shall be deemed to be Zero Dollars (\$0). **Any objection by a counterparty to an Executory Contract or Unexpired Lease to the proposed assumption, assumption and assignment, or related Cure Amount must be Filed, served, and actually**

---

received by the Debtors within fourteen (14) days of the service of the assumption notice, or such shorter period as agreed to by the parties or authorized by the Bankruptcy Court. Any counterparty to an Executory Contract or Unexpired Lease that does not timely object to the notice of the proposed assumption of such Executory Contract or Unexpired Lease shall be deemed to have assented to assumption of the applicable Executory Contract or Unexpired Lease notwithstanding any provision thereof that purports to (i) prohibit, restrict, or condition the transfer or assignment of such contract or lease; (ii) terminate or modify, or permit the termination or modification of, a contract or lease as a result of any direct or indirect transfer or assignment of the rights of any Debtor under such contract or lease or a change, if any, in the ownership or control to the extent contemplated by the Plan; (iii) increase, accelerate, or otherwise alter any obligations or liabilities of any Debtor or any Reorganized Debtor, as applicable, under such Executory Contract or Unexpired Lease; or (iv) create or impose a Lien upon any property or Asset of any Debtor or any Reorganized Debtor, as applicable. Each such provision shall be deemed to not apply to the assumption of such Executory Contract or Unexpired Lease pursuant to the Plan and counterparties to assumed Executory Contracts or Unexpired Leases that fail to object to the proposed assumption in accordance with the terms set forth in this section 8.2(a), shall forever be barred and enjoined from objecting to the proposed assumption or to the validity of such assumption (including with respect to any Cure Amounts or the provision of adequate assurance of future performance), or taking actions prohibited by the foregoing or the Bankruptcy Code on account of transactions contemplated by the Plan.

(b) If there is an Assumption Dispute pertaining to assumption of an Executory Contract or Unexpired Lease (other than a dispute pertaining to a Cure Amount), such dispute shall be heard by the Bankruptcy Court prior to such assumption being effective; *provided* that the Debtors or the Reorganized Debtors, as applicable, may settle any dispute regarding the Cure Amount or the nature thereof without any further notice to any party or any action, order, or approval of the Bankruptcy Court.

(c) To the extent an Assumption Dispute relates solely to the Cure Amount, the Debtors may assume and/or assume and assign the applicable Executory Contract or Unexpired Lease prior to the resolution of the Assumption Dispute; *provided* that the Debtors or the Reorganized Debtors, as applicable, reserve Cash in an amount sufficient to pay the full amount reasonably asserted as the required cure payment by the non-Debtor party to such Executory Contract or Unexpired Lease (or such smaller amount as may be fixed or estimated by the Bankruptcy Court or otherwise agreed to by such non-Debtor party and the applicable Reorganized Debtor).

(d) Subject to resolution of any dispute regarding any Cure Amount, all Cure Amounts shall be satisfied promptly, or otherwise as soon as practicable, by the Debtors or Reorganized Debtors, as the case may be, upon assumption or assumption and assignment, as applicable, of the underlying Executory Contracts and Unexpired Leases. Assumption or assumption and assignment, as applicable, of any Executory Contract or Unexpired Lease pursuant to the Plan, or otherwise, shall result in the full and final satisfaction, settlement, release, and discharge of any Claims or defaults, subject to satisfaction of the Cure Amount, whether monetary or nonmonetary, including defaults of provisions restricting the change in control or ownership interest composition or other bankruptcy-related defaults, arising under any assumed Executory Contract or Unexpired Lease at any time before the effective date of the assumption or assumption and assignment, as applicable. Any Proofs of Claim Filed with respect to an Executory Contract or Unexpired Lease that has been assumed or assumed and assigned, as applicable, shall be deemed disallowed and expunged, without further notice to or action, order or approval of the Bankruptcy Court or any other Entity, upon the deemed assumption of such Executory Contract or Unexpired Lease.

---

### 8.3. *Rejection Claims.*

Unless otherwise provided by an order of the Bankruptcy Court, Proofs of Claim with respect to Claims arising from the rejection of Executory Contracts or Unexpired Leases, if any, must be Filed with the Bankruptcy Court by the later of thirty (30) days from (i) the date of entry of an order of the Bankruptcy Court approving such rejection, (ii) the effective date of the rejection of such Executory Contract or Unexpired Lease, and (iii) the Effective Date. **Any Claims arising from the rejection of an Executory Contract or Unexpired Lease not Filed within such time shall be Disallowed pursuant to the Confirmation Order or such other order of the Bankruptcy Court, as applicable, forever barred from assertion, and shall not be enforceable against, as applicable, the Debtors, the Estates, the Reorganized Debtors, or property of the foregoing parties, without the need for any objection by the Debtors or the Reorganized Debtors, as applicable, or further notice to, or action, order, or approval of the Bankruptcy Court or any other Entity, and any Claim arising out of the rejection of the Executory Contract or Unexpired Lease shall be deemed fully satisfied, released, and discharged, notwithstanding anything in the Schedules, if any, or a Proof of Claim to the contrary.** Claims arising from the rejection of the Debtors' Executory Contracts or Unexpired Leases shall be classified as General Unsecured Claims and may be objected to in accordance with the provisions of section 7.2 of the Plan and applicable provisions of the Bankruptcy Code and Bankruptcy Rules.

### 8.4. *Survival of the Debtors' Indemnification Obligations.*

(a) Notwithstanding anything in the Plan (including section 10.3 of the Plan), all Indemnification Obligations shall (i) remain in full force and effect, (ii) not be discharged, impaired, or otherwise affected in any way, including by the Plan, the Plan Supplement, or the Confirmation Order, (iii) not be limited, reduced or terminated after the Effective Date, and (iv) survive unimpaired and unaffected irrespective of whether such Indemnification Obligation is owed for an act or event occurring before, on or after the Petition Date; *provided* that the Reorganized Debtors shall not indemnify officers, directors, members, or managers, as applicable, of the Debtors for any claims or Causes of Action that are not indemnified by such Indemnification Obligation. All such obligations shall be deemed and treated as Executory Contracts to be assumed by the Debtors under the Plan and shall continue as obligations of the Reorganized Debtors. Any Claim based on the Debtors' Indemnification Obligations shall not be a Disputed Claim or subject to any objection, in either case, by reason of section 502(e)(1)(B) of the Bankruptcy Code.

(b) In accordance with the foregoing, the Reorganized Debtors shall cooperate with current and former officers, directors, members, managers, agents, or employees in relation to the Indemnification Obligations assumed under the Plan, including responding to reasonable requests for information and providing access to attorneys, financial advisors, accountants, and other professionals with knowledge of matters relevant to any such claim covered by an Indemnification Obligation assumed under the Plan, including any claim or Cause of Action arising under any state or federal securities laws.

### 8.5. *Employee Arrangements and Employee Obligations.*

(a) With respect to the KERPs, any amounts outstanding pursuant to the terms and conditions of the individual participants' KERP agreements shall be paid to such KERP participants within fifteen (15) days following the Effective Date, in accordance with the terms of such KERP agreements, consistent with the KERP Order and Supplemental KERP Order and in full satisfaction of the Debtors' obligations under such KERP agreements.

---

(b) All employment agreements and offer letters shall be deemed assumed on the Effective Date as Executory Contracts pursuant to sections 365 and 1123 of the Bankruptcy Code (which assumption shall include any modifications to such employment agreements). Any such assumption shall not trigger any applicable change of control, immediate vesting, termination, or similar provisions therein, including, *e.g.*, any right to severance pay in connection with a change in control. No participant shall have rights under the assumed Employee Arrangements other than those existing immediately before such assumption (with respect to services performed prior to the Effective Date); *provided* that new rights may arise relating to the performance of services on or after the Effective Date pursuant to the terms of such assumed Employee Arrangements (*e.g.*, go-forward salary and bonus) and any vesting of rights under such Employee Arrangements will be recognized as continuous through the Effective Date (*e.g.*, annual bonus for calendar year 2023).

(c) As of the Effective Date, the Equity Incentive Plans will be terminated as to the issuance of any new equity awards under the plan and no new equity awards may be granted under the Equity Incentive Plans. Outstanding awards under the Equity Incentive Plans will be treated as follows:

- (i) *Restricted Stock*. Restricted Stock shall be Existing Common Interests treated in accordance with Class 13; *provided* that, as set forth in section 4.13 hereof, any New Common Interests distributed to Holders on account of Unvested Restricted Stock shall be subject to the same restrictions/vesting conditions applicable to such Unvested Restricted Stock as of the Effective Date. Consistent with the Equity Incentive Plans, for any Vested Restricted Stock for which tax withholding obligations have not been satisfied, the Debtors may reduce the number of New Equity Interests that would otherwise be deliverable as Plan Distributions on account of such Restricted Stock and pay the equivalent cash amount to the applicable tax authorities in respect of such tax obligations.
- (ii) *Vested RSUs*. Vested RSUs shall be deemed settled as of immediately prior to the Effective Date and shall be Existing Common Interests treated in accordance with Class 13. Consistent with the Equity Incentive Plans, for any Vested RSUs for which tax withholding obligations have not been satisfied, the Debtors may reduce the number of New Equity Interests that would otherwise be deliverable as Plan Distributions on account of such Vested RSUs and pay the equivalent cash amount to the applicable tax authorities in respect of such tax obligations.
- (iii) *Unvested RSUs*. RSU Award Agreements shall be treated as Executory Contracts under the Plan and deemed assumed on the Effective Date pursuant to sections 365 and 1123 of the Bankruptcy Code; *provided*, that the Unvested RSUs shall be the only outstanding RSUs under such RSU Award Agreements on the Effective Date (consistent with (b)(ii), above); *provided further*, that such RSU Award Agreements shall be subject to adjustment by the current Board of Directors of Debtor Core Scientific, Inc. such that the number of New Common Interests deliverable on account of Unvested RSUs, if and when such Unvested RSUs vest, shall be equal to the proportion of New Common Interests that Holders of Existing Common Interests receive as Plan Distributions on account of their Existing Common Interests (in accordance with the treatment prescribed to Class 13). Consistent with the Equity Incentive Plans, as and when the Unvested RSUs vest, to satisfy the holder's withholding tax obligations, the Debtors may reduce the number of New Equity Interests that would otherwise be deliverable on account of the assumed RSU Award Agreement and pay the equivalent cash amount to the applicable tax authorities in respect of such tax obligations.

- 
- (iv) *Stock Options*. Stock Option Award Agreements shall be treated as Executory Contracts under the Plan and deemed assumed on the Effective Date pursuant to sections 365 and 1123 of the Bankruptcy Code; *provided* that such Stock Option Award Agreements shall be subject to adjustment by the current Board of Directors of Debtor Core Scientific, Inc. such that the aggregate number of New Common Interests deliverable if all Stock Options subject to the Stock Option Award Agreement were exercised shall be equal to the proportion of New Common Interests that Holders of Existing Common Interests receive as Plan Distributions on account of their Existing Common Interests (in accordance with the treatment prescribed to Class 13).

(d) As of the Effective Date, the Debtors and the Reorganized Debtors shall continue to honor their obligations under all applicable Workers' Compensation Programs and in accordance with all applicable workers' compensation Laws in states in which the Reorganized Debtors operate. Any Claims arising under Workers' Compensation Programs shall be deemed withdrawn once satisfied without any further notice to or action, order, or approval of the Bankruptcy Court; *provided* that nothing in this Plan shall limit, diminish, or otherwise alter the Debtors' or Reorganized Debtors' defenses, Causes of Action, or other rights under applicable Law, including non-bankruptcy Law, with respect to any such Workers' Compensation Programs; *provided, further*, that nothing herein shall be deemed to impose any obligations on the Debtors in addition to what is provided for under applicable state Law.

(e) With respect to any Employee Arrangements that are Executory Contracts and are not otherwise addressed in this section 8.5, all such Employee Arrangements shall be deemed assumed on the Effective Date pursuant to sections 365 and 1123 of the Bankruptcy Code; *provided*, that any Employee Arrangements that provide for or contemplate (in whole or in part) rights to Interests (whether actual or contingent) shall not be assumed pursuant to this section 8.5(e).

(f) With respect to any Employee Arrangements that are not Executory Contracts and were not otherwise addressed in this section 8.5, all such Employee Arrangements shall be continued in the ordinary course of business following the Effective Date; *provided*, that any Employee Arrangements that provide for or contemplate (in whole or in part) rights to Interests (whether actual or contingent) shall not be continued as a result of this section 8.5(f). For the avoidance of doubt, the Equity Incentive Plans will remain effective with respect to assumed RSU Award Agreements and Stock Option Award Agreements.

#### **8.6. Insurance Policies/Claims Payable By Third Parties.**

(a) All insurance policies to which any Debtor is a party as of the Effective Date, including any D&O Policy, shall be deemed to be and treated as Executory Contracts and shall be assumed by the applicable Debtors or the Reorganized Debtors and shall continue in full force and effect thereafter in accordance with their respective terms, and all such insurance policies shall vest in the Reorganized Debtors. Coverage for defense and indemnity under the D&O Policy shall remain available to all individuals within the definition of "Insured Persons" in any D&O Policy.

(b) In addition, after the Effective Date, all officers, directors, agents, or employees who served in such capacity at any time before the Effective Date shall be entitled to the full benefits of any D&O Policy (including any "tail" policy) for the full term of such policy regardless of whether such officers, directors, agents, and/or employees remain in such positions after the Effective Date, in each case, to the extent set forth in such policies.

---

(c) In addition, after the Effective Date, the Reorganized Debtors shall not terminate or otherwise reduce the coverage under any D&O Policy (including any “tail policy”) in effect as of the Petition Date, and any current and former directors, officers, members, managers, agents or employees of any of the Debtors who served in such capacity at any time prior to the Effective Date shall be entitled to the full benefits of any such D&O Policy for the full term of such policy regardless of whether such members, managers, directors, and/or officers remain in such positions after the Effective Date to the extent set forth in such policies.

(d) In the event that the Debtors determine that an Allowed Claim is covered in full or in part under one of the Debtors’ insurance policies, no distributions under the Plan shall be made on account of such Allowed Claim unless and until, and solely to the extent that, (i) the Holder of such Allowed Claim has exhausted all remedies with respect to such insurance policy, and (ii) an insurer authorized to issue a coverage position under such insurance policy, or the agent of such insurer, issues a formal determination, which the Debtors in their sole discretion do not contest, that coverage under such insurance policy is excluded or otherwise unavailable for losses arising from such Allowed Claim. Any proceeds available pursuant to one of the Debtors’ insurance policies shall reduce the Allowed amount of a Claim on a dollar-for-dollar basis. To the extent that one or more of the Debtors’ insurers agrees to satisfy in full or in part a Claim (if and to the extent adjudicated by a court of competent jurisdiction), then immediately upon such insurers’ agreement, the applicable portion of such Claim may be expunged without a Claim objection having to be Filed and without any further notice to or action, order, or approval of the Bankruptcy Court. If an applicable insurance policy has a SIR, the Holder of an Insured Litigation Claim shall have an Allowed General Unsecured Claim or a Section 510(b) Claim, as applicable, against the applicable Debtor’s Estate solely up to the amount of the SIR that may be established upon the liquidation of the Insured Litigation Claim. Such SIR shall be considered satisfied pursuant to the Plan through allowance of the General Unsecured Claim or Section 510(b) Claim, as applicable, solely in the amount of the applicable SIR, if any; *provided*, however that nothing herein obligates the Debtors or the Reorganized Debtors to otherwise satisfy any SIR under any insurance policy. Any recovery on account of the Insured Litigation Claim in excess of the SIR established upon the liquidation of the Claim shall be recovered solely from the Debtors’ insurance coverage, if any, and only to the extent of available insurance coverage and any proceeds thereof. Nothing in this Plan shall be construed to limit, extinguish, or diminish the insurance coverage that may exist or shall be construed as a finding that liquidated any Claim payable pursuant to an insurance policy. Nothing herein relieves any Entity from the requirement to timely File a Proof of Claim by the applicable claims bar date.

#### ***8.7. Intellectual Property Licenses and Agreements.***

All intellectual property contracts, licenses, royalties, or other similar agreements to which the Debtors have any rights or obligations in effect as of the date of the Confirmation Order shall be deemed and treated as Executory Contracts pursuant to the Plan and shall be assumed by the respective Debtors and Reorganized Debtors and shall continue in full force and effect unless any such intellectual property contract, license, royalty, or other similar agreement otherwise is specifically rejected pursuant to a separate order of the Bankruptcy Court or is the subject of a separate rejection motion Filed by the Debtors in accordance with the Plan. Unless otherwise noted hereunder, all other intellectual property contracts, licenses, royalties, or other similar agreements shall vest in the Reorganized Debtors and the Reorganized Debtors may take all actions as may be necessary or appropriate to ensure such vesting as contemplated herein.

---

#### 8.8. *Assignment.*

To the extent provided under the Bankruptcy Code or other applicable law, any Executory Contract or Unexpired Lease transferred and assigned hereunder shall remain in full force and effect for the benefit of the transferee or assignee in accordance with its terms, notwithstanding any provision in such Executory Contract or Unexpired Lease (including, without limitation, those of the type set forth in section 365(b)(2) of the Bankruptcy Code) that prohibits, restricts, or conditions such transfer or assignment. To the extent provided under the Bankruptcy Code or other applicable law, any provision that prohibits, restricts, or conditions the assignment or transfer of any such Executory Contract or Unexpired Lease or that terminates or modifies such Executory Contract or Unexpired Lease or allows the counterparty to such Executory Contract or Unexpired Lease to terminate, modify, recapture, impose any penalty, condition renewal or extension, or modify any term or condition upon any such transfer and assignment, constitutes an unenforceable anti-assignment provision and is void and of no force or effect.

#### 8.9. *Modifications, Amendments, Supplements, Restatements, or Other Agreements.*

Unless otherwise provided herein or by separate order of the Bankruptcy Court, each Executory Contract and Unexpired Lease that is assumed shall include any and all modifications, amendments, supplements, restatements, or other agreements made directly or indirectly by any agreement, instrument, or other document that in any manner affects such Executory Contract or Unexpired Lease, without regard to whether such agreement, instrument, or other document is listed in the Schedule of Assumed Contracts.

#### 8.10. *Reservation of Rights.*

(a) Neither the exclusion nor inclusion of any contract or lease by the Debtors on any exhibit, schedule, or other annex to the Plan or in the Plan Supplement, nor anything contained in the Plan, will constitute an admission by the Debtors that any such contract or lease is or is not in fact an Executory Contract or Unexpired Lease or that the Debtors or the Reorganized Debtors or their respective Affiliates has any liability thereunder.

(b) Except as otherwise provided in the Plan, nothing in the Plan will waive, excuse, limit, diminish, or otherwise alter any of the defenses, Claims, Causes of Action, or other rights of the Debtors or the Reorganized Debtors under any executory or non-Executory Contract or any unexpired or expired lease.

**I.**  
**INTRODUCTION**

**A. Background and Overview of the Plan and Restructuring**

Core Scientific, Inc. and its direct and indirect subsidiaries that are debtors and debtors in possession in the above-captioned chapter 11 cases (collectively, the “**Debtors**”) submit this disclosure statement (as may be amended, supplemented, or modified from time to time, the “**Disclosure Statement**”) in connection with the solicitation of votes (the “**Solicitation**”) on the *Second Amended Joint Chapter 11 Plan of Core Scientific, Inc. and its Affiliated Debtors*, dated September [•], 2023 (the “**Plan**”), attached hereto as **Exhibit A**.<sup>2</sup>

The Debtors commenced chapter 11 cases (the “**Chapter 11 Cases**”) in the United States Bankruptcy Court for the Southern District of Texas (the “**Bankruptcy Court**”) on December 21, 2022 (the “**Petition Date**”).

The purpose of this Disclosure Statement is to provide information of a kind, and in sufficient detail, to enable Holders of April Convertible Notes Secured Claims, August Convertible Notes Secured Claims, Miner Equipment Lender Secured Claims, M&M Lien Secured Claims, Secured Mortgage Claims, General Unsecured Claims, B. Riley Unsecured Claims, and Section 510(b) Claims (collectively, “**Claims**”) against the Debtors and holders of existing common stock issued by Core Scientific, Inc. (“**Existing Common Interests**”) that are entitled to vote on the Plan to make an informed decision on whether to vote to accept or reject the Plan. This Disclosure Statement contains summaries of the Plan, certain statutory provisions, events in the Chapter 11 Cases, and certain documents related to the Plan.

The Debtors believe the Plan provides a full recovery (100% of the Claim plus postpetition interest) to all creditors (other than Holders of Section 510(b) Claims<sup>3</sup> and creditors that have agreed to take lesser treatment) and a meaningful recovery to their shareholders.

During the Chapter 11 Cases, the Debtors and their restructuring advisors, including Weil, Gotshal & Manges LLP (“**Weil**”), PJT Partners, LP (“**PJT**”), and AlixPartners, LLP (“**Alix**” and, collectively with Weil and PJT, the “**Advisors**”), engaged in discussions with the Debtors’ key stakeholder groups, including (i) the ad hoc group of the Debtors’ convertible noteholders (the “**Ad Hoc Noteholder Group**”), (ii) the official committee of unsecured creditors (the “**Creditors’ Committee**”), (iii) the official committee of equity holders (the “**Equity Committee**”), (iv) B. Riley Commercial Capital, LLC (the “**DIP Lenders**”), and (v) certain secured equipment lenders (the “**Equipment Lenders**” and collectively with the Ad Hoc Noteholder Group, the Creditors’ Committee, the Equity Committee, and the DIP Lenders, the “**Key Stakeholder Groups**”). The Debtors’ goal was to design a Plan that ensures the continuation of the Debtors’ businesses as a going concern, maximizes value, and treats all stakeholders fairly. The Debtors believe the Plan achieves such goal.

As of the date hereof, the Plan has the support of three of their five Key Stakeholder Groups: B. Riley (the DIP Lenders and the Debtors’ largest unsecured creditor), the Equipment Lenders, and the Equity Committee<sup>4</sup>. The Debtors have also reached final settlements or settlements in principle with several other creditors, including the Holders of a majority of the M&M Lien Claims, the Holders of Secured Mortgage Claims, and Celsius (the Debtors’ largest litigation claimant), as described further herein. The Plan currently does not have the support of Ad Hoc Noteholder Group or the Creditors’ Committee. Although the Debtors intend to continue to negotiate with such groups during mediation (which is currently set to expire on September 7, 2023) and thereafter, the Debtors decided that the optimal path towards emergence is to move forward with the current version of the Plan so that they may proceed to exit these Chapter 11 Cases and make distributions to stakeholders expeditiously. For any Class that ultimately rejects the Plan, the Debtors will seek confirmation of the Plan over such rejection under the “cramdown” provisions of the Bankruptcy Code.

<sup>2</sup> Capitalized terms used in this Disclosure Statement, but not defined herein, have the meanings ascribed to them in the Plan as applicable. To the extent any inconsistencies exist between this Disclosure Statement and the Plan, the Plan will govern.

<sup>3</sup> Section 510(b) Claims are defined below.

<sup>4</sup> Although the Equity Committee supports the Plan, it reserves all rights to provide further comments to the Plan and this Disclosure Statement, including to align with final terms of the Backstop Commitment Agreement (as defined below).

In addition, as further discussed below, the Debtors are in advanced discussions with multiple parties to secure committed new money exit capital for emergence and post-emergence needs, including (i) \$25 million in new money exit financing from B. Riley as part of an Exit Facility (as defined below), (ii) an equity rights offering of at least \$55 million (the “**Rights Offering**”), backstopped by the Backstop Parties (as defined below), and (iii) a \$150 million committed equity line of credit (an “**New B. Riley ELOC Facility**”) from B. Riley. Moreover, the Debtors will significantly reduce their new-money capital needs by more than \$30 million through the Bitmain Transaction (as defined below) and the Celsius Settlement (which will result in an approximate \$18.5 million reduction in new money capital needs).

*i. Overview of Restructuring*

The Plan provides for a comprehensive restructuring of the Debtors’ balance sheet and will strengthen the Debtors by substantially reducing their debt and preserving in excess of 240 jobs.

Specifically, the proposed restructuring contemplates, among other things:

- 100% recoveries to all Classes of creditors (other than Section 510(b) Claims and creditors that have agreed to accept lesser treatment) in the form of (i) equity (“**New Common Interests**”) in Core Scientific, Inc. (after the Effective Date, the “**Reorganized Parent**”), (ii) debt (“take-back debt”) issued and/or guaranteed by one or more of the Debtors (on and after the Effective Date, collectively, the “**Reorganized Debtors**”), (iii) a combination of New Common Interests and take-back debt, or (iv) reinstatement of claims, as further described in subsection 2 below.
- Distributions to Holders of Existing Common Interests in the form of (i) New Common Interests, consisting of all residual value remaining after providing recoveries to all other Claims, (ii) warrants (the “**New Warrants**”)<sup>5</sup>, and (iii) a right to subscribe for New Common Interests at a price per share that reflects a 20% discount to the Plan Equity Value, based on an Enterprise Value of \$2 billion (“**Subscription Rights**”).
- Distributions to Holders of Allowed Section 510(b) Claims (if any) in the form of (i) New Common Interests, consisting of all residual value remaining after providing recoveries to all other Claims, (ii) New Warrants, and (iii) either Cash, New Common Interests, New Warrants, or some combination thereof with a substantially similar value to the Subscription Rights.
- A minimum \$55 million Rights Offering made available to holders of Existing Common Interests, as more fully described below, which is expected to be backstopped by the Backstop Parties pursuant to a to-be-finalized backstop commitment agreement (the “**Backstop Commitment Agreement**”) and will be implemented through customary subscription documentation and procedures (the “**Rights Offering Procedures**”), which will be filed in a form and substance reasonably acceptable to the Debtors and the Backstop Parties. The Rights Offering Procedures will be subject to Bankruptcy Court approval and will be provided to all Holders of Existing Common Interests. As of the date hereof, the Debtors are close to finalizing the Backstop Commitment Agreement. Once finalized, the Debtors’ intend to file motion seeking Bankruptcy Court approval of the Backstop Commitment Agreement to be heard at the hearing to consider conditional approval of the Disclosure Statement.

<sup>5</sup> The New Warrants are comprised of two series of warrants: (i) Series A: warrants to purchase up to ten percent (10%) of the New Common Interests on a fully diluted basis which will vest upon the total enterprise value of the Reorganized Debtors being at least \$2,250,000,000 with an exercise price equal to the equity value of the New Common Interests, calculated as an enterprise value of \$2,250,000,000 less the difference of indebtedness and cash of the Reorganized Debtors at the time of vesting and (ii) Series B: warrants to purchase up to ten percent (10%) of the New Common Interests on a fully diluted basis which will vest upon the total enterprise value of the Reorganized Debtors being at least \$2,500,000,000 with an exercise price equal to the equity value of the New Common Interests, calculated as an enterprise value of \$2,500,000,000 less the difference of indebtedness and cash of the Reorganized Debtors at the time of vesting.. Each series of New Warrants will be exercisable for seven (7) years and otherwise on the terms and subject to the conditions set forth in the New Warrant Agreement.

- An approximately \$80 million delayed draw term loan from the DIP Lenders (the “**Exit Facility**”), consisting of (i) \$25 million of new money financing, (ii) a roll-up of the outstanding balance of the DIP Facility, and (iii) a roll-up of the B. Riley Unsecured Claim, which B. Riley has agreed to reduce from \$44.3 million (as of the assumed Effective Date of October 31, 2023) to \$38 million.
- A committed equity line of credit from the DIP Lenders in the amount of \$150 million (the “**New B. Riley ELOC Facility**”).
- The assumption of most Executory Contracts and Unexpired Leases of the Debtors.
- A reduction of current debt on the Debtors’ balance sheet by approximately \$54–239 million and a reduction in the Debtors’ annual debt service by approximately \$42–56 million, each depending upon certain creditor elections under the Plan.

Upon the Effective Date, the Reorganized Debtors anticipate that they will continue to be a reporting company under the Exchange Act, 15 U.S.C. §§ 78(a)–78(pp). The Reorganized Debtors anticipate using commercially reasonable efforts to have the New Common Interests listed on the NASDAQ, NYSE, or another nationally recognized exchange, as soon as reasonably practicable, subject to meeting applicable listing requirements following the Effective Date. In connection with the contemplated listing of New Common Interests, the Debtors have submitted an initial listing application to Nasdaq Global Select Market.

The below chart shows a summary of the Debtors’ estimated capital structure upon the Effective Date, assuming an Effective Date of October 31, 2023:

**ii. Key Agreements Reached With Parties in Debtors' Capital Structure**

On June 20, 2023 (the “**Initial Plan Filing Date**”), the Debtors filed the *Joint Chapter 11 Plan of Core Scientific, Inc. and its Affiliated Debtors*, dated (Docket No. 974), without the support of any of the Debtors’ Key Stakeholder Groups. After the Initial Plan Filing Date, the Debtors continued to engage in negotiations with each of the Key Stakeholder Groups and organized and participated in a global plan mediation before Judge Isgur, as further discussed below. Through these extensive good faith negotiations, the Debtors formulated the *Amended Joint Chapter 11 Plan of Core Scientific, Inc. and its Affiliated Debtors* filed on August 8, 2023 (Docket No. 1115 (the “**First Amended Plan**”), which incorporated (i) agreements in principle with the DIP Lenders, the Equipment Lenders, and the Equity Committee, (ii) exit financing from the DIP Lenders, and (iii) an equity rights offering of at least \$55 million, backstopped by the Backstop Parties. As of the date hereof, in addition to the foregoing key agreements, the Debtors have reached numerous other agreements (or agreements in principle). The Debtors continue to work to finalize and document such agreements and/or obtain separate Court approval of such agreements (as applicable). The Debtors and the parties to such agreements reserve all rights with respect to the Plan, the Disclosure Statement, and the relevant definitive documents.

Below is a summary of the Debtors’ various settlements and agreements.

**Miner Equipment Lender Settlement.** The Debtors have reached a favorable settlement (the “**Miner Equipment Lender Settlement**”) with the substantial majority of their Equipment Lenders in which the participating Equipment Lenders (each a “**Settling Equipment Lender**”)6 will vote in favor of the Plan (subject to receipt of a Court-approved Disclosure Statement) in exchange for negotiated Plan treatment, discussed in greater detail below. The Miner Equipment Lender Settlement will benefit stakeholders, as the Debtors believe the majority of the Equipment Lenders have agreed to waive recovery on a portion of their Miner Equipment Lender Claims pursuant to the Miner Equipment Lender Settlement.

**B. Riley Settlement.** The Debtors have reached an agreement in principle with B. Riley, their largest unsecured creditor and DIP Lenders, in relation to both the B. Riley Unsecured Claim and Allowed DIP Claim. The agreement provides for a reduction of the B. Riley General Unsecured Claim from approximately \$44.3 million7 to \$38 million. As part of the settlement, the DIP Lender has agreed to provide \$25 million of new money exit financing in the Exit Facility, as well as roll its Allowed DIP Claim and reduced B. Riley Unsecured Claim, into an Exit Facility. It has also agreed to provide the \$150 million New B. Riley ELOC Facility. This settlement provides substantial benefit to the Debtors, as they were unable to obtain alternative exit financing on comparable terms.

<sup>6</sup> The Settling Equipment Lenders include: Anchorage Lending CA, LLC; Barings BDC, Inc.; Barings Capital Investment Corporation; Barings Private Credit Corp.; BlockFi Lending LLC, MassMutual Asset Finance LLC; Stonebriar Commercial Finance LLC; and Trinity Capital Inc. The Settling Equipment Lenders hold, in the aggregate, approximately \$230 million of the Miner Equipment Lender Claims out of the approximately \$247 million in Miner Equipment Lender Claims.

<sup>7</sup> The B. Riley General Unsecured Claim was \$42.7 million as of the Petition Date.

---

**Equity Rights Offering / Backstop Commitment Agreement.** The Debtors have reached an agreement in principle with members of the Official Equity Committee and various other parties (collectively, the “**Backstop Parties**”) to provide a backstop commitment for \$55 million of the Rights Offering.

**Bitmain Transaction.** The Debtors have also reached an agreement in principle with Bitmain regarding a Miner purchase agreement in which the Debtors will acquire new Miners in exchange for Cash and New Common Interests, at Plan Equity Value, reducing the Debtors’ post-emergence capital expenditures. The Bitmain Transaction also demonstrates that a third party is willing to invest capital in Reorganized Debtors at Plan Equity Value by agreeing to accept approximately \$53 million of equity at Plan Equity Value in exchange for the new Miners Bitmain is selling to the Reorganized Debtors.

**Other Settlements.** The Debtors have also reached settlement agreements (or settlements in principle) with many of their other major creditors, including Celsius, Foundry, the largest Holders of M&M Lien Secured Claims, and both Holders of Secured Mortgage Claims. These settlements, which are described below in more detail, resolve sizeable Claims against the Debtors, some at a significant discount, providing additional value to the Debtors and their estates. For example, through the M&M Lien Settlements, the Debtors were able to resolve approximately \$112 million in Claims<sup>8</sup> asserted by five General Contractors through (i) cash payments in an aggregate amount of approximately \$9 million and (ii) secured and unsecured notes in the aggregate principal amount of approximately \$36.1 million, bearing interest at 5% per annum with maturities ranging from 30–36 months.<sup>9</sup>

**iii. Updates to First Amended Plan**

The current Plan has been modified to include updated treatment for the “settlement option” available to Holders of the Convertible Notes Secured Claims. Although the Ad Hoc Noteholder Group does not support the Plan, the Debtors believe certain Holders of the Convertible Notes Secured Claims may view the updated “settlement” option more favorably and may vote to accept the Plan. Most notably, the “settlement” treatment options provided to Holders of Claims in Class 1 and Class 2 are no longer conditioned on whether such classes vote to accept the Plan. As further described below in section (I)(A)(iv), the settlement options provided to Holders of Claims in Class 1 and Class 2 (i.e., the alternative to the default cram-up note) are available to each individual Convertible Noteholder at such Holder’s option, regardless of such Holder’s vote on the Plan.

The Debtors will continue to pursue a consensual plan framework with the Ad Hoc Noteholder Group and an in-person meeting between the Debtors and Ad Hoc Noteholder Group is scheduled to occur on September 7. If the Debtors do not reach a consensual resolution with the Ad Hoc Noteholder Group, the Debtors will proceed towards confirmation of the Plan. However, if the Debtors ultimately reach a deal with the Ad Hoc Noteholder Group, the Debtors will file an amended plan reflecting the terms of such settlement.

**iv. Key Plan Concepts**

Because the Debtors are solvent on a balance sheet basis (their value exceeds their debt), the Plan generally provides for a “waterfall,” where all creditors are entitled to payment in full, unless they agree to a lesser treatment, with the residual value going to the Debtors’ current equity holders (and subordinated creditors to the extent any obtain allowed claims).

**Plan Elections**

The Plan provides certain creditor Classes with individual creditor elections between different forms of recovery. Creditors must make these elections on their Ballots. In each case, the Plan provides a default option that a creditor in a Class will receive if it does not make an affirmative election on its timely filed Ballot.

<sup>8</sup> Of this \$112 million, approximately \$80.1 million were M&M Lien Secured Claims.

<sup>9</sup> Of this \$36.1 million approximately \$15.5 million of the notes are secured by a mortgage on the Cottonwood 1 Facility and \$3 million of the notes are secured by liens on the Muskogee Facility.

---

### Plan Value

As will be further described in the valuation analysis in **Exhibit D** (the “**Valuation Analysis**”), the “Plan Value” refers to the value of the new common equity (*i.e.*, the New Common Interests) to be issued pursuant to the Plan. The starting point for Plan Value is the enterprise value of the Reorganized Debtors (the “**Enterprise Value**”), which is \$2 billion. The assumptions and methodology with respect to the Enterprise Value are set forth in the Valuation Analysis. Plan Value is calculated by taking into account Enterprise Value, adding excess cash at emergence, and subtracting the total debt to be issued by the Reorganized Debtors under the Plan.

The Debtors will not know the total amount of New Debt issued under the Plan until they have received and processed the treatment elections made by Holders of Claims under the Plan. Therefore, the “Plan Value” cannot be determined prior to solicitation of the Plan. Because certain Disputed Claims may not be resolved prior to the implementation of the Plan the Reorganized Debtors may need to issue New Common Interests after the Effective Date to effectuate all issuances of New Common Interests contemplated by the Plan, including, but not limited to, to Holders of Disputed Claims following the allowance of such Claims and any additional post-Effective Date issuances to the extent necessary to ensure that each Holder of an Allowed Claim in Classes 1, 2, 3, and 8 that receives New Common Interests under the Plan receives a distribution that is equal to the value to which such Holder is entitled to under the Plan.

As additional New Common Interests or additional debt is issued to holders of Disputed Claims that are resolved after the Effective Date, the value of each existing New Common Interest will necessarily decrease. As a result, the Plan provides for the issuance of New Common Interests to Holders of Allowed Claims in Classes 1, 2, 3, and 8 that receive New Common Interests under the Plan to protect them from such dilution such that the aggregate value they receive after any subsequent issuance of New Common Interests or New Debt to Holders of Disputed Claims is equal to the value to which they are entitled under the Plan.

Holders of Interests (and Allowed Section 510(b) Claims) are entitled to the Residual Equity Pool, which is the value remaining after all payments to all creditors under the Plan, transfers of New Common Interests to Bitmain on account of the Bitmain Transaction, and all payments with regard to the Rights Offering, including the Backstop Commitment Premium.

### Substantive Consolidation

To the extent that the Bankruptcy Court determines that an impaired accepting Class of Claims is required at each Debtor entity under section 1129(a) (10) of the Bankruptcy Code, the Plan may, in the Debtors’ sole discretion, pursuant to a settlement under Bankruptcy Rule 9019 or otherwise, propose to substantively consolidate three Debtor entities (i) American Property Acquisitions VII, LLC, (ii) American Property Acquisitions I, LLC, and (iii) American Property Acquisition, LLC (collectively the “**Property Debtors**”) into their parent Debtor entity, Core Scientific Operating Company, which is the Debtors’ primary operating entity (together with the Property Debtors, the “**Substantively Consolidated Debtors**”). The Property Debtors were formed for the purpose of acquiring certain real property. Certain of the Property Debtors continue fulfil their sole function by owning the underlying real property upon which the Marble Facility and the Calvert City Facility are located, whereas the other Property Debtors no longer own the real property which they were formed to acquire. Additionally, Core Scientific Operating Company, not the Property Debtors, operates both the Marble Facility and Calvert City Facility. The Property Debtors do not make requisite payments to creditors relating to their assets, borrow or raise capital (except to serve as guarantors on certain debt), or engage in any additional business activities.

Substantive consolidation is a judicially created equitable doctrine that treats separate legal entities as if they were merged into a single consolidated surviving entity, with all the assets and liabilities becoming assets and liabilities of the consolidated survivor for certain purposes (other than inter-entity liabilities, including the Intercompany Claims, and guarantees, which are extinguished). The effect of substantive consolidation here is that the Claims against the Substantively Consolidated Debtors will be consolidated for purposes of voting on the Plan, and the Holders of such Claims will receive distributions from a common fund of the consolidated assets of the Substantively Consolidated Debtors. In the absence of consolidation, the creditors of an individual debtor could only look to the assets of that particular individual debtor to satisfy such creditor’s claim. As a result of the consolidation, a creditor of one individual debtor is treated as a creditor of the Substantively Consolidated Debtors, and issues of individual corporate ownership of assets and individual corporate liability on obligations are no longer pertinent for Plan purposes. The Plan may consolidate the Substantively Consolidated Debtors for the purposes of voting, assessing whether Confirmation standards have been met, calculating and making distributions under the Plan, and filing post-Confirmation reports and paying quarterly fees to the U.S. Trustee.

---

Specifically, if substantive consolidation is implemented, pursuant to the Confirmation Order, effective immediately prior to the occurrence of the Effective Date: (a) all assets and liabilities of the Substantively Consolidated Debtors will be deemed merged; (b) all guarantees by one Substantively Consolidated Debtor of the obligations of any other Substantively Consolidated Debtor will be deemed eliminated so that any Claim against any Substantively Consolidated Debtor and any guarantee thereof executed by any other Substantively Consolidated Debtor and any joint or several liability of any of the Substantively Consolidated Debtors shall be deemed to be a single obligation of the Substantively Consolidated Debtors; (c) each and every Claim filed or to be filed in the Chapter 11 Case of any Substantively Consolidated Debtor will be deemed filed against the Substantively Consolidated Debtors and will be deemed one Claim against and a single obligation of the Substantively Consolidated Debtors, and the Substantively Consolidated Debtors may file and the Bankruptcy Court will sustain objections to Claims for the same liability that are filed against multiple Substantively Consolidated Debtors; and (d) Intercompany Claims between any Substantively Consolidated Debtors will be eliminated and extinguished.

This consolidation will not: (i) affect the legal and corporate organizational structures of the Substantively Consolidated Debtors; (ii) affect the vesting of assets in the Substantively Consolidated Debtors; (iii) affect the rights of any Claimant with respect to the collateral securing such Claim, if any; (iv) constitute a change of control of any Substantively Consolidated Debtor for any purpose, (v) cause a merger or consolidation of any legal entity, (vi) affect executory contracts that were entered into during the Chapter 11 Cases or that have been or will be assumed, assumed and assigned, or rejected; (vii) affect the Substantively Consolidated Debtors' ability to subordinate or challenge Claims on an entity by entity basis; or (viii) prejudice the rights of any Substantively Consolidated Debtor with respect to the prosecution or defense of any Cause of Action including, but not limited to, preferential transfers and fraudulent conveyances, against any person or entity as if there was no substantive consolidation, including payments or transfers by and among the Substantively Consolidated Debtors and any related or affiliated entity prior to the Petition Date.

The Debtors believe that consolidation of the Substantively Consolidated Debtors is appropriate in this instance because:

- No creditor or equity holder will have its recovery reduced by the consolidation. Moreover, all creditors<sup>10</sup> are expected to receive a 100% recovery under the Plan.
- The financial records and accounting of the Property Debtors are hopelessly entangled with the financial records and accounting of Core Scientific Operating Company. Prior to the Petition Date, Core Scientific Operating Company and its parent Core Scientific, Inc. paid all expenses relating to the property owned by the Property Debtors and serviced the debts of the Property Debtors without accounting for such intercompany transactions on their own books and records.
- No parties relied upon the separate identities of the Substantively Consolidated Debtors.
- Without substantive consolidation of the Substantively Consolidated Debtors, most of the Debtors' creditors and equity holders may be prejudiced due to the (i) potential for certain creditors of the Property Debtors (particularly the Convertible Noteholders) to use their technical position as the only creditor group (or one of the only creditor groups) at such Property Debtors to block confirmation of the Plan to seek to obtain more than full recovery on their claims (hold-up value)<sup>11</sup> and (ii) the administrative costs associated with untangling the financial records of the Substantively Consolidated Debtors.

<sup>10</sup> Holders of Section 510(b) Claims will not receive a full recovery under the Plan. Such Claims, which are based on common stock of Core Scientific Inc. are asserted against Core Scientific, Inc., which is not a Substantively Consolidated Debtor. Holders of Section 510(b) Claims will not be impacted by the proposed substantive consolidation.

<sup>11</sup> The Debtors believe that (i) the Bankruptcy Court should apply a "per plan" approach in these cases and find that section 1129(a)(10) may be satisfied with an impaired accepting class at only one debtor; and (ii) alternatively, even if a strict "per debtor" rule is applied, the Debtors may be able to confirm the Plan without substantive consolidation because the Plan may have one or more impaired accepting classes. However, substantive consolidation provides an additional layer of protection given the uncertainty on whether the Court will adopt a "per plan" or "per debtor" view of the requirement of section 1129(a)(10) of the Bankruptcy Code.

---

### Potential Restructuring Transaction

The Debtors may enter into any transaction and take all actions contemplated by the Plan and its supplementary Restructuring Transactions Exhibit, including but not limited to (i) the execution and delivery of appropriate agreements or other documents of merger, amalgamation, consolidation, restructuring, conversion, disposition, transfer, arrangement, continuance, dissolution, sale, purchase, or liquidation containing terms that are consistent with the terms of the Plan; (ii) the execution and delivery of appropriate instruments of transfer, assignment, assumption, or delegation of any asset, property, right, liability, debt, or obligation on terms consistent with the terms of the Plan; (iii) the filing of appropriate certificates or articles of incorporation, reincorporation, merger, consolidation, conversion, amalgamation, arrangement, continuance, or dissolution pursuant to applicable state or law and (iv) any mergers, consolidations, restructurings, conversions, dispositions, transfers, formations, organizations, dissolutions, or liquidations necessary or appropriate to simplify or otherwise optimize the Debtors' organizational structure. The Debtors are considering implementing one or more of these types of transactions pursuant to the Plan for operational, tax, or other reasons. If certain assets are transferred between Debtor entities, the liabilities associated with such assets will also be transferred. Additionally, if a Restructuring Transaction is consummated that results in the merger of one or more Debtor entities issuing debt pursuant to the Plan, then the debt issued by such Debtor will be issued by the surviving Debtor entity.

In connection therewith, the Debtors are considering consolidating certain Debtor and non-Debtor entities. Additionally, the Debtors are considering eliminating the current holding company structure. Any such Restructuring Transaction will be separate from the aforementioned substantive consolidation.

#### *v. Summary of Plan Treatment*

The following summary is qualified in its entirety by reference to the full text of the Plan.

### **YOU SHOULD READ THE PLAN IN ITS ENTIRETY BEFORE VOTING TO ACCEPT OR REJECT THE PLAN.**

In accordance with applicable law, the Plan defines and treats the rights and obligations of parties based on the substance of each underlying transaction, notwithstanding the label placed on a written agreement. For example, although certain of the Miner Equipment Lender Agreements were styled as equipment leases, such agreements constitute financing agreements and any claims arising under such agreement are treated in accordance with sections 4.3 and 4.8 of the Plan.

The proposed restructuring embodied in the Plan contemplates, among other things, the following treatment of holders of Claims and Interests:

#### **DIP Claims**

The Plan provides that, on the Effective Date, each holder of an Allowed DIP Claim will receive, in the principal amount equal to such Allowed DIP Claim, the first-lien Exit Facility under the Exit Credit Agreement. As of the date hereof, \$13.6 million in principal remains outstanding under the DIP Facility. The Debtors expect the Allowed DIP Claims as of the Effective Date to total approximately \$19 million, accounting for principal plus fees and interest assuming a projected Effective Date of October 31, 2023.

---

### **Administrative Expense Claims**

The Plan provides that each holder of an Allowed Administrative Expense Claim (other than Professional Fee Claim or Restructuring Fees and Expenses) will receive Cash in full on, or as soon as reasonably practicable thereafter, the later of (i) the Effective Date and (ii) the first Business Day after the date that is thirty (30) days after the date such Administrative Expense Claim becomes an Allowed Administrative Expense Claim or such other treatment consistent with section 1129(a)(9) of the Bankruptcy Code; *provided*, that Allowed Administrative Expense Claims representing liabilities incurred in the ordinary course of business will be paid by the Debtors or Reorganized Debtors, as applicable, in the ordinary course of business, consistent with past practice and in accordance with the terms and subject to the conditions of any orders, course of dealing or agreements governing, instruments evidencing, or other documents relating to such transactions.

### **Priority Tax Claims**

The Plan provides that each holder of an Allowed Priority Tax Claim will receive, at the sole option of the Debtors or Reorganized Debtors, as applicable, (i) Cash in full on, or as soon as reasonably practicable thereafter, the later of (a) the Effective Date, (b) the first Business Day after the date that is thirty (30) days after the date such Priority Tax Claim becomes an Allowed Priority Tax Claim, and (c) the date such Allowed Priority Tax Claim is due and payable in the ordinary course, or (ii) such other treatment reasonably acceptable to the Debtors or Reorganized Debtors (as applicable) and consistent with the provisions of section 1129(a)(9) of the Bankruptcy Code.

### **Convertible Notes Secured Claims (Classes 1 and 2)**

As further discussed in section (IV)(C)(i) below, Claims arising under or related to the April NPA (the “**April Convertible Notes Secured Claims**”) are secured by liens that are senior in priority to those liens securing Claims arising under or related to the August NPA (the “**August Convertible Notes Secured Claims**”). Accordingly, the April Convertible Notes Secured Claims (Class 1) and the August Convertible Notes Secured Claims (Class 2) have been separately classified under the Plan.

- (a) April Convertible Notes Secured Claims (Class 1)

### ***Allowance***

Pursuant to the Plan, the Debtors are requesting allowance of the April Convertible Notes Secured Claims in the following manner:

- If the Holder of an April Convertible Notes Secured Claim timely elects the April Convertible Noteholder Treatment Settlement Election, such Holder’s Claim will be Allowed in the amount of such Holder’s Pro Rata Share of the Settled April Convertible Notes Secured Claims Amount, which is: (i) \$316,581,246.28, which is the sum of (x) the principal amount of April Convertible Notes, plus (y) accrued and unpaid interest at ten percent (10%) per annum through the Petition Date, plus (z) \$76,955,046.00 in accreted original issue discount through the Petition Date, plus (ii) accrued interest at ten percent (10%) from the Petition Date through the Effective Date. This amount would constitute a settlement, pursuant to Bankruptcy Rule 9019, of the dispute between the Debtors and the Holders of April Convertible Notes Secured Claims as to whether the Debtors owe any amounts in respect of the 2X Amount (as defined below).
- If the Holder of an April Convertible Notes Secured Claim does not timely elect the April Convertible Noteholder Treatment Settlement Election, such Holder’s Claim will be Allowed in the amount of such Holder’s Pro Rata Share of the Allowed Non-Settled April Convertible Notes Secured Claims Amount, which is: (i) the aggregate amount of (a) \$239,626,200.28<sup>12</sup> plus (b) accrued interest at ten percent (10%) from the Petition Date through the Effective Date or (ii) such higher amount as determined by Final Order.<sup>13</sup>

---

<sup>12</sup> This amount is calculated as the sum of the principal amount of April Convertible Notes plus accrued and unpaid interest at ten percent (10%) per annum through the Petition Date.

<sup>13</sup> If the Bankruptcy Court disagrees with the Debtors’ position that no portion of the 2X Amount is payable, then it may allow the April Convertible Notes Secured Claims in a higher amount.

---

## **Treatment**

### *Default Treatment*

Except to the extent that a Holder of a April Convertible Notes Secured Claim (i) agrees to a less favorable treatment of such Claim or (ii) timely elects on its Ballot the treatment election option described below, each Holder of an April Convertible Notes Secured Claim will receive, on the Effective Date or as soon as reasonably practicable thereafter, a New April Secured Note (Default) in the principal amount of such Holder's Pro Rata Share of the Allowed Non-Settled April Convertible Notes Secured Claims Amount (the "**Default April Convertible Noteholder Treatment**"):

### *Treatment Settlement Election*

In lieu of the Default April Convertible Noteholder Treatment above, each Holder of an Allowed April Convertible Notes Secured Claim may make the following elections on such Holder's Ballot:

A distribution of New Notes in the principal amount equal to an elected percentage (up to one hundred percent (100%)) of such Holder's Pro Rata Share of the Settled April Convertible Notes Secured Claims Amount (the "**Elected Percentage**").

A distribution if applicable, on account of the Holder's remaining Pro Rata Share of the Settled April Convertible Notes Secured Claims Amount after taking into account the above Elected Percentage (the "**Remaining Claim Amount**") comprised of:

- A New April Secured Note (Option 1) in the principal amount of fifty percent (50%) of the Remaining Claim Amount; and
- New Common Interests (with a value based on Plan Value), equal to fifty percent (50%) of the Remaining Claim Amount.

If Holders in Class 1 elect more than \$150,000,000 in New Notes in the aggregate, each Holder's distribution shall be reduced on a pro rata basis so that the aggregate amount of New Notes equals \$150,000,000. On account of the value of such Holder's Claim remaining after the reduction (the "**Oversubscribed Remaining Claim Amount**"), such Holder will receive a 50/50 split of New April Secured Note (Option 1) and New Common Interests in the amount of such Holder's Oversubscribed Remaining Claim Amount.

### **Allowance**

Pursuant to the Plan the Debtors are requesting allowance of the August Convertible Notes Secured Claims as follows (the "**Allowed August Convertible Notes Secured Claims Amount**"): (i) the aggregate amount of (a) \$325,167,300.73<sup>14</sup> plus (b) accrued interest at ten percent (10%) per annum from the Petition Date through the Effective Date or (ii) such higher amount as determined by Final Order.<sup>15</sup>

<sup>14</sup> This amount is calculated as the sum of the principal amount of August Convertible Notes plus accrued and unpaid interest at ten percent (10%) per annum through the Petition Date,

<sup>15</sup> If the Bankruptcy Court disagrees with the Debtors' position that no portion of the 2X Amount is payable, then it may set a higher Allowed August Convertible Notes Secured Claims Amount.

---

## ***Treatment***

### ***Default Treatment***

Except to the extent that a Holder of an August Convertible Notes Secured Claim (i) agrees to a less favorable treatment of such Claim or (ii) timely elects on its Ballot the treatment election option described below, each Holder of an August Convertible Notes Secured Claim will receive, on the Effective Date or as soon as reasonably practicable thereafter, a New August Secured Note (Default) in the principal amount of such Holder's Pro Rata Share of the Allowed August Convertible Notes Secured Claims Amount (the "**Default August Convertible Noteholder Treatment**"):

### ***Treatment Settlement Election***

In lieu of the Default August Convertible Noteholder Treatment above, each Holder of an Allowed August Convertible Notes Secured Claim may elect on such Holder's Ballot to receive the following distribution:

A New August Secured Note (Option 1) in the principal amount of fifty percent (50%) of such Holder's Pro Rata Share of the Allowed August Convertible Notes Secured Claims Amount; and

New Common Interests (with a value based on Plan Value), equal to fifty percent (50%) of such Holder's Pro Rata Share of the Allowed August Convertible Notes Secured Claims Amount;

## **Miner Equipment Lender Claims (Class 3)**

### ***Bifurcation and Allowance***

Pursuant to the Plan, Claims held by each Equipment Lender (collectively the "**Miner Equipment Lender Claims**") will be bifurcated into (i) a secured Claim equal to the value of the collateral securing the Miner Equipment Lender Claim (collectively, the "**Miner Equipment Lender Secured Claims**") and (ii) an unsecured Claim for amounts in excess of the applicable collateral value (collectively the "**Miner Equipment Lender Deficiency Claims**"). Miner Equipment Lender Deficiency Claims shall be treated as General Unsecured Claims and shall vote in Class 8.

Pursuant to the Plan, the Debtors seek allowance of Miner Equipment Lender Secured Claims and Miner Equipment Lender Deficiency Claims held by each Equipment Lender as set forth on Exhibit L attached to the Plan (the "**Miner Equipment Lender Claims Schedule**"). Any interest accruing on Allowed Miner Equipment Lender Claims from the Petition Date through the Effective Date shall accrue at 4.64% per annum, which is the federal judgment rate as provided under 28 U.S.C. § 1961(a), calculated as of the Petition Date (the "**Federal Judgment Rate**"), and shall be added to the Miner Equipment Lender Deficiency Claim.

### ***Treatment***

Each holder of a Miner Equipment Lender Secured Claim will have three options for treatment of its Claim. To receive any option other than the Default Miner Equipment Lender Treatment (described below), Holders of Miner Equipment Lender Secured Claims must elect such option on a timely submitted Ballot. Any holder of a Miner Equipment Lender Secured Claim that does not properly elect an option will receive the Default Miner Equipment Lender Treatment.

---

*Default Treatment*

Except to the extent that a Holder of a Miner Equipment Lender Secured Claim timely elects on its Ballot one of the treatment election options described below, each Holder of an Allowed Miner Equipment Lender Secured Claim will receive, on the Effective Date or as soon as reasonably practicable thereafter, the following treatment (the “**Default Miner Equipment Lender Treatment**”):

- **Miner Equipment Lender Takeback Debt**—secured debt to be issued by the Debtor that is party to the applicable Miner Equipment Lender Agreement in the principal amount of each applicable Holder’s Miner Equipment Lender Secured Claim, on the terms and conditions set forth in the term sheet attached as Exhibit H to the Plan (the “**New Equipment Lender Debt Term Sheet (Default)**”); and
- **Deficiency Claim Treatment**—Any Allowed Miner Equipment Lender Deficiency Claim (in accordance with the Miner Equipment Lender Claims Schedule) shall be treated in Class 8 as a General Unsecured Claim.

***Potential Treatment Elections***

In lieu of the Default Miner Equipment Lender Treatment above, each Holder of an Allowed Miner Equipment Lender Secured Claim may elect one of the following settlement options:

- **Miner Equipment Lender Treatment Election 1** – Such Holder may elect to receive New Common Interests with a value, based on Plan Value, equal to one hundred percent (100%) of such Holder’s Allowed Miner Equipment Lender Secured Claim. Such Holder’s Miner Equipment Lender Deficiency Claim will be treated in Class 8 as a General Unsecured Claim in accordance with the terms and provisions set forth in section 4.8 of the Plan.
- **Miner Equipment Lender Treatment Election 2** – Any Holder that is a Settling Equipment Lender may elect to receive secured debt to be issued by the Debtor that is party to the applicable Miner Equipment Lender Agreement in the principal amount of eighty percent (80%) of each applicable Holder’s Allowed Miner Equipment Lender Claim, on the terms and conditions set forth in the term sheet attached as Exhibit I to the Plan (the “**New Equipment Lender Debt Term Sheet (Election 2)**”). Each Holder’s applicable Miner Equipment Lender Takeback Debt (Election 2) will be secured by such Holder’s prepetition collateral and such Holder’s pro rata share of the Settling Miner Equipment Lender Additional Collateral (as defined below). By electing this treatment, such Holder will have agreed to waive any additional recovery on account of its Miner Equipment Lender Deficiency Claim in Class 8.

Pursuant to the Miner Equipment Lender Settlement, the Debtors have agreed to grant the Settling Equipment Lender additional collateral comprised of up to \$52,500,000 of the first unencumbered Miners acquired by the Reorganized Debtors after the Effective Date (the “**Settling Miner Equipment Lender Additional Collateral**”). Each Settling Equipment Lender that elects Miner Equipment Lender Takeback Debt (Election 2) will receive an amount of the Settling Miner Equipment Lender Additional Collateral calculated as \$52,500,000 multiplied by the quotient of such Settling Equipment Lender’s Allowed Miner Equipment Lender Claim (as of the Petition Date) divided by the aggregate amount of all Allowed Miner Equipment Lender Claims (as of the Petition Date); provided that the amount of the Additional Collateral allocated to each Settling Equipment Lender shall be reduced on a pro rata basis to the extent more than 15% (based on claim size) of the Settling Equipment Lenders do not elect Miner Equipment Lender Takeback Debt (Election 2); provided, however, such Settling Equipment Lenders may agree to allocate such Additional Collateral amongst themselves in a different manner than as set forth herein upon written notice to the Debtors prior to the start of the Confirmation Hearing. For the avoidance of all doubt, any amount of available collateral under the \$52,500,000 cap that is not apportioned to a Settling Equipment Lender will not be included in the Settling Miner Equipment Lender Additional Collateral.

---

**Other Secured Claims (Class 4)**

The Other Secured Claims in Class 4 consist of the Secured Claims held by (i) all non-miner equipment lenders (the “**Non-Miner Equipment Lenders**”) and (ii) Bremer Bank, National Association arising from the Bremer Agreements, which is a non-miner equipment lender that also has real estate collateral.

***Treatment***

On the Effective Date, all Allowed Other Secured Claims will be reinstated in accordance with section 1124(2) of the Bankruptcy Code.

**M&M Lien Secured Claims (Class 5)**

As further detailed in section (IV)(C)(v) of the Disclosure Statement, M&M Lien Secured Claims in Class 5 consist of the Claims that are secured by mechanics’, materialmens’, workmens’, and repairmens’ Liens and other similar Liens and encumbrances arising under state law (the “**M&M Liens**”) for the provision by General Contractors and Subcontractors of labor, materials, equipment and/or services in connection with the construction, development or improvement of any real property owned or leased by any Debtor.

***Allowance***

Pursuant to the Plan, the Debtors seek allowance of the M&M Lien Secured Claims as set forth on Exhibit K attached to the Plan (the “**M&M Lien Claims Schedule**”). The M&M Lien Claims Schedule also sets forth the applicable collateral securing each M&M Lien Secured Claim and reflects the proposed allowed amount of any General Unsecured Claims held by any General Contractor or Subcontractor. All Subcontractor Claims are Disallowed under the Plan; however, Subcontractors retain their M&M Liens to the extent set forth on the M&M Lien Claims Schedule.

***Treatment***

On the Effective Date, or as soon reasonably practicable thereafter, each Holder of an Allowed M&M Lien Secured Claim, to the extent not resolved pursuant to an M&M Lien Settlement (in which case, such Holder’s recovery shall be limited to the terms of the applicable M&M Lien Settlement and shall not be entitled to any recovery under the Plan), will receive secured debt (the “**M&M Lien Takeback Debt**”) issued by the applicable Debtor that owns or leases the real property encumbered by the applicable M&M Lien, in each case in the principal amount equal to the amount of the applicable M&M Lien Secured Claim, on the terms and conditions set forth in the term sheet attached as Exhibit J to the Plan (the “**New M&M Lien Debt Term Sheet**”).

(b) Duplicate Subcontractor Liens

To the extent any Subcontractor has filed an M&M Lien against real property owned or leased by a Debtors with respect to amounts which are secured, in duplication, by an M&M Lien filed by a General Contractor and evidenced by such General Contractor’s M&M Secured Lien Claim, as set forth on the M&M Lien Claims Schedule, then the Reorganized Debtors will (i) issue M&M Lien Takeback Debt with respect to any such amounts secured in duplication in favor of the General Contractor only as the Holder of the M&M Lien Secured Claim and (ii) repay the M&M Lien Takeback Debt issued to each such General Contractor by making payments directly to the General Contractor and each Subcontractor, pro rata in the percentages set forth next to each such General Contractor and Subcontractor on the M&M Lien Claims Schedule, subject to the terms and provision set forth in section 4.5 of the Plan.

Each payment made directly to a Subcontractor shall reduce the amount of such General Contractor’s M&M Secured Lien Claim, such General Contractor’s M&M Lien, and such Subcontractor’s M&M Lien, in each case on a dollar-for-dollar basis.

(c) Limitation on Enforcement Remedies

Unless and until there is an Event of Default (as defined in the New M&M Lien Debt Term Sheet) under the terms of the applicable M&M Lien Takeback Debt, each Person asserting an M&M Lien shall be precluded from foreclosing or otherwise enforcing such M&M Lien or otherwise taking adverse action against the applicable Debtor with regard to the amounts secured by such M&M Lien.

(d) Extinguishment of M&M Liens

Any M&M Lien (i) of a Subcontractor, (ii) of a General Contractor, or (iii) otherwise securing an Allowed M&M Lien Secured Claim and/or M&M Lien Takeback Debt will be fully and finally extinguished upon the repayment in full of all amounts payable under the applicable M&M Lien Takeback Debt, which may be evidenced by recording in the applicable real property records a final, unconditional lien waiver, release of lien, and such other documents or certificates required to fully and unconditionally release any such M&M Lien.

Pursuant to the Plan, the Debtors and Reorganized Debtors, as applicable, are authorized to record (and granted power of attorney to effectuate such recordation) such final, unconditional lien waiver, release of lien, and such other documents or certificates required to fully and unconditionally release any such M&M Lien in the applicable real property records, and each applicable clerk is directed to accept such documentation.

Any M&M Lien that is not listed on the M&M Lien Claim Amounts Schedule will be extinguished upon the Effective Date of the Plan.

**Secured Mortgage Claims (Class 6)**

***Allowance***

The Secured Mortgage Claims in Class 5 consist of the (i) Secured Mortgage Claim (Brown), (ii) the Secured Mortgage Claim (Hollywood). Pursuant to the Plan, the Debtors seek allowance of Secured Mortgage Claims against Debtor American Property Acquisition, LLC in the following manner:

- **Secured Mortgage Claim (Brown)** shall be Allowed in the amount of \$187,819.93.
- **Secured Mortgage Claim (Hollywood)** shall be Allowed in the amount of \$571,961.55, plus post-petition interest accruing at ten-percent (10%), plus reasonable and documented legal fees and expenses of Hollywood LLC relating to the Secured Mortgage Claim (Hollywood) and the Chapter 11 Cases.

***Treatment***

Each Holder of an Allowed Secured Mortgage Claim will have two options for treatment of its Claim. To select the Mortgage Treatment Election (option 2 below), holders must elect such option on a timely submitted Ballot. Any holder that does not properly elect the Mortgage Treatment Election will receive the Default Mortgage Treatment.

(a) Default Mortgage Treatment (Option 1)

Except to the extent that a Holder of an Allowed Secured Mortgage Claim timely elects the Mortgage Treatment Election on its Ballot, such Holder will have its Mortgage Agreements (and any applicable related documents) of Holders amended to include a maturity date of December 31, 2025.

(b) Mortgage Treatment Election

In lieu of the default treatment above, each Holder of an Allowed Secured Mortgage Claim may elect on its Ballot to receive, no later than 60 days following the Effective Date, Cash in an amount equal to ninety-five percent (95%) of such Holder's Allowed Secured Mortgage Claim (the "**Mortgage Treatment Election**").

---

### **General Unsecured Claims (Class 8)**

General Unsecured Claims consist of all Claims that are not Secured Claims, Priority Tax Claims, Priority Non-Tax Claims, Professional Fee Claims, DIP Claims, Intercompany Claims, Section 510(b) Claims, B. Riley Unsecured Claims, or Administrative Expense Claims. General Unsecured Claims include (i) Miner Equipment Lender Deficiency Claims, (ii) all Claims arising from litigation against a Debtor including Insured Litigation Claims and excluding Section 510(b) Claims (the “**Litigation Claims**”), (iii) all unsecured Claims arising from General Contracts (the “**General Contractor Unsecured Claims**”), (iv) all Claims of the Debtors’ utility providers (“**Utility Unsecured Claims**”), and (v) other unsecured Claims against the Debtors (collectively, the “**Other Unsecured Claims**”).

The Debtors estimate the General Unsecured Claims (not including any Miner Equipment Lender Deficiency Claims) to total approximately \$32.6 million (not including postpetition interest), as detailed in section (IV)(C)(vii)(c) below, although certain Claims are Disputed and may be Allowed at higher amounts than estimated.

The Debtors estimate that the Miner Equipment Lender Deficiency Claims are equal to \$185.2 million (not including postpetition interest), but the Debtors are unable to estimate the recoveries on account Miner Equipment Lender Deficiency Claims at this time due to the potential for a Holder of a Miner Equipment Lender Secured Claim to elect Miner Equipment Lender Treatment Election 2 and thereby waive its recovery on account of Miner Equipment Lender Deficiency Claim. Based on the Miner Equipment Lender Settlement, the Debtors believe that most of the Equipment Lenders intend to opt for the Miner Equipment Lender Treatment Election 2 and will, therefore, waive their recoveries on such Miner Equipment Lender Deficiency Claims and not receive a recovery in Class 8.

### ***Treatment***

Except to the extent a Holder of a General Unsecured Claim has agreed to waive its recovery on its General Unsecured Claim (such as certain of the Settling Miner Equipment Lenders) or agrees to less favorable treatment of such Claim, each Holder of a General Unsecured Claim will receive New Common Interests with a value, based on Plan Value (see description of Plan Value above), equal to one-hundred percent (100%) of such Holder’s Allowed General Unsecured Claim. All Allowed General Unsecured Claims will accrue interest at the Federal Judgment Rate from the Petition Date to the Effective Date.

### **B. Riley Unsecured Claims (Class 9)**

In connection with the B. Riley Settlement, each Holder of an Allowed B. Riley Unsecured Claim shall receive, taking into account the commitments made by BRF Finance Co., LLC and B. Riley Principal Capital II, LLC pursuant to the Exit Facility and the New B. Riley ELOC Facility, respectively, on the Effective Date, or as soon as reasonably practicable thereafter conversion into the Exit Facility in the principal amount equal to \$38 million (the “**Settled B. Riley Unsecured Claims Amount**”), which is a reduction of \$6.3 million (greater than a 10% reduction) relative to total B. Riley Unsecured Claims assuming an Effective Date of October 31, 2023. For the avoidance of doubt, and in connection with the B. Riley Settlement, any additional recovery on account of the B. Riley Unsecured Claims shall be waived.

### **Section 510(b) Claims (Class 12)**

Section 510(b) Claims in Class 11 consist of any Claim against any Debtor (i) arising from the rescission of a purchase or sale of an Interest of any Debtor or an Affiliate of any Debtor (including the Existing Common Interests); (ii) for damages arising from the purchase or sale of such Interest; or (iii) for reimbursement or contribution Allowed under section 502 of the Bankruptcy Code on account of such a Claim. Section 510(b) Claims include both (i) Claims asserted or assertable against the Debtors in the Securities Class Action (as defined below) and (ii) proofs of claim (each a “**POC**”) Nos. 52, 54, 81, 82, 241, 351, 556, and 632, including the Securities Class Action POC (as defined below).

In accordance with section 510(b) of the Bankruptcy Code, each Allowed Section 510(b) Claim (i) is subordinated to all Claims, (ii) has the same priority as the Existing Common Interests (Class 13), and (iii) will receive treatment of the same value as the Existing Common Interests (Class 13).

---

### ***Treatment***

Each Holder of a Section 510(b) Claim will receive, on the Effective Date, or as soon as reasonably practicable thereafter, (i) such Holder's Pro Rata Equity Share (as defined below) of the Residual Equity Pool and (b) such Holder's Pro Rata Equity Share of New Warrants, and (iii) in lieu of the ability to participate in the Rights Offering, such Holders will receive, Cash, New Common Interests, or New Warrants, at the option of the Debtors or Reorganized Debtors, as applicable, in an amount equal to the value of the Subscription Rights that would have been distributable to such Holder if Subscription Rights were distributed to Holders in Class 12.

"Pro Rata Equity Share" is calculated by taking the amount of asserted Section 510(b) Claims divided by the amount of asserted 510(b) Claims and Existing Common Interests, valuing such Existing Common Interests as being equal to the entire value of the New Common Interests in the Residual Equity Pool, the New Warrants, and the Subscription Rights for purposes of this calculation.

For example, if there are (i) \$100 million of Allowed Section 510(b) Claims, (ii) 400 million shares of Existing Common Interests, and (iii) a \$1.5 billion value of New Common Interests in the Residual Equity Pool, the Section 510(b) Class would receive 6.25% of the New Common Interests, which would be a recovery of \$93.75 million in New Common Interests. This is calculated by assuming the value of Existing Common Interests is equal to the \$1.5 billion of value of New Common Interests in the Residual Equity Pool and providing the Holders of Allowed Section 510(b) Claims a recovery equal to \$100 million over the total assumed value of the Existing Common Interests plus the Allowed Section 510(b) Claims (\$1.5 billion plus \$100 million), which leads to the Allowed 510(b) Claims receiving 6.25% of the New Common Interests. The Holders of Existing Common Interests would receive the remaining 93.75% of the shares of New Common Interests in the Residual Equity Pool (\$1.406 billion of New Common Interests) or \$3.52 per share

The "Residual Equity Pool" is comprised of all remaining New Common Interests following distributions of New Common Interests to (i) Holders of Allowed April Convertible Notes Secured Claims, (ii) Holders of Allowed August Convertible Notes Secured Claims, (iii) Holders of Allowed Miner Equipment Lender Secured Claims, (iv) Holders of Allowed General Unsecured Claims, (v) Holders of Existing Common Interests that participate in the Rights Offering on account of Rights Offering Shares, and (vi) the Backstop Parties on account of the Backstop Commitment Premium. For the avoidance of doubt, the following shall dilute the Residual Equity Pool: (i) the Rights Offering Shares and (ii) the New Common Interests issued (a) upon conversion of the New Secured Notes, (b) upon exercise of the New Warrants, (c) pursuant to the Management Incentive Plan, and (d) pursuant to the assumed Stock Option Award Agreements and RSU Award Agreements (if and when the Stock Options and Unvested RSUs are exercised or become vested, respectively).

### **Existing Common Interests (Class 13)**

Each Holder of an Existing Common Interest will receive, on the Effective Date, or as soon as reasonably practicable thereafter, (i) the right to participate in the Rights Offering in accordance with the Rights Offering Procedures, (ii) such Holder's Pro Rata Equity Share of the Residual Equity Pool (which shall be distributed to Holders of Existing Common Interests on the Effective Date, or as soon as reasonably practicable thereafter), and (iii) such Holder's Pro Rata Equity Share of the New Warrants;

The amount of Pro Rata Equity Share the Holders of Existing Common Interests will receive, in the aggregate, is calculated by taking the amount of Existing Common Interests divided by the amount of Allowed Section 510(b) Claims and Existing Common Interests valuing such Existing Common Interests as being equal to the entire value of the New Common Interests in the Residual Equity Pool, the New Warrants, and the Subscription Rights for purposes of this calculation.

With respect to any Existing Common Interests that are Unvested Restricted Stock, any New Common Interests distributed to Holders on account of such Unvested Restricted Stock will be subject to the same restrictions/vesting conditions applicable to such Unvested Restricted Stock as of the Effective Date.

Please see the calculation example under the description of how New Common Interests in the Residual Equity Pool are allocated between Section 510(b) Claims (Class 12) and Existing Common Interests (Class 13).

**B. Pro Forma Equity Chart**

The chart below provides the percentage of New Common Interests the Debtors estimate will be held by various parties as of the Effective Date, based on certain assumptions, including regarding Allowed Claims, as discussed herein. If Claims are Allowed in amounts different than the Debtors' estimate, the percentages below may differ from the estimates.

This percentage also assumes that Settling Equipment Lenders Wingspire Equipment Finance LLC f/k/a Liberty Commercial Finance LLC and 36<sup>th</sup> Street Capital Partners LLC elect the Default Miner Equipment Lender Treatment.

### **SUMMARY OF PLAN CLASSIFICATION AND TREATMENT OF CLAIMS**

#### **A. Voting Classes**

Pursuant to the Bankruptcy Code, only Holders of Claims or Interests in "impaired" Classes are entitled to vote on the Plan (unless, for reasons discussed in more detail below, such Holders are deemed to reject the Plan pursuant to section 1126(g) of the Bankruptcy Code). Under section 1124 of the Bankruptcy Code, a Class of Claims or Interests is deemed to be "impaired" unless (i) the Plan leaves unaltered the legal, equitable, and contractual rights to which such Claim or Interest entitles the Holder thereof or (ii) notwithstanding any legal right to an accelerated payment of such Claim or Interest, the Plan cures all existing defaults (other than defaults resulting from the occurrence of events of bankruptcy) and reinstates the maturity of such Claim or Interest as it existed before the default.

The groups of Claims or Interests classified as set forth in Plan (each group a "Class") include Holders of Claims and Interests in the following Classes (the "Non-Voting Classes", and each a "Non-Voting Class") are deemed unimpaired, and therefore are not entitled to vote on, the Plan:

- Other Secured Claims (Class 4)
- Priority Non-Tax Claims (Class 7)
- Intercompany Claims (Class 10)
- Intercompany Interests (Class 11)

Holders of Claims and Interests in the following Classes (the "Voting Classes", and each a "Voting Class") are being solicited under, and are entitled to vote on, the Plan:

- April Convertible Notes Secured Claims (Class 1)
- August Convertible Notes Secured Claims (Class 2)
- Miner Equipment Lender Secured Claims (Class 3)
- M&M Lien Secured Claims (Class 5)
- Secured Mortgage Claims (Class 6)
- General Unsecured Claims (Class 8)
- B. Riley Unsecured Claims (Class 9)
- Section 510(b) Claims (Class 12)
- Existing Common Interests (Class 13)

**B. Treatment of Claims**

The following table summarizes: (1) the treatment of Claims and Interests under the Plan; (2) which Classes are impaired by the Plan; (3) which Classes are entitled to vote on the Plan; and (4) the estimated recoveries for holders of Claims and Interests. The table is qualified in its entirety by reference to the full text of the Plan.<sup>20</sup> For a more detailed summary of the terms and provisions of the Plan, see section (I)(A)(ii) “Summary of the Plan Treatment”. A detailed discussion of the analysis underlying the estimated recoveries in the form of New Common Interests, including the assumptions underlying such analysis, will be set forth in the Valuation Analysis.

## III. THE DEBTORS' BUSINESS

### A. General Overview

Headquartered in Austin, Texas, the Debtors are one of the largest blockchain infrastructure, hosting provider, and digital asset mining companies in North America, with approximately 814MW of capacity across eight operational data centers in Texas (2), Georgia (2), Kentucky, North Carolina (2), and North Dakota (the "**Data Centers**"). The Debtors mine digital assets (also known as cryptocurrency), primarily bitcoin, for their own account ("**Self-Mining**") and host Miners for third-party customers ("**Hosting Operations**"). Since inception, the Debtors have built a considerable asset base, gained market trust as a premier hosting provider, and demonstrated a multi-year track record of successful management of their businesses.

## B. Digital Asset Mining<sup>27</sup>

Digital asset mining (“**Mining**”) is the process in which transactions involving cryptocurrency are verified and added to the blockchain public ledger through specialized computers (“**Miners**”) solving a computational encryption puzzle. Mining secures the blockchain network and is also the process through which new coins are added to the existing circulating supply. The Debtors mine the cryptocurrency bitcoin, which operates on a proof of work system. Under a proof of work system, Miners compete with each other to solve complex algorithms to validate a block of transactions; as a reward for being the first to solve an algorithm, the Miner is rewarded with newly created bitcoin. Miners can work together in mining pools to increase their likelihood of solving an algorithm.

The profitability of Mining is driven by a number of key variables, including (1) the price of bitcoin, (2) the Miner’s hash rate, (3) the network hash price,<sup>28</sup> and (4) electricity costs. Hash rate refers to a Miner’s ability to solve algorithmic computations per second; a higher hash rate is more likely to be the first to solve the computation and be rewarded with bitcoin. Hash price is expressed as the monetary value of bitcoin per each terahash per second of computing power generated by a Miner. Electricity costs are important because electricity is used to power the Miners and other equipment within a Mining facility.

## C. Debtors’ History

The Debtors trace their roots back to 2017. On December 13, 2017, the Debtors were founded and incorporated as MineCo Holdings, Inc. Six months later, MineCo Holdings, Inc. changed its name to Core Scientific, Inc. (“**Initial Core Scientific**”). On August 17, 2020, Initial Core Scientific engaged in a holdco restructuring to facilitate a borrowing arrangement whereby Initial Core Scientific was merged with and into a wholly owned subsidiary of Core Scientific Holding Co., a Delaware corporation, and became a wholly owned subsidiary of Core Scientific Holding Co. As a result, the stockholders of Initial Core Scientific became the stockholders of Core Scientific Holding Co.

On July 30, 2021, the Debtors acquired 100% of the equity interest in one of their largest customers, Blockcap, Inc. (“**Blockcap**”), a blockchain technology company with industrial scale Mining operations. Blockcap’s primary historical business was the Mining of digital asset coins and tokens, primarily bitcoin. Blockcap also evaluated and completed investments in related technologies and ancillary businesses, including Radar Relay, Inc., an early stage company Blockcap acquired on July 1, 2021 that focused on technology enhancement and development in the digital asset industry. The acquisition of Blockcap significantly expanded the Debtors’ Self-Mining operations and increased the number of Miners they owned.

The Debtors’ current corporate structure is the product of a “SPAC merger.” Power & Digital Infrastructure Acquisition Corp., a Delaware corporation (“**XPDI**”), entered into a certain Agreement and Plan of Reorganization and Merger, dated as of July 20, 2021, as amended on October 1, 2021, and as further amended on December 29, 2021, by and among Core Scientific Holding Co., XPDI Merger Sub Inc., a Delaware corporation and wholly owned subsidiary of XPDI, and XPDI (the “**Merger Agreement**”). XPDI’s stockholders approved the transactions contemplated by the Merger Agreement (collectively, the “**de-SPAC Transactions**”) at a special meeting of stockholders held on January 19, 2022. Upon consummation of the de-SPAC Transactions, Core Scientific Holding Co. merged with XPDI, with XPDI surviving the merger. Immediately prior to the effective time of the de-SPAC Transactions, XPDI changed its name to Core Scientific, Inc. and Initial Core Scientific changed its name to Core Scientific Operating Company and the common stock of Core Scientific, Inc. was traded on the Nasdaq Global Select Market under the symbol “CORZ”. The de-SPAC Transactions resulted in the Debtors receiving approximately \$195 million in net cash proceeds, which the Debtors used to fund Miner purchases and the Debtors’ infrastructure build-out.

<sup>27</sup> A more detailed explanation of Mining can be found in paragraphs 18-28 of the *Declaration of Michael Bros in Support of the Debtors’ Chapter 11 Petitions and First Day Relief* (Docket No. 5).

<sup>28</sup> Network hash price reflects a combination of network hashrate, bitcoin price, and reward/transaction fees, distilled into one metric, that is expressed as the \$ value of bitcoin derived per 1 Th/s (terahashes per second) of computing power

---

After going public in early 2022 as a result of undergoing the de-SPAC Transactions, the Debtors flourished, experiencing tremendous growth measured both by total revenue and gross profit. The increases in revenue and gross profit were due, in large part, to the execution of new customer hosting contracts for Miners deployed during 2021, increased equipment sales (formerly a component of the Debtors' business), and growth of the Debtors' efforts in Mining. The increase in the price of bitcoin from \$7,200.17 on January 1, 2020 to \$46,387.98 on December 31, 2021, also contributed to the Debtors' overall growth.

**D. Business Operations and Properties**

*vi. Business Model*

The Debtor's primary sources of revenue are (i) Self-Mining, where the Debtors earn and subsequently sell bitcoin mined by the Debtors' owned and leased Miners, and (ii) Hosting Operations, where customers pay the Debtors to host the customers' Miners at the Debtors' Data Centers. Historically, the Debtors also earned revenue from equipment sales, but the Debtors shifted away from equipment sales prior to the Petition Date.

(a) Self-Mining

The Debtors have participated in Self-Mining since their inception. The Debtors' share of owned/leased Miners or "self-Miners" versus "hosted Miners" at their Data Centers has grown substantially, from approximately 10% in 2020 to approximately 67% today, in part due to the Blockcap acquisition in July 2021. As of May 3, 2023, the Debtors own or lease approximately 144,370 operational Miners used for Self-Mining.

Currently, the Debtors convert their mined bitcoin into U.S. dollars on a regular basis, generally within 2.5 days of Mining. Consequently, the Debtors currently do not generally hold large amounts of bitcoin on their balance sheet at any given time.

(b) Hosting Operations

In 2020, access to Miners was limited for a variety of reasons, and the Debtors had the unique ability to provide third parties with access to Miners due among other things, to relationships in the industry. The Debtors were able to sell hardware "bundled" with hosting capabilities. Proceeds from bundled hardware sales and prepayments on hosting contracts helped the Debtors to continue to build out their Data Centers to provide additional capacity for their self-Miners, as well as for hosted Miners in connection with their Hosting Operations.

Since 2017, the Debtors have positioned themselves as a premium provider of hosting services to third-party Miners, with high quality facilities that provide the optimal operating environment for consistent performance. The Data Centers include onsite technicians available 24/7 for repair, adding value to the Debtors' customers by prolonging the life of their Miners. The Debtors use custom software to manage Miners, which allows for real-time performance monitoring, historical data analysis, deployment tracking, and instant adjustment of voltage draws. Customers can take advantage of high uptime percentage to produce additional bitcoin.

For these reasons, the Debtors' Hosting Operations business has grown considerably since 2017. The Debtors continue to focus on larger customers (generally customers with greater than 1,000 Miners), as larger, professionally-managed customers benefit more from the Debtors' hosting value proposition (i.e., high uptime, software solutions, etc.) and such customers are more likely to generate consistent cash flow for the Debtors.

In line with the Debtors' profit-maximization efforts, the Debtors terminated and/or rejected some of their less profitable hosting contracts to free up rack space in their Data Centers. The Debtors also sought to maximize the potential profits from their newly opened rack space by adding a new product offering to their Hosting Operations. This product offering enables customers to enter into agreements with the Debtors to host customer Miners at the Debtors' Data Centers in return for the Debtors retaining a percentage of the Mining revenue attributable to such customers' Miners ("**RevShare Agreements**"). Since the Petition Date, the Debtors have signed RevShare Agreements with 2 customers. As of June 8, 2023, 17,583 Miners are being hosted at Debtors' Data Centers under RevShare Agreements.

As of May 3, 2023, across their Data Centers, the Debtors host 72,487 Miners on behalf of 10 customers. Any bitcoin customers mine goes directly to the respective customers' wallets. The Debtors neither hold any bitcoin mined by customers on the Debtors' balance sheet nor serve as custodian of bitcoin on behalf of their hosting customers.

**vii. Data Centers**

The Debtors own or lease facilities in Texas (3), Georgia (2), Kentucky, North Carolina (2), Oklahoma, and North Dakota, of which all are operational Data Centers except for the Muskogee Facility and the Cedarvale Facility. The Data Centers house and provide power to both the Debtors' Miners, as well as the hosting customers' Miners, enabling such Miners to mine digital assets efficiently. The table below illustrates the ten facilities that the Debtors currently own or lease.

<sup>30</sup> The lease provides that, at the expiration (on December 1, 2030) or earlier termination of the lease, Core Scientific Operating Company is obligated to purchase the property for nominal consideration.

<sup>31</sup> Grand Forks is comprised of two leased properties. The leases provide that, at any time during the lease term or during the 60 days following the lease term, the Debtors have the option to purchase one leased property for \$5,400,000 less the value of any rent paid under that lease and the other leased property for \$210,000.

### C. Prepetition Capital Structure

The following description of the Debtors' capital structure is for informational purposes only and is qualified in its entirety by reference to the documents setting forth the specific terms of the Debtors' obligations and any related agreements.

#### viii. April Secured Convertible Notes:

On April 19, 2021, certain of the Debtors entered into that certain Secured Convertible Note Purchase Agreement (as may be amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "**April NPA**"), by and among Core Scientific Holding Co., as issuer, the guarantors (the "**NPA Guarantors**"), as guarantors, U.S. Bank National Association, as note agent and collateral agent (together with any successor in such capacity, the "**Note Agent**"), and the purchasers of the notes issued thereunder. Core Scientific, Inc. assumed Core Scientific Holding Co.'s obligations under the April NPA upon consummation of the de-SPAC Transactions. The April NPA provides for the issuance of up to an aggregate principal amount of \$215 million of 10% convertible secured notes due 2025 (the "**April Notes**"), and an aggregate principal amount of \$215 million of April Notes were issued in April 2021 thereunder.

The April Notes mature on April 19, 2025 and bear interest at 10.0% per annum, of which 4.0% is payable in cash ("**Cash Interest**") and 6.0% is payable in kind by capitalizing such interest payment and increasing the aggregate principal amount of the notes by the amount thereof ("**PIK Interest**"). In addition, the April Notes are convertible into shares of common stock of Core Scientific, Inc. at a conversion price of \$8.00 per share. As of the Petition Date, the aggregate principal amount of April Notes outstanding under the April NPA was approximately \$234 million.

Pursuant to the terms of the April NPA, Core Scientific, Inc. is obligated to repay 200% of the principal and all accrued and unpaid interest under the April Notes (the "**April 2X Amounts**") upon certain events, including a voluntary prepayment, a change of control of the Debtors, or the April 19, 2025 maturity date (the "**April 2X Provision**"). The terms of the April NPA do not provide for payment of the April 2X Amounts upon acceleration after an event of default, including the automatic acceleration that follows a bankruptcy filing. The Debtors believe that the April 2X

<sup>34</sup> On August 2, 2023, Mike Levitt resigned as Chief Executive Officer of Core Scientific, Inc. and Adam Sullivan was appointed Chief Executive Officer.

Provision is not applicable or enforceable for that reason, as well as others, and, accordingly, the April 2X Amounts should not be allowed as part of the April Convertible Notes Secured Claims. The POC the Note Agent filed on behalf of the holders of the April Notes (POC No. 526, the “**April Notes POC**”) classifies the Claim as unliquidated and does not assert a dollar amount. However, the April Notes POC contains an addendum asserting that the holders of the April Convertible Notes Secured Claims are entitled to the accrued portion of the April 2X Amounts as of the Petition Date in an amount of approximately \$76.9 million and expect their liquidated Claim to include such portion of the April 2X Amounts.<sup>35</sup>

The obligations under the April NPA are secured pursuant to (i) that certain Security Agreement, dated as of April 19, 2021 (the “**April Notes Security Agreement**”), by and among Core Scientific Holding Co., the NPA Guarantors, as guarantors, and the Note Agent (in its capacity as collateral agent), and (ii) that certain Intellectual Property Security Agreement, dated as of April 19, 2021 (the “**April Notes IP Security Agreement**”) and together with the April Notes Security Agreement, the “**April Security Agreements**”), by and among Core Scientific Operating Company and the Note Agent (in its capacity as collateral agent). Pursuant to such security agreements and as a result of the de-SPAC Transactions, the April Notes are secured by a first lien security interest in all of the Debtors’ and the NPA Guarantors’ accounts, chattel paper, commercial tort claims, commodity accounts, contracts, deposit accounts, documents, general intangibles, goods, instruments, investment property, letter-of-credit rights and letters of credit, money, securities accounts, supporting obligations, property, other goods and personal property, certain intellectual property and proceeds of each, other than “Excluded Property” (as defined under the April Notes Security Agreement) (the “**NPA Collateral**”). The NPA Collateral does not include any of the Debtors’ real estate, except fixtures. In addition, the NPA Agent did not perfect its security interests in certain personal property which would require action beyond the filing of an all-assets financing statement with the secretary of state of the Debtors’ jurisdiction of organization including (a) the Debtors’ commercial tort claims which would be perfected by separate financing statement and (b) cash or accounts which would be perfected by control.<sup>36</sup>

*i. August Convertible Notes:*

On August 20, 2021, certain of the Debtors entered into that certain Convertible Note Purchase Agreement (as may be amended, restated, amended and restated, supplemented or otherwise modified from time to time, and including all related credit documents, the “**August NPA**”), by and among Core Scientific Holding Co., as issuer, the NPA Guarantors, as guarantors, the Note Agent, as note agent, and the purchasers of the notes issued thereunder. Core Scientific, Inc. assumed Core Scientific Holding Co.’s obligations under the August NPA upon consummation of the de-SPAC Transactions. The August NPA provides for the issuance of up to an aggregate principal amount of \$300 million of 10% convertible secured notes due 2025 (the “**August Notes**”) and together with the April Notes, the “**Convertible Notes**”), and an aggregate principal amount of \$299.8 million of August Notes were issued in August 2021 thereunder.

The August Notes were issued with substantially the same terms as the April Notes, including the same maturity date of April 19, 2025 and the same interest rate (10.0% per annum, of which 4.0% is Cash Interest and 6.0% is PIK Interest). Likewise, the August Notes are convertible into shares of common stock of Core Scientific, Inc. at a conversion price of \$8.00 per share. As of the Petition Date, the aggregate principal amount of August Notes outstanding under the August NPA was approximately \$318 million.

<sup>35</sup> As explained further below, under the Original DIP Facility and the RSA, which was entered into between the Debtors and certain of the convertible noteholders in connection with the Original DIP Facility, the parties stipulated to include the accrued portion of the April 2X Amounts in the allowed Claims of the holders of the April Notes. The Debtors subsequently terminated the RSA upon repayment of the Original DIP Facility, and the DIP Order does not contain any stipulation regarding whether the accrued portion of the April 2X Amounts are allowed as part of the claims of the holders of the April Notes.

<sup>36</sup> The NPA Agent did perfect its interest through possession and control of (i) all of the common stock in Core Scientific Operating Company and (ii) the indebtedness evidenced by that certain secured promissory note issued by RME Black 200, LLC on May 12, 2020 (as may be amended, amended and restated, supplemented or modified from time to time) as of the Petition Date.

Pursuant to the terms of the August NPA, Core Scientific, Inc. is obligated to repay 200% of the principal and all accrued and unpaid interest under the August Notes (the “**August 2X Amounts**” and together with the April 2X Amounts, the “**2X Amounts**”) upon certain events, including a voluntary prepayment or a change of control of the company (the “**August 2X Provision**”). Unlike the April 2X Provision, the August 2X Provision does not provide for payment of the August 2X Amounts upon the maturity date of the August Notes. Similar to the April NPA, the terms of the August NPA do not provide for payment of the August 2X Amounts upon acceleration after an event of default, including the automatic acceleration that follows a bankruptcy filing. The Debtors believe that the August 2X Provision is not applicable or enforceable for a number of different reasons and, accordingly, the August 2X Amounts should not be allowed as part of the August Convertible Notes Secured Claims. The POC the Note Agent filed on behalf of the holders of the August Notes (claim number 523, the “**August POC**”) classifies the Claim as unliquidated and does not assert a dollar amount. However, unlike the April POC, the August POC does not state in its addendum that the holders of the August Notes believe they are entitled to the accrued portion of the August 2X Amounts, but rather the August POC reserves all rights to seek inclusion of the August 2X Amounts, as an unpaid original issue discount, in the calculation of the allowed Claim for the holders of the August Notes.

The obligations of the Debtors under the August NPA are secured pursuant to (i) that certain Security Agreement, dated as of February 7, 2022 (the “**August Notes Security Agreement**”), by and among Core Scientific, Inc., the NPA Guarantors, as guarantors, and the Note Agent (in its capacity as collateral agent for the August Notes), and (ii) that certain Intellectual Property Security Agreement, dated as of February 7, 2022 (the “**August Notes IP Security Agreement**” and together with the August Convertible Notes Security Agreement, the “**August Security Agreements**”, and collectively with the April Security Agreements, the “**Convertible Notes Security Agreements**”), by and among Core Scientific Operating Company, Core Scientific Acquired Mining LLC, and the Note Agent (in its capacity as collateral agent).<sup>37</sup>

The August Notes are secured by the NPA Collateral, but are junior in priority to the April Notes with respect to the NPA Collateral. In connection with the de-SPAC Transactions, within 30 days, the August Notes would have been entitled to delivery of (i) a counterpart of the Security Agreement and the Intellectual Property Security Agreement and filed UCC-1s and (ii) an intercreditor agreement (effective on the secured parties). A Security Agreement and an Intellectual Property Agreement for the August Notes were entered into in connection with the de-SPAC Transactions and the appropriate UCC-1s were filed; however, an intercreditor agreement between the April Notes and August Notes was never executed. As the UCC-1s in connection with August Notes were filed after the UCC-1s filed in connection with April Notes, the liens securing the August Notes are likely junior to the liens securing the April Notes. There does not appear to be any mechanism for holders of the August Notes to force holders of the April Notes to enter into an intercreditor agreement, nor is there any incentive for holders of the April Notes to do so absent a broader restructuring transaction.

#### *ii. Secured Mining Equipment Financings and Leases*

Since 2020, the Debtors have entered into numerous equipment financing agreements and leases to acquire Miners. As of May 3, 2023, of the Debtors’ 144,370 Miners, approximately 64,196 (or 44%) are collateral or leased under various equipment financing arrangements.<sup>38</sup>

As of Petition Date, the Debtors had an aggregate of approximately \$284 million of principal balance of equipment leases and secured equipment financing outstanding (including accrued and unpaid interest), under different facilities with respective first lien security interests (or lease interests) against approximately 91,000 Miners in the Debtors’ possession at that time. As discussed in further detail below, NYDIG ABL LLC (fka Arctos Credit LLC) (“**NYDIG**”) provided financing for 26,964 Miners, but the Debtors transferred such Miners to NYDIG in exchange for cancellation of NYDIG’s Claim pursuant to the NYDIG Settlement. Accordingly, as of May 3, 2023, the Debtors possess 58,426 Miners that are subject to financing agreements and 5,770 Miners subject to a lease agreement with Atalaya Capital Management LP (“**Atalaya**”).<sup>39</sup>

<sup>37</sup> The August NPA included a covenant requiring certain of the Debtors to provide the same collateral securing the April Notes as collateral to secure the August Notes upon the occurrence of a “Conversion Event” (as defined in the August NPA). A Conversion Event occurred as a result of the de-SPAC Transactions, and the August Notes became secured by the NPA Collateral in February 2022.

<sup>38</sup> Although certain of the Miner Equipment financing agreements were styled as equipment leases, the Debtors assert that such agreements constitute financing agreements.

<sup>39</sup> As of the Petition Date there were approximately \$14.5 million of lease payments remaining to Atalaya. As discussed in greater detail below, the Debtors negotiated amended terms on the Miner equipment leases with Atalaya in the approved Atalaya Assumption Motion (as defined below).

A summary of the largest outstanding secured Miner financings is below:

On November 4, 2022, within the 90-day preference period prior to the Petition Date, Trinity Capital filed an amended UCC-1 to perfect its interests in an additional 3,227 Miners that serve as collateral on the remaining schedules under the Master Equipment Financing Agreement

<sup>45</sup> The Debtors have not been able to locate collateral for Jack Novak's Miner Equipment Loan.

*iii. Secured Non-Mining Financings and Leases.*

In addition to financing secured against Miners, the Debtors have utilized both secured financings<sup>46</sup> and operating leases to finance certain non-Mining assets deployed to satisfy the Debtors' various infrastructure needs for their day-to-day operations. As of the Petition Date, the Debtors had approximately \$700,000 of facility-only mortgages, \$18.4 million of mixed collateral financing, \$8.9 million of non-Mining equipment financing, and \$1.6 million of non-Mining equipment leases. These financings and leases consist of various assets, such as real estate, trucks, scissorlifts, servers, switchboards, and other non-Mining equipment.<sup>47</sup>

A summary of outstanding secured non-Mining financing arrangements is below:

<sup>47</sup> These assets that secure the non-Mining financing and leases are considered Excluded Property under the Convertible Notes Security Agreements.

<sup>48</sup> The maturity date for the Debtors' mortgage with Brown Corporation is September 28, 2023.

<sup>49</sup> The maturity date for the Debtors' mortgage with Hollywood LLC is December 19, 2023.

*iv. M&M Liens*

M&M Liens arise under state law and provide General Contractors and Subcontractors with a lien on the real property that is the subject of the General Contract with respect to all labor, materials, equipment and/or services actually performed or furnished by such General Contractor or Subcontractor with respect to such real property. Under applicable state law (i.e., Texas and Oklahoma), (i) a General Contractor may be entitled to an M&M Lien with respect to all labor, materials, equipment and/or services actually furnished pursuant to its General Contract, whether performed by the General Contractor or any of its Subcontractors and (ii) a Subcontractor engaged by a General Contractor may be entitled to an M&M Lien with respect to all labor, materials, equipment, and/or services actually furnished by such Subcontractor. Therefore, in certain instances a General Contractor's M&M Lien and a Subcontractor's M&M Lien may each secure certain amounts in duplication. Under state law, all such M&M Liens which secure amounts in duplication are each reduced on a dollar-for-dollar basis upon repayment of any such amounts secured in duplication.

The Debtors entered into General Contracts with the General Contractors set forth on the M&M Lien Claim Amounts Schedule in connection with the construction, development, or improvement of the Debtors' (i) Denton Facility, (ii) Cottonwood Facility, (iii) Cedarvale Facility, (iv) Muskogee Facility (collectively with the Denton Facility, the Cottonwood Facility, and the Cedarvale Facility, the "**M&M Facilities**"). The General Contractors engaged the Subcontractors set forth on the M&M Lien Claim Amounts Schedule to fulfill certain components of the applicable General Contracts. Pursuant to the General Contracts, multiple General Contractors and Subcontractors labored or furnished labor, materials, equipment, and/or services at the Facilities for which such General Contractors and Subcontractors hold M&M Liens.

The M&M Lien Claim Amounts Schedule sets forth the amounts the Debtors' books and records reflect are attributable to the provision by General Contractors and Subcontractors of labor, materials, equipment, and/or services in connection with the construction, development, or improvement of the M&M Facilities for which such General

<sup>53</sup> This non-Miner financing was assigned to North Star Leasing from Liberty Commercial Finance.

Contractors and Subcontractors may be entitled to an M&M Lien. Those M&M Liens give rise to the M&M Lien Secured Claims in favor of the General Contractors with which the Debtors have directly entered into the General Contracts and are in privity of contract. The Debtors are not party to any agreements with the Subcontractors and, therefore, the Debtors are not in privity of contract with any such Subcontractors. Nevertheless, 13 Subcontractors filed proofs of claim against one or more of the Debtors (the “**Subcontractor POCs**”). For the reasons set forth above, the Debtors will seek disallowance of the Subcontractor POCs pursuant to a forthcoming omnibus claim objection.

As discussed in greater detail in section VI(I) below, the Debtors have reached settlements with five (5) of their General Contractors, which in the aggregate asserted \$80,130,544.42 of M&M Lien Secured Claims.

According to the Debtors’ books and records, and not taking into account any of the M&M Lien Settlements, the total amount of M&M Liens encumbering each M&M Facility (after subtracting amounts secured in duplication by both a General Contractor and a Subcontractor and all settled M&M lien amounts) and securing the M&M Lien Secured Claims are set forth below:

<u>Facility</u>	<u>Total M&amp;M Liens</u>
Denton Facility	\$18,799,499.00
Cottonwood Facility	\$ 134,296.42
Cedarvale Facility	\$ 16,084.86
Muskogee Facility	\$ 9,700,571.00

*v. Unsecured Bridge Notes:*

In April 2022, Core Scientific, Inc. entered into a \$60 million Bridge Promissory Note with BRF Finance Co, LLC and a \$15 million Bridge Promissory Note with B. Riley Commercial Capital, LLC (such unsecured financing, the “**Unsecured Bridge Notes**”), each of which was further amended and restated in August 2022. The Unsecured Bridge Notes were to mature on June 1, 2023.

The Unsecured Bridge Notes required that 25% of the net proceeds from the issuance of any shares of common stock of Core Scientific, Inc. under its equity line of credit (“**Prepetition ELOC**”)<sup>54</sup> must be applied to repay the outstanding principal amount of the Unsecured Bridge Notes. Prior to the Petition Date, Core Scientific, Inc. repaid approximately \$33 million of principal under the Unsecured Bridge Notes, including from proceeds under the Prepetition ELOC. As of the Petition Date, the B. Riley Unsecured Claims arising under or related to B. Riley’s Unsecured Bridge Notes are estimated by the Debtors to total approximately \$42.7 million (the “**B. Riley Unsecured Claim**”).<sup>55</sup>

*vi. General Unsecured Claims:*

The Debtors had numerous other General Unsecured Claims outstanding as of the Petition Date, including Litigation Claims, General Contractor Unsecured Claims, Utility Unsecured Claims, and various Other Unsecured Claims. Based upon the Debtors’ review of the POCs, General Unsecured Claims of approximately \$795 million have been filed against the Debtors in the aggregate. While the Debtors continue to review and reconcile all POCs, the Debtors believe that approximately \$32.6 million (not including postpetition interest) of filed General Unsecured Claims, not including the Miner Equipment Lender Deficiency Claims or B. Riley Unsecured Claim, and after giving effect to various settlements discussed herein, remain valid/allowable or will remain outstanding prior to the Effective Date.<sup>56</sup>

<sup>54</sup> On July 20, 2022, Core Scientific, Inc. entered into an equity purchase agreement with B. Riley Principal Capital II, pursuant to which, Core Scientific, Inc. has the right to sell to B. Riley Principal Capital II up to \$100 million of shares of Core Scientific, Inc.’s common stock, subject to certain limitations and conditions set forth in the purchase agreement.

<sup>55</sup> The B. Riley Unsecured Claim is estimated to total approximately \$44.3 million including post-petition interest at the Federal Judgement Rate through the expected Effective Date.

<sup>56</sup> As discussed below, the Foundry Settlement Agreement, if consummated, would resolve the nearly \$19 million unsecured claim asserted by Foundry Digital LLC against each of Core Scientific Acquired Mining LLC and Core Scientific, Inc.

---

This \$32.6 million estimated amount assumes that (i) the Celsius Settlement will be consummated resolving the Celsius Hosting POCs,<sup>57</sup> (ii) the Foundry Settlement will be consummated, (iii) the Debtors will prevail on the litigation with Sphere,<sup>58</sup> (iv) the Debtors will prevail in the litigation with Morgan Hoffman<sup>59</sup>, Jonathan Barrett, and Harlin Dean, and (v) no rejection damage claims will be Allowed against the Debtors including any potential rejection damage claims of GEM. However, if the Debtors fail to consummate the Celsius Settlement, the Foundry Settlement, or lose against their litigation counterparties, the amount of Allowed General Unsecured Claims outstanding could significantly exceed the Debtors' estimates. The below Section (V)(J)(iii) describes in greater detail each of the Claims asserted by Holders of General Unsecured Claims to which the Debtors have objected or intended to object. The below Section (V)(H) describes in greater detail each of the settlements the Debtors have entered into with Holders of General Unsecured Claims.

As explained above, the Debtors estimate that the Allowed Miner Equipment Lender Deficiency Claims are equal to \$185.2 million (not including postpetition interest), but they are unable to estimate the recoveries on account Miner Equipment Lender Deficiency Claims at this time due to the potential for a Holder of a Miner Equipment Lender Secured Claim to elect Miner Equipment Lender Treatment Election 2 and thereby waive its recovery on account of Miner Equipment Lender Deficiency Claim as a General Unsecured Claim. Based on the Miner Equipment Lender Settlement, and the Debtors' discussions with the Equipment Lenders, the Debtors believe that most of the Equipment Lenders intend to opt for the Miner Equipment Lender Treatment Election 2 and are, therefore, waiving their recoveries on such Miner Equipment Lender Deficiency Claims.

<sup>57</sup> As detailed below the Celsius Hosting POCs assert over \$312 million in General Unsecured Claims, which the Debtors believe should be a significantly lower amount for the reasons set forth in the Celsius Hosting POC Objection.

<sup>58</sup> As detailed below the Sphere POCs assert over \$39.5 million in General Unsecured Claims, which the Debtors contend Sphere cannot recover for the reasons set forth in the Sphere POC Objection.

<sup>59</sup> As detailed below the Securities POC filed by Morgan Hoffman asserts a \$188.6 million General Unsecured Claim, which the Debtors believe should be Disallowed for the reasons set forth in the Securities POC Objection.

(a) Litigation Claims Filed Against the Debtors

A summary of the largest Litigation Claims filed against the Debtors is below:<sup>60</sup>

<u>Claimant</u>	<u>Debtor Entity Claim Filed Against<sup>61</sup></u>	<u>Dollar Value Asserted on Filed Claim</u>	<u>Claim Number</u>
Celsius Mining LLC	Core Scientific, Inc.	\$312.3 million	497
Morgan Hoffman	Core Scientific, Inc.	\$188.6 million	632
Sphere 3D Corp.	Core Scientific, Inc.	\$ 39.5 million	358
Bryce Johnson <sup>62</sup>	Core Scientific Operating Company	\$ 10.5 million	120

Harlin Dean	Core Scientific Acquired Mining LLC	\$ 8 million	383
GEM Mining 2, LLC	Core Scientific, Inc.	\$ 2.9 million <sup>63</sup>	508
Jonathan Barrett	Core Scientific, Inc.	\$ 1.3 million	409

As explained in greater detail in section (XV)(J)(iii) regarding the Debtors' Claims reconciliation process, the Debtors either (i) already objected to the Litigation Claim, (ii) plan to file an objection to the Litigation Claim, (iii) are currently in negotiation with the Holder of such Litigation Claim or (iv) are still reconciling the Litigation Claim. The Debtors believe that most of the Litigation Claims have no merit and will either be Disallowed in their entirety or Allowed for a small fraction of filed amount.

(b) General Contractor Unsecured Claims Filed Against the Debtors

A summary of the largest General Contractor Unsecured Claims filed against the Debtors is below:

<u>Claimant</u>	<u>Debtor Entity Claim Filed Against<sup>64</sup></u>	<u>Dollar Value Asserted on Filed Claim</u>	<u>Claim Number</u>
Harper Construction Company, Inc. <sup>65</sup>	Core Scientific, Inc.	\$ 10.6 million	437
Condair Inc. <sup>66</sup>	Core Scientific, Inc.	\$ 7.9 million	430
Trilogy LLC <sup>67</sup>	Core Scientific, Inc.	\$ 3.3 million	1

The Debtors are currently in settlement discussions or have reached settlements with each of the Holders of the above listed General Contractor Unsecured Claims. The Debtors generally believe such General Contractor Unsecured claims are without merit or will be Allowed at a significantly lower dollar value.

<sup>60</sup> The below chart does not include duplicate Claims filed by the same Claimant.

<sup>61</sup> Inclusion of the Debtor's entity name is not an admission by the Debtors that the Claim was properly filed against such Debtor entity.

<sup>62</sup> Bryce Johnson has withdrawn his POC.

<sup>63</sup> This amount does not include GEM's potential rejection damage claims. GEM has until October 30, 2023 to submit its rejection damage claims

<sup>64</sup> Inclusion of the Debtor's entity name is in no way an admission of the Debtors' that the Claim was properly filed against such Debtor entity.

<sup>65</sup> Pursuant to the Harper Settlement, this Claim has been resolved.

<sup>66</sup> Pursuant to the Condair Settlement, this Claim has been resolved.

<sup>67</sup> Pursuant to the Trilogy Settlement, this Claim has been resolved.

(c) Utilities Unsecured Claims

Utilities Unsecured Claims arise from the Debtors' agreements with utility providers that provide power to the Debtors' Data Centers or other utility services which enable the Debtors to operate their business.

(d) Other Unsecured Claims

The Other Unsecured Claims include Claims not mentioned above. Of note are Claims arising out of trade contracts providing goods and services that enable the Debtors to operate their business.

*vii. Common Stock*

Core Scientific, Inc. was publicly traded on the NASDAQ Global Select Market under the symbol "CORZ." Following the Petition Date, on December 22, 2022, Core Scientific, Inc. received written notice from the staff of the Nasdaq Stock Market LLC ("**Nasdaq**") notifying Core Scientific, Inc. that, as a result of the Chapter 11 Cases, Nasdaq determined that Core Scientific, Inc.'s common stock would be delisted from the Nasdaq Global Select Market and that trading of Core Scientific, Inc.'s common stock would be suspended at the opening of business on January 3, 2023. On December 29, 2022, Core Scientific, Inc. requested an appeal of Nasdaq's determination and a hearing before a Nasdaq hearings panel, which appeal stayed the Debtors' delisting and the filing of a Form 25-NSE with the SEC. After careful deliberation, on January 24, 2023, Core Scientific, Inc. decided to withdraw its appeal of the delisting proceedings. Core Scientific, Inc.'s common stock was subsequently delisted from the NASDAQ Global Select Market and a Form 25-NSE was filed with the SEC on April 4, 2023.

Core Scientific, Inc. currently trades on the OTC Pink market under the symbol "CORZQ". As of May 5, 2023, Core Scientific, Inc. had approximately 376,566,674 shares of common stock outstanding.

**V. AND**  
**SIGNIFICANT EVENTS LEADING TO THE CHAPTER 11 FILINGS**

Although the Debtors' operating performance remained strong at all times, a number of factors rendered the Debtors' balance sheet unsustainable as of the Petition Date, leading the Debtors to file the Chapter 11 Cases. The primary factors were: (i) the decline in bitcoin prices and bitcoin hashprices; (ii) increased energy costs; and (iii) the dispute and corresponding litigation with Celsius Mining LLC ("**Celsius**"). These events leading to the chapter 11 filing are discussed in further detail below.

**A. The Decline in the Price of Bitcoin and Increase in Bitcoin Network Difficulty**

The period between October 2020 and November 2021 saw exponential growth in the price of and consumer interest in bitcoin and cryptocurrency generally. Although there was significant fluctuation in bitcoin prices throughout this period, bitcoin prices reached an all-time high of \$68,789 in November 2021. The increased bitcoin prices, in turn, led to a demand for hosting capabilities from companies interested in Mining bitcoin. During this period, the Debtors increased their market presence in the Mining industry through Self-Mining and selling bitcoin on the open market, as well as by hosting Miners for customers. The Debtors also benefited from lower energy costs during this period, resulting in higher profitability.

After November 2021, however, the price of bitcoin steadily declined. In May 2022, this was exacerbated by the beginning of the "crypto winter" when the value of stablecoin UST ("**Terra**") fell below that of the U.S. dollar. Because the purpose of the stablecoin was to maintain an equal value to the U.S. dollar, the drop in value resulted in a "run" on the coin, as holders sought to sell before the value of their assets diminished. This crash rendered both Terra and its linked cryptocurrency Luna worthless. Many crypto firms and crypto-focused hedge funds that owned Luna incurred significant losses through the Terra/Luna crash. The collapse erased nearly \$18 billion of value and contributed to further selloffs in the crypto sector.

---

In addition, on May 5, 2022, the Federal Reserve raised interest rates by 0.5%, triggering another round of market selloffs. Thereafter, bitcoin fell 27% during an eight-day period. By July 2022, multiple companies in the cryptocurrency sector commenced insolvency cases. Each one affected and further pushed the next towards insolvency as a result of significant interconnectedness and contagion within the industry. Notably, Three Arrows Capital, Ltd., Voyager Digital Holdings, Inc., and Celsius all filed for bankruptcy protection under either chapter 15 or chapter 11 of the Bankruptcy Code in July 2022.

Subsequently, the cryptocurrency market was further rattled in November 2022 by the chapter 11 filing of FTX Trading Ltd. (“**FTX**”)—one of the world’s largest cryptocurrency exchanges—and the allegations of fraud and mismanagement related thereto. BlockFi Inc., a leading crypto lender, filed a chapter 11 case shortly thereafter, citing connections to FTX as a precipitating factor of its filing. Although these chapter 11 cases did not directly impact the Debtors, with the exception of Celsius as discussed further below, the declining price of bitcoin throughout this period did negatively impact the Debtors’ financial performance.

In general, a significant reduction in the price of bitcoin over the course of 2022 contributed to the decline in the Debtors’ financial performance. From November 2021 through November 2022, the price of bitcoin decreased from \$68,789 to \$16,000. The decrease in bitcoin prices was accompanied by an increase in network difficulty resulting from increased network hash rates (described above), resulting in reduced revenues and profitability for the Debtors.

#### **B. Increased Energy Costs**

As noted, the Debtors maintain Self-Mining and Hosting Operations at eight Data Centers across the United States. To generate the computing power necessary to operate Data Centers and the Miners, the Debtors rely on tremendous amounts of power.

Prior to 2021, in line with natural gas prices, the Debtors’ power costs were relatively low. Beginning in the spring of 2022, however, fossil fuel prices—especially natural gas prices—increased due to, among other things, Russia’s invasion of Ukraine and increasing fuel usage in many countries. The Debtors’ power costs for the first half of 2022 totaled approximately \$106 million, comprising approximately 40% of their annual revenue.

Energy costs typically increase during the summer months due to greater demand for electricity. These months also bring higher risks of outages and power grid damage as a result of inclement weather, animal incursion, sabotage, and other events out of the Debtors’ control. Between July 2022 and September 2022, significant increases in energy prices increased the Debtors’ electricity costs. In addition, it became necessary to curtail power usage at the Debtors’ Data Centers more frequently at the request of Debtors’ power providers.

The Debtors explored fixed power pricing at certain facilities via potential hedging structures to mitigate power costs pre-petition. Nonetheless, given the Debtors’ dependence on high volumes of power consumption at the Data Centers, the steep increase in power costs significantly impacted the Debtors’ profitability in 2022.

#### **C. Celsius’s Chapter 11 Filing and PPT Dispute**

The Debtors’ financial difficulties were exacerbated by disputes with Celsius following Celsius’s chapter 11 filing and subsequent failure to perform under its hosting contract with the Debtors.

Prior to the Petition Date, Celsius was one of the Debtors’ largest hosting customers, with approximately 37,536 Miners hosted at the Debtors’ Data Centers. The Debtors provided hosting services to Celsius pursuant to two Master Services Agreements, dated December 18, 2020 and December 3, 2021 (together with the orders entered into in connection therewith, the “**Celsius Contracts**”). Pursuant to the Celsius Contracts, the Debtors were entitled to pass through to Celsius any tariffs (the “**PPT Charges**”), which is a standard provision in all of the Debtors’ hosting contracts.

---

On July 13, 2022, Celsius, along with its affiliates, commenced chapter 11 cases in the United States Bankruptcy Court for the Southern District of New York (the “**Celsius Chapter 11 Cases**”). Although Celsius paid PPT Charges prior to the Celsius Chapter 11 Cases, Celsius subsequently asserted it was not responsible for paying increased power costs and refused to pay all PPT Charges the Debtors invoiced to Celsius following Celsius’s chapter 11 filing.

By failing to pay the PPT Charges that Celsius owed to the Debtors, Celsius foisted millions of dollars of increased power costs onto the Debtors’ balance sheet instead of its own. As of Celsius’s petition date, Celsius owed the Debtors approximately \$1.3 million in unpaid PPT Charges. As of the date the Bankruptcy Court approved the rejection of the Celsius Contracts (discussed further below), Celsius owed the Debtors approximately \$7.7 million for unpaid postpetition (based on Celsius’s filing date) PPT Charges and related interest for late payments.

Celsius’s conduct also resulted in costly and protracted litigation. On September 28, 2022, Celsius filed a motion in the Celsius Chapter 11 Cases seeking to hold the Debtors in contempt of court for allegedly violating the automatic stay and for otherwise breaching the Celsius Contract (the “**Automatic Stay Motion**”). The Debtors disputed Celsius’s allegations and filed an opposition to the Automatic Stay Motion on October 19, 2022 (Celsius Docket No. 1140) (the “**Automatic Stay Motion Opposition**”).

Concurrently with the Automatic Stay Motion Opposition, the Debtors also filed their own motion on October 19, 2022, seeking (i) to compel immediate payment of administrative expenses and either (ii) (a) relief from the automatic stay to permit the Debtors to exercise all remedies, including termination, under the Celsius Contracts or (b) to compel assumption or rejection of the Celsius Contracts (Celsius Docket No. 1144) (the “**Core Administrative Claim Motion**”). At the time of the filing of the Core Administrative Claim Motion, Celsius owed the Debtors millions of dollars. Since that date, the amount of administrative expense Claims Celsius owes the Debtors as a result of unpaid PPT Charges increased through the date the Debtors rejected the Celsius Contracts (as described below). Celsius disputes that it owes the Debtors any administrative expense Claims. In the fall of 2022, just as the Debtors were experiencing financial distress due to industry conditions, the Debtors and Celsius engaged in significant discovery relating to the competing motions.

Shortly before the Petition Date, the Debtors and Celsius agreed to stay the litigation as they endeavored to negotiate a consensual resolution.

Celsius’s failure to pay the PPT Charges had a detrimental impact on the Debtors’ liquidity in the months and weeks leading up to the filing, as did the significant litigation costs the Debtors incurred in connection with the Celsius litigation.

#### **D. Prepetition Initiatives**

Throughout 2021, the Debtors engaged in various operational and other initiatives to navigate through the challenges presented by the tumultuous cryptocurrency market. Given the price volatility of bitcoin, the Debtors took steps to mitigate the effects of such volatility and increase liquidity in the months leading up to their chapter 11 filing. The Debtors’ management actively sought to decrease operating costs, eliminate and delay construction expenses, reduce and delay capital expenditures, and increase hosting revenues. The Debtors also began discussions in late summer 2022 with certain creditors to address potential debt service amendments. These actions, however, were insufficient to enable the Debtors to continue to service their substantial debt and manage their liquidity issues. Given the Debtors’ financial difficulties and decreasing liquidity, the Debtors recognized the need to explore alternatives to inject liquidity and potentially de-lever their balance sheet, ensure their continuation as a going concern, preserve jobs, and maximize value for the benefit of all stakeholders.

To preserve liquidity while analyzing restructuring alternatives and negotiating with creditors, the Debtors decided in late October 2022 to cease making payments on certain of their equipment and other financings.

#### **E. Appointment of New Independent Director and Formation of Special Committee to Consider Strategic Options and Engage with Creditors**

On October 26, 2022, the Board unanimously appointed Neal P. Goldman as an additional independent director. Mr. Goldman has extensive restructuring experience, and the Board believed that Mr. Goldman’s experience would be beneficial to the Debtors as they navigated through the restructuring process. Further, on November 14, 2022, in

---

connection with the Debtors' evaluation of strategic alternatives, the Board approved the formation of a special committee of three (3) independent directors: Neal Goldman, Jarvis Hollingsworth, and Kneeland Youngblood (the "**Special Committee**"). On January 28, 2023, Mr. Hollingsworth resigned as a member of the Special Committee, but has continued to serve on the Board.

The Special Committee is authorized to, among other things, evaluate and, if deemed by the Special Committee to be in the best interests of the Debtors, authorize the Debtors to enter into any potential restructuring transactions and strategic alternatives for and on behalf of the Debtors with respect to their outstanding indebtedness and contractual and other liabilities.

#### **F. Retention of Restructuring Professionals and Prepetition Stakeholder Engagement**

In October 2022, the Debtors engaged Weil and PJT to explore restructuring alternatives and engage in negotiations with stakeholders. Soon thereafter, the Debtors engaged Alix as their financial advisor.

The Debtors and their Advisors reached out to certain holders of the Debtors' Convertible Notes and encouraged them to form a group with other holders to negotiate a restructuring. This resulted in the formation of the Ad Hoc Noteholder Group, which retained Paul Hastings LLP as its legal counsel and Moelis & Company LLC as its financial advisor. In the months leading up to the filing of the Chapter 11 Cases, the Debtors and their Advisors engaged in negotiations with the Ad Hoc Noteholder Group regarding the terms of a comprehensive restructuring.

In parallel, the Debtors pursued other options and engaged with other parties (both inside and outside of their capital structure) to address their overleveraged balance sheet and liquidity issues, including (i) B. Riley Financial, Inc. ("**B. Riley**"), the parent company of the holders of the Debtors' Unsecured Bridge Notes, which also had been hired to sell equity to the public markets for the Debtors, (ii) the Debtors' Equipment Lenders, (iii) the Debtors' construction contract counterparties, (iv) potential third-party financing providers, and (v) potential asset purchasers.

Initially, three primary paths emerged: (i) an out-of-court financing offered by B. Riley that would secure and/or pay down B. Riley's Unsecured Bridge Notes, grant liens on unencumbered assets to B. Riley, and provide additional capital to operate the Debtors' business, (ii) a pre-arranged chapter 11 case to consummate a comprehensive restructuring set forth in a restructuring support agreement negotiated with the Ad Hoc Noteholder Group (the "**RSA**"), including debtor-in-possession financing provided by members of the Ad Hoc Noteholder Group (and/or their affiliates, partners, and investors) (the "**Original DIP Facility**"), and (iii) a chapter 11 case funded with debtor-in-possession financing provided by a third-party DIP provider and not tied to an RSA.

Ultimately, after extensive discussion with the Advisors, the Special Committee concluded entry into the RSA was the Debtors' best course of action as it would reduce both the Debtors' funded indebtedness and interest expense by the respective magnitudes of hundreds of millions of dollars and tens of millions of dollars annually. Additionally, the other two of the Debtors' potential transactions were unable to be consummated as of the Petition Date. First, B. Riley's best and final proposal to the Debtors contemplated, among other things, the conversion of B. Riley's Unsecured Claim into secured debt with liens on certain of the Debtors' assets. In addition, B. Riley's proposal (i) did not provide the Debtors with a comprehensive and long-term deleveraging and capital structure solution and (ii) was contingent on the Debtors reaching consensual agreements with their Equipment Lenders. Second, although the Debtors engaged in an extensive marketing process for a third-party DIP, the Debtors did not receive any actionable proposals for third party postpetition financing by the Petition Date. As of the Petition Date, the Debtors had approximately \$4 million of cash on hand.

Accordingly, the Debtors entered into the RSA and Original DIP Facility with the Ad Hoc Noteholder Group before commencing the Chapter 11 Cases. The RSA contemplated the convertible noteholders receiving approximately 97% of the reorganized equity in the reorganized Debtors, among other terms. Unsecured creditors and equity holders would share 3% of the equity in the reorganized Debtors. As discussed in more detail below, following a substantial increase in the price of bitcoin and hashprices, the Debtors subsequently repaid the Original DIP Facility with proceeds of the DIP Facility (as defined below) and terminated the RSA.

VI.  
**OVERVIEW OF CHAPTER 11 CASES**

**A. Commencement of Chapter 11 Cases**

*viii. First/Second Day Relief*

On or about the Petition Date, along with their voluntary petitions for relief under chapter 11 of the Bankruptcy Code, the Debtors filed several motions (the “**First Day Motions**”) designed to facilitate the administration of the Chapter 11 Cases and minimize disruption to the Debtors’ operations by, among other things, easing the strain on the Debtors’ relationships with employees and vendors resulting from the commencement of the Chapter 11 Cases. The Debtors also filed an application to retain Stretto, Inc., as claims, noticing, and solicitation agent (the “**Claims Agent Application**”).

Following the first-day hearing held on December 22, 2022, the Bankruptcy Court granted all of relief requested in the First Day Motions on an interim or final basis. Following the final hearing held on January 23, 2023, the Bankruptcy Court entered orders granting the rest of the relief on a final basis. The first day relief included authority to:

- Continue paying employee wages and benefits (Docket No. 121);
- Pay certain prepetition taxes and regulatory fees (Docket No. 123);
- Pay certain prepetition claims of critical vendors (Docket No. 333);
- Restrict certain transfers of equity interests in the Debtors (Docket No. 120);
- Continue and maintain insurance and surety bond programs (Docket No. 118);
- Continue the use of the Debtors’ cash management system, bank accounts, and business forms (Docket No. 332); and
- Establish procedures for utility companies to request adequate assurance and prohibit utility companies from altering or discontinuing service (Docket No. 334).

The First Day Motions, the Claims Agent Application, and all orders for relief granted in the Chapter 11 Cases can be viewed free of charge at <https://cases.stretto.com/corescientific>.

*ix. Other Procedural and Administrative Motions*

The Debtors also obtained procedural relief to facilitate further the smooth and efficient administration of the Chapter 11 Cases and reduce the administrative burdens associated therewith, including:

- Complex Case Designation. The Debtors obtained an order designating their Chapter 11 Cases as a Complex Case and applying the Procedures for Complex Cases in the Southern District of Texas (Docket No. 29).
- Joint Administration. The Debtors obtained an order enabling the joint administration of their Chapter 11 Cases under the case name Core Scientific, Inc. (Docket No. 105).
- Extension of Time to file Schedules and SOFAs. The Debtors obtained an order (i) granting them an extension of time to file their schedules of assets and liabilities and statements of financial affairs detailing known Claims against the Debtors (the “**Schedules and SOFAs**”), (ii) enabling the Debtors to file a matrix of their creditors on a consolidated basis, and (iii) waiving the Debtors’ requirement to file Bankruptcy Rule 2015.3 reports (Docket No. 122).

- Retention of Chapter 11 Professionals. The Debtors obtained orders authorizing the retention of various professionals to assist them in carrying out their duties under the Bankruptcy Code during the Chapter 11 Cases, including: (i) Weil, as counsel to the Debtors (Docket No. 504); (ii) PJT, as investment banker (Docket No. 502); (iii) Alix, as financial advisor (Docket No. 503); (iv) Scheef & Stone, L.L.P., as counsel to Neal Goldman and Kneeland Youngblood in their capacity as independent directors of the Board and members of the Special Committee (Docket No. 540); (v) Deloitte Financial Advisory Services LLP, as financial services provider (Docket No. 789); and (vi) Deloitte Tax LLP, as tax services provider (Docket No. 790).
- Ordinary Course Professionals Order. The Debtors obtained entry of an order establishing procedures for the retention and compensation of certain professionals utilized by the Debtors in the ordinary course operations of their businesses (Docket No. 543).
- Interim Compensation Procedures. The Debtors obtained entry of an order establishing procedures for interim compensation and reimbursement of expenses of estate professionals (Docket No. 541).

**B. DIP Financing**

**x. Original DIP Financing**

As of the Petition Date, the Debtors had approximately \$4 million cash on hand and required immediate access to the Original DIP Facility and authority to use their prepetition secured creditors' cash collateral to fund their operations and the Chapter 11 Cases. In the days leading up to the chapter 11 filing, the Original DIP Facility, provided by certain holders of the Convertible Notes or their affiliates (the "Original DIP Lenders") was the Debtors' only actionable financing proposal. The Original DIP Facility included commitments for up to \$57 million and support for the syndication of up to \$75 million in new money loans, \$37.5 million of which was available after entry of an interim order to provide Debtors with needed liquidity immediately.

The Original DIP Facility placed numerous onerous obligations upon the Debtors, such as stringent milestones throughout the Chapter 11 Cases and a commitment to the RSA. In addition, it provided for a 1:1 roll-up of the Convertible Notes of the Original DIP Lenders or their affiliates in the aggregate amount of up to \$75 million upon entry of a final order (the "**Roll-Up**"). The Original DIP Facility further required that the Debtors pay the Original DIP Lenders 115% of all new money loans issued pursuant to the Original DIP Facility in connection with any pay off the Original DIP Facility (the "**Exit Fees**").

Certain of the Debtors' stakeholders objected to certain provisions in the Original DIP Facility, including the Exit Fees and Roll-Up. At the Debtors' first day hearing, the Debtors noted that no party other than the Original DIP Lenders was willing to provide the Debtors with DIP financing sufficient for the Debtors' liquidity needs. The Court approved the Original DIP Facility on an interim basis (Docket No. 130). The Original DIP Facility included a milestone, among others, requiring that the Debtors obtain entry of a final order authorizing entry into the Original DIP Facility no later than February 2, 2023.<sup>68</sup>

**xi. Replacement DIP Financing**

At the outset of the Chapter 11 Cases, the Debtors announced they would seek to replace the Original DIP Facility with a replacement DIP facility with more favorable terms and flexibility. Following the Petition Date, the Debtors and their Advisors engaged in an extensive marketing process to find alternative financing to replace the Original DIP Facility.

<sup>68</sup> The original deadline for the Debtors to obtain entry of a final order approving the Original DIP Facility was January 25, 2023. However, following the appointment of the Creditors' Committee, the Debtors and Original DIP Lenders agreed to extend such deadline (Docket No. 306).

---

As discussed below in more detail, bitcoin prices and hashprices, as well as the financial condition of the cryptocurrency industry more generally, began to improve shortly after the Petition Date. As a result, the Debtors' marketing process for a replacement DIP facility led to DIP proposals from multiple prospective parties, including from the DIP Lenders. Following extensive negotiations, the Debtors reached an agreement with the DIP Lenders to provide replacement DIP financing (the "**DIP Facility**") on a non-priming basis. On January 30, 2023, the Debtors filed a motion requesting approval of the DIP Facility and the repayment of the Original DIP Facility (Docket No. 378).

The DIP Facility provided the Debtors a replacement senior secured super-priority debtor-in-possession credit facility in an aggregate principal amount of up to \$70 million, of which an aggregate principal amount of \$35 million was made available on an interim basis and borrowed in a lump sum on the closing date. Among other beneficial terms, the DIP Facility represented a significantly lower total cost of capital than the Original DIP Facility, included more favorable exit terms, and did not require that the Debtors enter into a restructuring support agreement, support any particular chapter 11 plan, or agree to any other milestones. It thus provided the Debtors with up to 13 months of additional runway.

The DIP Facility was a non-priming financing facility, as the Debtors were able to provide the DIP Lenders with a first-priority lien on valuable unencumbered real property assets<sup>69</sup> and provide the Debtors' convertible noteholders and Equipment Lenders with adequate protection in the form of replacement liens (junior to the liens under the Replacement DIP Facility) and super-priority administrative priority Claims for any diminution in the value of their collateral during the Chapter 11 Cases.

On February 2, 2023, the Bankruptcy Court entered an order approving the DIP Facility on an interim basis and approving the repayment of the Original DIP Facility (Docket No. 447) (the "**Interim DIP Order**"). Prior to the hearing to approve the DIP Facility on an interim basis, the Creditors' Committee filed a statement objecting to the Debtors' proposed payment of the Exit Fees under the Original DIP Facility. However, consistent with the Debtors' interpretation of the Original DIP Order, the Bankruptcy Court overruled the objection and held that the Debtors were required to pay the Exit Fees.

Upon entry of the Interim DIP Order, the Debtors terminated the Original DIP Facility and paid the \$46.4 million balance owed under the Original DIP Facility, including Exit Fees of approximately \$6 million, with the proceeds of DIP Facility.

Shortly thereafter, the Debtors exercised the fiduciary out contained in the RSA and terminated the RSA (Docket No. 517).

On March 1, 2023, the Bankruptcy Court entered an order approving the Debtors' entry into the DIP Facility on a final basis (Docket No. 608) (the "**DIP Order**").

On July 4, 2023, an amendment to the DIP Facility became effective (the "**DIP Amendment**") (Docket No. 1032). The DIP Amendment provided, among other things, (i) that the Debtors may make certain transfers or payments in connection with settlements of certain third-party claims as described in the DIP Amendment and (ii) for a reduction in the Excess Cash (as defined in the DIP Order) threshold amount to the sum of \$40.0 million and an amount (which shall not be less than zero) equal to \$5.0 million less the amount of any payments on account of prepetition claims, liens or cure costs made by any obligor after June 30, 2023. This Excess Cash threshold amount reduction resulted in the Debtors' making a \$6.5 million mandatory prepayment under the DIP Facility on July 7, 2023 and a \$7.6 million mandatory prepayment under the DIP Facility on August 7, 2023.

Subsequent to the entry of the DIP Order, the Debtors have repaid approximately \$21.4 million of principal under the DIP Facility pursuant to terms thereof that require a repayment to the DIP Lenders for any amount of unrestricted cash over the applicable threshold at the end of a month. The Debtors exceeded this threshold in each of April, May, June, and July.

As of August 7, 2023, \$13.6 million of principal remains outstanding under the DIP Facility.

---

<sup>69</sup> The real property assets were only subject to the Convertible Noteholder's liens on any fixtures.

**C. Rejection of Celsius Hosting Contract**

To minimize losses incurred by the Debtors under the Celsius Contracts from Celsius's unpaid PPT Charges, the Debtors filed a motion to reject the Celsius Contracts on December 28, 2022 (the "**Rejection Motion**") (Docket No. 189). Celsius filed a "Preliminary Objection," not opposing the relief sought, but objecting to the timing of the hearing on the motion. The Court held a hearing on the Rejection Motion on January 3, 2023 and entered an order approving the rejection of the Celsius Contracts on January 4, 2023 (Docket No. 232). The Celsius dispute is discussed in more detail below.

**D. Appointment of Creditors' Committee**

On January 9, 2023, the Office of the United States Trustee for Region 7 (the "**U.S. Trustee**") appointed the Creditors' Committee pursuant to section 1102 of the Bankruptcy Code to represent the interests of unsecured creditors in these Chapter 11 Cases (Docket No. 257). On February 3, 2023, the U.S. Trustee reconstituted the Creditors' Committee (Docket No. 456). The current members of the Creditors' Committee are: (i) Dalton Utilities; (ii) Sphere 3D Corp.; (iii) MP2 Energy LLC d/b/a Shell Energy Solutions; and (iv) Tenaska Power Services Co.<sup>70</sup> The Creditors' Committee retained Willkie Farr & Gallagher LLP, as counsel, Gray, Reed & McGraw LLP, as conflicts and efficiency counsel, and Ducera Partners LLP, as financial advisor. *See* (Docket Nos. 664, 602, and 675).

**E. Appointment of Equity Committee**

As the price of bitcoin began to increase after the Petition Date, an ad hoc group of the Debtors' equity holders (the "**Ad Hoc Equity Group**") formed and reached out to both the Debtors and the U.S. Trustee seeking the appointment of an official equity committee. Following the U.S. Trustee's denial of such request, on February 3, 2023, the Ad Hoc Equity Group filed a motion with the Bankruptcy Court seeking the appointment of an official equity committee (Docket No. 458).

Although the Debtors initially opposed the appointment of an official equity committee, as the price of bitcoin continued to increase, the Debtors ultimately engaged in negotiations with the Ad Hoc Equity Group and ultimately supported the appointment of an official equity committee on certain conditions, including a budget of \$4.75 million and a scope limited to issues of valuation and plan negotiation. *See* (Docket No. 570). The Debtors shifted their position on the official equity committee because (i) rising bitcoin prices and lower energy costs suggested the Debtors may be solvent and (ii) principles of fairness supported the equity holders receiving representation with respect to the issues of valuation and plan negotiation. On March 1, 2023, the Bankruptcy Court entered an order (Docket No. 642) directing the appointment of an Equity Committee on the terms set forth therein.

On March 23, 2023, the U.S. Trustee appointed the Equity Committee pursuant to section 1102 of the Bankruptcy Code to represent the interests of equity security holders in these Chapter 11 Cases (Docket No. 724). The Equity Committee is comprised of (i) The Rudolph Family Trust, (ii) Douglas S. Wall, (iii) Brent Berge, (iv) Foundry Digital LLC, (v) RBH Holdings LLC, and (vi) Aaron Baker. The Equity Committee subsequently retained Vinson & Elkins LLP as its counsel and FTI Consulting, Inc. as its financial advisor. *See* (Docket Nos. 933 and 934).

**F. Debtors' Key Employee Retention Program and Proposed Amendment to CFO's Employment Agreement**

In December 2022, with input from their Advisors and an independent compensation consultant, the Debtors adopted a two-tier key employee retention program (the "**Original KERP**") to retain certain key employees (the "**Key Employees**") throughout the Debtors' restructuring efforts.

---

<sup>70</sup> B. Riley was originally appointed as a member of the Creditors' Committee and participated on the Creditors' Committee through January 24, 2023, on which date its affiliate determined to engage in discussions regarding providing an alternative DIP financing proposal to the Debtors. B. Riley resigned from the Creditors' Committee upon the Bankruptcy Court's entry of the Interim DIP Order.

---

The first tier of the Original KERP provided certain key executives with awards designed to retain such executives through these Chapter 11 Cases. The Debtors paid the awards for Tier 1 of the Original KERP prior to the Petition Date.

The second tier of the Original KERP provided for discretionary bonuses to certain non-executive Key Employees (the “**Second Tier Original KERP Members**”), approximately 110 members of the Debtors’ non-executive workforce, who perform a variety of important business functions for the Debtors, including accounting, legal, business development and intelligence, information technology, finance, facility and project management, and operational functions. The second tier KERP provides for quarterly cash payments to the applicable Second Tier Original KERP Member, upon signing a retention agreement, in the amount of \$5,000 to \$50,000 (the “**Second Tier Original KERP Payments**”), with the first installment of Second Tier KERP Payments to be paid on the first regular payroll date following Bankruptcy Court approval of the KERP and the remaining three installments of the Second Tier Original KERP Payments each to be paid quarterly on the last payroll date in May, August, and November 2023. In the event a “Restructuring Event” (as defined in the KERP Motion) is consummated prior to any scheduled payment, any remaining, unpaid Second Tier Original KERP Payments will be paid within fifteen (15) days following such Restructuring Event. Additionally, all Second Tier Original KERP Members who are employed at the Cottonwood Facility will receive their Second Tier Original KERP Payment in a single installment on the first payroll date following August 31, 2023. In return for accepting the terms of their retention agreement, each Second Tier Original KERP Member forfeits his or her rights to annual bonuses or other cash-based incentive awards.

On March 3, 2023, the Debtors filed a motion seeking approval from the Bankruptcy Court, and pay the amounts due under the second tier of the KERP (the “**KERP Motion**”) (Docket No. 633). On March 30, 2023, the Bankruptcy Court entered an order granting the relief requested (Docket No. 738) (the “**KERP Order**”). The Debtors are authorized under the KERP Order to pay out up to \$1.365 million in the aggregate for all payments under the second tier of the KERP.

In the near term, the Debtors intend to file a motion seeking approval from the Bankruptcy Court for a supplemental key employee retention program (the “**Supplemental KERP**”) (Docket No. [•]) (the “**Supplemental KERP Motion**”). Subject to the Court’s approval, the Supplemental KERP provides for incremental payments of bonuses, in the aggregate amount not to exceed \$675,000, to 22 non-insider key employees (the “**Supplemental KERP Participants**”), who perform a variety of core business functions for the Debtors, including engineering, data centers, human resources, finance, and IT. The Supplemental KERP will provide for quarterly cash payments to the applicable Supplemental KERP Participants, upon signing a supplemental retention agreement, in the amount of \$10,000 to \$75,000 (the “**Supplemental KERP Payments**”), with the first installment of Supplemental KERP Payments to be paid on the first regular payroll date following Bankruptcy Court approval of the Supplemental KERP Motion and the remaining installment(s), if any, of the Supplemental KERP Payments each be paid quarterly and in sync (if possible) with any prior payouts approved under the Original KERP. In the event a “Restructuring Event” (as defined in the Supplemental KERP Motion) is consummated prior to any scheduled payment, any remaining, unpaid Supplemental KERP Payments will be paid within fifteen (15) days following such Restructuring Event.

The Debtors also intend to file a motion seeking approval from the Bankruptcy Court to enter into an amended employment agreement for the Debtors’ Executive Vice President and Chief Financial Officer, Denise Sterling (the “**Amended CFO Agreement**”, and such amendment, the “**CFO Agreement Amendment**”) (Docket No. [•]) (the “**Amended CFO Agreement Motion**”). Subject to the Court’s approval, the CFO Agreement Amendment provides an incentive-based compensation program for CFO Sterling based on a performance metric tied to the Debtors’ selling, general, and administrative expense margin (“**SG&A Margin**”). Under the Amended CFO Agreement, the performance metric will be tested at the end of each month from September 1, 2023 to November 30, 2023. For each month, CFO Sterling will receive (i) \$25,000 at threshold performance (26% SG&A Margin), (ii) \$28,000 at target performance (22% SG&A Margin), or (iii) \$32,000 at maximum performance (20% SG&A Margin). If at least threshold performance is achieved each month, payouts will occur upon the first scheduled salary payment date after performance results are certified. The CFO Agreement Amendment does not provide a payout unless CFO Sterling achieves performance at or above the threshold level of the performance metric. In the event the Debtors emerge from bankruptcy prior to any of the dates during the performance period, the outstanding remaining balance of the payout will be payable on the date of emergence contingent upon actual performance at that time. The CFO Agreement Amendment does not amend CFO Sterling’s original employment agreement in any material aspect.

### G. Sale Process for Certain of the Debtors' Facilities

Before the Petition Date, when the Debtors were identifying potential means to improve liquidity to avoid a chapter 11 filing, the Debtors engaged in an informal marketing process for the sale of three of their facilities: the Muskogee Facility; the Cedarvale Facility; and the Cottonwood Facility (collectively, the "**Sale Facilities**"). After engaging PJT, the Debtors and PJT together continued a marketing process of the Sale Facilities.

After the Petition Date, the Debtors and PJT continued to market the Sale Facilities. The Debtors and their Advisors spoke to numerous interested purchasers and ultimately received six (6) indications of interest from potential purchasers. After discussions with the potential purchasers, the Debtors determined that either the potential offers were either of insufficient value and/or the potential purchasers did not have sufficient funds to complete the purchase. After several months, the Debtors abandoned the formal Sale Process. As further described below, the Debtors will sell the Cedarvale Facility to Celsius pursuant to the Celsius Settlement (as defined below). The Debtors decided to include the Cottonwood Facility in their Business Plan (as defined below); however, they remain open to any offers that provide them sufficient value for the Muskogee Facility.

### H. Sale of Bitmain Coupons

Prior to the Petition Date, the Debtors acquired Miners from Bitmain Technologies Ltd. ("**Bitmain**") in the ordinary course of business. In connection with these purchases, Bitmain provided coupons to the Debtors valid for future acquisitions of new S19 Miners from Bitmain (the "**Bitmain Coupons**"), with expiration dates between March 22, 2023 and April 23, 2023. After engaging in discussions with potential purchasers of the Bitmain Coupons, on January 25, 2023, Debtors filed a motion for authority to sell their Bitmain Coupons (Docket No. 346). Following a hearing on February 1, 2023, the Bankruptcy Court granted the relief requested in the Debtors' motion (Docket No. 429). The Debtors ultimately generated approximately \$3 million in proceeds from the sale of Bitmain Coupons.

### I. Settlements/Agreements with Creditors

#### i. NYDIG Stipulation and Agreed Order

As of the Petition Date, Debtors owed NYDIG approximately \$38.6 million of principal, plus certain interest, fees, expenses, and other obligations under various equipment financing loans (the "**NYDIG Debt**"). The NYDIG Debt was secured by 27,403 Miners (the "**NYDIG Collateral**").

After extensive negotiations between the Debtors and NYDIG, on February 2, 2023, the Debtors entered into a stipulation with NYDIG for the Debtors to transfer the NYDIG Collateral to NYDIG in exchange for the cancellation of the NYDIG Debt and the Debtors filed a motion to approve the settlement (Docket No. 448). The Bankruptcy Court approved the stipulation on February 27, 2023 (Docket No. 574). As of the date hereof, the Debtors have completed the transfer of the NYDIG Collateral to NYDIG and the NYDIG Debt has been discharged.

#### ii. Priority Power Management Settlement

The Debtors achieved a significant milestone in the Chapter 11 Cases by settling their substantial disputes with Priority Power Management ("**PPM**"). Prior to the Petition Date, the Debtors had engaged PPM, an energy management services procurement and infrastructure development firm, to perform various consulting, energy management, and energy infrastructure development services in connection with power at their two facilities in west Texas, the Cottonwood Facility and the Cedarvale Facility (together, the "**West Texas Facilities**"), including the build out and construction of certain electrical infrastructure at the West Texas Facilities.

In May 2022, as it became clear the West Texas Facilities would not be supplied with the power capabilities PPM and the Debtors had anticipated, the Debtors ceased making payments to PPM. With both parties alleging that the other party was in breach of the agreement, PPM and the Debtors began negotiating a global settlement. As discussions between the parties continued, PPM asserted mechanics' liens against the Debtors based on goods, labor, and materials supplied to, for, or in connection with the work performed at the West Texas Facilities (collectively, the "**PPM Liens**"). The Debtors asserted claims against PPM for significant losses they incurred as a result of PPM's failure to secure the anticipated energy load for the West Texas Facilities (the "**Debtors' PPM Claims**").

---

After extensive and good faith negotiations, the Debtors and PPM reached a global settlement (the “**PPM Settlement**”), further detailed in the Debtors’ motion to approve the PPM Settlement (Docket No. 655). Pursuant to the PPM Settlement: (i) PPM’s allowed Claim for \$20.8 million was deemed paid and satisfied in full; (ii) PPM agreed to release the PPM Liens and any claims against the Debtors; and (iii) the Debtors agreed to release the Debtors’ Claims. On March 20, 2023, the Bankruptcy Court entered an order (Docket No. 706) approving the PPM Settlement.

*iii. Atalaya Settlement*

After considerable negotiations, the Debtors reached a settlement with Atalaya, a lessor of 5,770 Miners to the Debtors. Pursuant to the settlement, the parties amended the lease to (i) extend the lease term enabling Debtors to utilize the Atalaya Miners in their Self-Mining operations for a longer period of time and (ii) lower the Debtors’ monthly payment obligations to Atalaya. In return, within thirty days of assumption of the Atalaya lease, the Debtors must (i) cure all prepetition missed payments, (ii) grant Atalaya with an administrative expense Claim for unpaid postposition lease payments for the sixty (60) days following the Petition Date, and (iii) pay Atalaya’s professional fees subject to a \$200,000 cap. June 30, 2023 the Debtors filed a motion to assume the Atalaya lease, as amended (Docket No. 1021) (the “**Atalaya Assumption Motion**”). On August 16, 2023, the Bankruptcy Court entered an order (Docket No. 1154) granting the relief requested in the Atalaya Assumption Motion.

*iv. Denton Agreement*

On June 28, 2023 the Debtors filed a motion to assume, as amended, their lease with the city of Denton, a lessor of nonresidential real property (Docket No. 1005) (the “**Denton Lease Assumption Motion**”). The amendments to the lease provide for, among other things, the extension of the lease term and a waiver of the default that would have otherwise arisen from the mechanic’s liens that have attached to the property. On August 16, 2023, the Bankruptcy Court entered an order (Docket No. 1153) granting the relief requested in the Denton Lease Assumption Motion. Within three business days of the entry of the order approving the Denton Lease Assumption Motion, the Debtors were required to pay the applicable agreed cure costs to Denton totaling approximately \$1.5 million.

*v. M&M Lien Settlements*

The Debtors have reached settlements or agreements in principle with the following General Contractors who have asserted M&M Liens against the Debtors’ assets: (i) Condair and HMC, which have been approved by the Bankruptcy Court (*see* Docket Nos. 1155 & 1167); and (ii) Trilogy, Didado, and Harper which are subject to pending motions before the Bankruptcy Court (*see* Docket Nos. 1058, 1061, & 1189) (collectively, the “**M&M Lien Settlements**”). Each of the M&M Lien Settlements is explained in further detail below:

(a) Condair Settlement

The Debtors recently entered into a settlement agreement with Condair Inc. (“**Condair**”) to resolve Condair’s claims, as set forth in the Debtors’ motion (Docket No. 1057) filed on July 14, 2023 (the “**Condair Settlement**”).

In connection with the Debtors’ West Texas Facilities, the Debtors had contracted with Condair, a producer of industrial humidification, dehumidification and evaporative cooling products, to build six wet-wall cooling products (each a “**Wet-Wall**”). Condair specially designed and produced the Wet-Walls, two of which were successfully delivered to the Debtors, another two of which were completed and are being warehoused by Condair, and another two of which are in the process of being specially fabricated. In the time between contracting with Condair to construct the Wet-Walls and receiving the Wet-Walls from Condair, the Debtors decided to use an alternate cooling system at their West Texas Facilities.

For the work done on the Wet-Walls, Condair asserted mechanics’ liens against the Debtors’ West Texas Facilities and filed POC No. 430 asserting a Claim of \$11,784,176.80. After negotiations, the Debtors and Condair agreed to the Condair Settlement, which, among other things, provides that in exchange for the Debtors making a \$2.4 million

---

payment to Condaire within five days of the Bankruptcy Court's approval of the Condaire Settlement, (i) Condaire will release its mechanics liens on the Debtors' West Texas Facilities and (ii) all Condaire's claims against the Debtors shall be deemed paid in full and expunged. The Condaire Settlement further provides that the Debtors no longer have any interest in the two completed and two partially fabricated Wet-Walls that remain in Condaire's possession, any and all contracts and outstanding purchase orders between the Debtors and Condaire are terminated, and Condaire shall not have claims for rejection damages based on the termination of those contracts. Condaire and the Debtors further granted a complete and final release of all claims against each other.

On August 16, 2023, the Bankruptcy Court entered an order (Docket No. 1155) approving the Condaire Settlement.

(b) Trilogy Settlement

The Debtors recently entered into a settlement agreement with Trilogy LLC ("Trilogy") to resolve Trilogy's claims, as set forth in the Debtors' motion (Docket No. 1058) filed on July 14, 2023 (the "**Trilogy Settlement**"). The Trilogy Settlement remains subject to Bankruptcy Court approval. The deadline for parties to object to the Trilogy Settlement was August 4, 2023, but the Ad Hoc Noteholder Group was granted an extension until August 14, 2023 to conduct additional diligence. No objections to the Trilogy Settlement were filed prior to the respective objection deadlines.

In connection with the Debtors' Texas Facilities, the Debtors contracted with Trilogy, a manufacturer of commercial and industrial power distribution units ("**PDUs**") that provides a variety of services in connection with the manufacturing, assembly, and installation of PDUs for use in bitcoin mining facilities. The Debtors entered into a series of purchase orders with Trilogy to purchase PDUs for use in its facilities (the "**Trilogy Contracts**"). Trilogy manufactured, assembled, and installed PDUs and associated components for use in the Debtors' Facilities pursuant to the Trilogy Contracts. For the work done under the Trilogy Contracts, Trilogy asserted mechanics' liens against the Debtors' Texas Facilities and filed POC Nos. 1, 5 and 7 in the total amount of \$14,849,165.90 in the Debtors' Chapter 11 Cases. To resolve these claims, the Debtors entered into negotiations with Trilogy and reached the Trilogy Settlement.

The Trilogy Settlement provides that the Debtors will (i) make a \$2,750,890 payment to Trilogy within five days of the Bankruptcy Court's approval of the Trilogy Settlement and (ii) deliver a duly executed promissory note (the "**Trilogy Note**") in the principal amount of \$2,926,639 to Trilogy, which shall bear interest at the rate of 5% per annum, have a term of 30 months, and be payable in equal monthly installments. In consideration for the foregoing, (a) Trilogy will deliver to Debtors final unconditional lien releases for all work performed and all goods, labor and materials supplied to Debtors, (b) Trilogy will release its mechanics liens on the Debtors' Texas Facilities, (c) all claims against the Debtors shall be deemed paid in full and expunged, (d) all contracts and purchase orders between Trilogy and Debtors are terminated and Trilogy will not have claims for rejection damages based on the terminations of those contracts, (e) any amounts repaid under the Trilogy Note shall be available to Debtors as a credit (the "**Repaid Note Credit**") which may be applied toward the purchase of future orders of PDUs in satisfaction of up to twenty percent (20%) of the total purchase price of any future order; provided that, to the extent the Repaid Note Credit has not been applied in full on or prior to the date which is the fifth (5th) anniversary of court approval of the Trilogy Settlement (such date, the "**Repaid Note Credit Expiration Date**"), the Repaid Note Credit shall expire on the Repaid Note Credit Expiration Date and no longer be available for application by, or refundable to, the Debtors thereafter, (f) following court approval of the Trilogy Settlement, the maximum purchase price of all goods purchased by the Debtors from Trilogy in the future shall be the manufacturers' suggested retail price, and (g) Trilogy shall have no further interest, if any, in goods which Debtor ordered from Trilogy which were previously delivered to the Debtors on or prior to December 31, 2022.

(c) J.W. Didado Settlement

The Debtors recently entered into a settlement agreement with J.W. Didado Electric, LLC ("**Didado**") to resolve Didado's claims, as set forth in the Debtors' motion (Docket No. 1061) filed on July 14, 2023 (the "**Didado Settlement**"). The Didado Settlement remains subject to Bankruptcy Court approval. The deadline for parties to object to the Didado Settlement was August 4, 2023, but the Ad Hoc Noteholder Group was granted an extension until August 11, 2023 to conduct additional diligence. No objections to the Didado Settlement were filed prior to the respective objection deadlines.

---

In connection with the Debtors' Muskogee Facility, the Debtors contracted with Didado, a full service electrical contractor, to develop and construct electrical infrastructure. For the work done on the Muskogee Facility, Didado asserted mechanics' liens on the Debtors' Muskogee Facility and filed POC Nos. 263 and 310 asserting a Claim of \$26,049,229.00 in the Debtors' Chapter 11 Cases. To resolve these claims, the Debtors engaged in negotiations with Didado and ultimately reached the Didado Settlement. Among other things, the Didado Settlement provides that in exchange for the Debtors delivering a duly executed promissory note in the principal amount of \$13,000,000 to Didado, which shall bear interest at the rate of 5% per annum, have a term of 36 months, be subject to certain mandatory prepayments, and be payable in equal monthly installments, (i) Didado will deliver to the Debtors final unconditional lien releases for all work performed and all goods, labor and materials supplied to the Debtors, (ii) Didado will release its mechanics liens on the Debtors' Muskogee Facility and (iii) all claims against the Debtors shall be deemed paid in full and expunged. The Didado Settlement further provides that all contracts and outstanding purchase orders between the Debtors and Didado are terminated, and Didado shall not have claims for rejection damages based on the termination of those contracts.

(d) Huband-Mantor Construction Settlement

The Debtors recently entered into a settlement agreement with Huband-Mantor Construction, Inc. ("**HMC**") to resolve HMC's claims, as set forth in the Debtors' motion (Docket No. 1062) filed on July 14, 2023 (the "**HMC Settlement**").

In connection with the Debtors' West Texas Facilities, the Debtors contracted with HMC, a general contractor that provides contracting and project management services for residential and commercial construction projects. The Debtors entered into a series of agreements with HMC to develop and construct physical infrastructure at the West Texas Facilities.

For the work done on the West Texas Facilities, HMC asserted mechanics' liens against the Debtors' West Texas Facilities and filed POC Nos. 55 and 90 asserting a Claim of \$27,869,128.61 in the Debtors' Chapter 11 Cases. In addition, certain subcontractors and sub-subcontractors of HMC have asserted mechanics' liens against the Debtors' West Texas Facilities and filed POC Nos. 3, 43, 44, 45, 46, 47, 84, 85, 91, 114, 163, 171, 186, 193, 194, 273, 274, 275, 276, 341, 343, 356, and 514, asserting Claims (collectively, the "**HMC Sub Claims**") in the Debtors' Chapter 11 Cases. To resolve the Claims filed by HMC and the mechanics' asserted by each of HMC and its subcontractors and sub-subcontractors, the Debtors engaged in negotiations with HMC and ultimately reached the HMC Settlement. Among other things, the HMC Settlement provides that for the Debtors will (i) make a \$2,000,000 payment to HMC in immediately available funds, (ii) deliver a duly executed promissory note (the "**HMC Note**") in the principal amount of \$15,500,000 to HMC, which HMC Note shall bear interest at the rate of 5% per annum, with a default interest rate of 12% per annum, have a term of 36 months, be subject to certain mandatory prepayments, and be secured by a duly executed leasehold deed of trust encumbering the Debtors' leasehold estate in the Cottonwood 1 Facility, which Mortgage shall have the same priority as the mechanics' liens filed by HMC, (iii) deliver an estoppel agreement duly executed by the landlord under the lease of the Cottonwood 1 Facility, (iv) use commercially reasonable efforts to deliver an estoppel agreement duly executed by Engie Resources LLC ("**Engie**"), the electric power supplier for the Cottonwood 1 Facility. In consideration for the foregoing, (a) HMC, its subcontractors and its sub-subcontractors will release their mechanics liens on the Debtors' West Texas Facilities, HMC will release its Claims, and HMC will support any objections filed by the Debtors to the HMC Sub Claims, and (b) all claims against the Debtors shall be deemed paid in full and expunged. The HMC Settlement further provides that all contracts and outstanding purchase orders between the Debtors and HMC are terminated, and HMC shall not have claims for rejection damages based on the termination of those contracts.

On August 18, 2023, the Bankruptcy Court entered an order (Docket No. 1167) approving the HMC Settlement.

(e) Harper Construction Settlement

The Debtors recently entered into a settlement agreement with Harper Construction Company Inc. ("**Harper**") to resolve Harper's claims, as set forth in the Debtors' motion (Docket No. 1189) filed on August 30, 2023 (the "**Harper Settlement**"). The Harper Settlement remains subject to Bankruptcy Court approval. The deadline for parties to object to the Harper Settlement is September 20, 2023.

In connection with the Debtors' Muskogee Facility, the Debtors contracted with Harper, a general contractor, to develop and construct the physical infrastructure at the Muskogee Facility. For the work done on the Muskogee Facility, Harper asserted mechanics' liens on the Muskogee Facility totaling \$9,700,571.00 and filed POC No. 437 asserting a Claim of \$20,738,602.00 in the Debtors' Chapter 11 Cases. Additionally, certain of the subcontractors Harper engaged to assist with the construction of the Muskogee Facility asserted mechanics' liens on the Muskogee Facility totaling \$5,848,157.89 (the "**Sub-Liens**"). To resolve these claims and Sub-Liens, the Debtors engaged in negotiations with Harper and ultimately reached the Harper Settlement. Among other things, the Harper Settlement provides for the Debtors to (i) make a \$1.5 million cash payment to Harper within 5 days of entry of the proposed order, (ii) deliver a duly executed promissory note in the principal amount of \$4,678,388.00 to Harper, which shall bear interest at the rate of 5% per annum, have a term of 30 months, be fully amortizing with interest beginning to accrue 45 days after the Effective Date, and be subject to certain mandatory prepayments, and (iii) make a \$445,636.00 payment to Harper within 15 days of the Effective Date. In consideration for the foregoing, (x) Harper will deliver to the Debtors final unconditional lien releases for all of the Sub-Liens, (y) Harper will waive a portion of its mechanics' liens on the Muskogee Facility so that the remaining mechanics' liens held by Harper do not secure an amount in excess of \$3 million, and (z) all Harper's other claims against the Debtors shall be deemed paid in full and expunged. The Harper Settlement further provides that the outstanding contracts between the Debtors and Harper are each terminated on or prior to September 30, 2023, and the parties shall not have claims for damages any other cause of action based on the termination of those contracts.

*vi. Celsius Settlement*

- (a) Celsius's Claims
- i. Celsius's Proofs of Claim

On April 14, 2023, Celsius filed POCs Nos. 425 and 497 against Core Scientific, Inc., asserting purported breaches of the Celsius Contracts by Core (the "**Celsius Hosting POCs**") and seeking over \$312 million.<sup>71</sup> The Celsius Hosting POCs does not explain its damages calculation, but the \$312 million appears to be comprised of lost profits, lost revenues, special damages and/or consequential damages, which are expressly barred by the limitations of liability provisions set forth in the Celsius Contracts. Without any basis, Celsius notes in the Celsius Hosting POCs that its Claims are contingent on the assumption that "any limitations of liability in the contracts do not apply."

On April 24, 2023, the Debtors filed an objection to the Celsius Hosting POCs (the "**Celsius Hosting POC Objection**") (Docket No. 819). The Debtors contend that Celsius' asserted Claims are not recoverable because the Celsius Contracts explicitly limit the aggregate amount of recovery to which Celsius could ever be entitled to an amount equal to one month's fee per applicable order. In addition, the Celsius Contracts expressly exclude recovery for lost profits, loss of business, loss of revenues, consequential or indirect damages, and any incidental, special reliance, exemplary, or punitive damages. The Debtors also disputed that they breached the Celsius Contracts prior to rejection. The parties stayed Celsius's deadline to respond to the Celsius Hosting POC Objection pending the parties' Mediation (as defined below) and did not have a hearing for consideration of these Claims.

On May 30, 2023, the Debtors filed a motion for partial summary judgment with respect to the Celsius Hosting POCs (Docket No. 942) (the "**Summary Judgment Motion**"). The Debtors requested that the Bankruptcy Court enter judgment that, as a matter of law, the unambiguous limitations of liability provisions set forth in the Celsius Contracts (1) limit Debtors' total liability to one month's fee (here, approximately \$5.7 million) and (2) prevent Celsius from recovering lost profits; loss of business; loss of revenues; loss, interruption or use of data or loss of use of Celsius equipment; any consequential, or indirect damages; or cost of cover, incidental, special, reliance or punitive damages (which reduces Celsius's Claim as asserted by over \$300 million).

<sup>71</sup> Celsius US Holding LLC filed additional POCs against certain of the Debtors on April 14, 2023. See Claim No. 428 filed against Core Scientific, Inc.; Claim No. 434 filed against Core Scientific Mining LLC; Claim No. 436 filed against Core Scientific Acquired Mining LLC; Claim No. 439 filed against Core Scientific Operating Company; Claim No. 469 filed against American Property Acquisition, LLC; Claim No. 494 against American Property Acquisitions I, LLC; Claim No. 495 against Starboard Capital LLC; and Claim No. 496 against Core Scientific Specialty Mining (Oklahoma) LLC. The Debtors have not yet objected to these additional POCs, but reserve all rights in that regard.

---

On June 21, 2023, Celsius filed its opposition to the Summary Judgment Motion (Docket No. 942) (the “**Summary Judgment Opposition**”). Due to settlement discussions, the Debtors did not file a reply to the Summary Judgment Opposition, and no hearing on the Summary Judgment motion has been scheduled.

ii. Celsius’s Administrative Claim Motion

In addition to the Celsius Hosting POC, Celsius also filed a motion directing immediate payment of its asserted administrative expense claim (Docket No. 801) (the “**Celsius Administrative Claim Motion**”). On May 5, Debtors filed an objection in response to the Celsius Administrative Claim Motion (Docket No. 861) (the “**Celsius Administrative Claim Objection**”). The Debtors contend that Celsius is not entitled to an administrative claim, due to the claims that Debtors and Celsius have asserted against each other in their respective chapter 11 cases and that even if Celsius does have an administrative claim, it should be limited by the doctrines of recoupment and setoff.

The parties stayed Celsius’s deadline to respond to the Celsius Administrative Claim Objection pending the parties’ Mediation, and the hearing on the Celsius Administrative Claim Motion was similarly adjourned pending the parties’ Mediation.

(b) Debtors’ Claims Against Celsius

On January 3, 2023, the Debtors timely filed an initial POC in the Celsius Chapter 11 Cases (Claim No. 17273 filed against Celsius Mining LLC) (the “**Initial Core POC**”). On February 9, 2023, after the bar date was extended in the Celsius Chapter 11 Cases, the Debtors timely filed an amended POC, which amended and superseded the Initial Core POC in all respects (Claim No. 23022 filed against Celsius Mining LLC) (the “**Amended Core POC**” and, together with the Initial Core POC, the “**Core POCs**”).

Pursuant to the Core POCs, the Debtors assert that Celsius owes them approximately \$3,886,169.41 in liquidated prepetition amounts relating to hosting services and in excess of \$30 million in amounts to be liquidated, and the Debtors reserved the right to seek the equitable subordination of Celsius’s Claims in the Debtors’ Chapter 11 Cases. Celsius has not filed an objection to the Core POCs.

The Debtors also reserved their rights to assert administrative claims against Celsius relating to unpaid PPT Charges following the filing of Celsius Chapter 11 Cases through the date the Debtors rejected the Celsius Contracts and the significant legal fees the Debtors incurred as a result of defending against the Celsius’s Claims.

(c) Proposed Mediation

The Debtors and Celsius had previously agreed to mediate the issues and disputes underlying the Automatic Stay Motion, the Core Administrative Claim Motion, the Rejection Motion, the Core POCs, the Celsius Hosting POCs, the Celsius Administrative Claim Motion, and the Summary Judgment Briefing (the “**Mediation**”). The Mediation was scheduled to commence on July 11, 2023 at 1:30 pm (Prevailing Central Time) in Houston, Texas before the Honorable Marvin Isgur, United States Bankruptcy Judge for the Southern District of Texas (Docket No. 968). However, as further described below, prior to Mediation, the Debtors and Celsius reached an agreement in principle to resolve their disputes and claims and as a result of such negotiations have agreed to cancel the Mediation.

(d) Celsius Settlement

After extensive and good faith negotiations, the Debtor and Celsius reached an agreement in principle that provides for a global resolution of all claims and disputes between the Debtors and Celsius, except for Celsius’s convertible notes claims (the “**Celsius Settlement**”). The Celsius Settlement is subject to final agreement, documentation, and the approval by both the Bankruptcy Court and the bankruptcy court in the Celsius Chapter 11 Cases.

*vii. Foundry Settlement*

The Debtors have reached an agreement, subject to the terms and conditions of the Foundry Settlement Documents, with hosting client Foundry Digital LLC (“**Foundry**”) to, among other things, resolve Foundry’s filed POCs Nos. 360 and 361 against Debtor entities Core Scientific Acquired Mining LLC and Core Scientific, Inc., each in the amount of not less \$18,404,990.08 plus interest (the “**Foundry POCs**”). The Claims asserted in the Foundry POCs arose from the Debtors’ non-payments of amounts owed under that certain Amended and Restated Asset Purchase Agreement, dated February 2, 2022, between Foundry and Core Scientific Acquired Mining LLC and Core Scientific, Inc. The Debtors and Foundry have negotiated a settlement agreement to fully resolve the Foundry POCs in accordance with, and subject to the terms and conditions of, the Foundry Settlement Documents, as described in the Debtors’ motion (Docket No. 1080), filed on August 25, 2023 (the “**Foundry Settlement Motion**”). Pursuant to the Foundry Settlement Documents, in satisfaction of the Foundry POCs, among other agreements or transactions, the Debtors (i) have agreed to assume their existing hosting agreements with Foundry; (ii) have entered into a new hosting agreement in connection with 2,106 Bitmain Antminer S19 XP mining machines identified in the Foundry Settlement Agreement (the “**Identified Miners**”) that are currently in the possession of the Debtors, pursuant to which, effective and commencing on the Effective Date, the Debtors will host and operate the Identified Miners and split the profits therefrom with Foundry in accordance with such hosting agreement; and (iii) will transfer, convey and deliver all of their rights, title and interest in, to and under, and possession of, the Identified Miners to Foundry on the earlier of first anniversary of the date of the Foundry Settlement Agreement and the termination or expiration of the term of the hosting agreement referenced in the immediately preceding clause (ii) of this subsection (vii). The Debtors have filed the Foundry Settlement Motion requesting Bankruptcy Court approval of the Foundry Settlement Documents under Bankruptcy Rule 9019. If approved, the Foundry Settlement Agreement, and subject to the other terms and conditions of the Foundry Settlement Documents, the Foundry Settlement will go into effect on the Foundry Settlement Effective Date.

*viii. Miner Equipment Lender Settlement*

As discussed above, the Debtors recently entered into a settlement agreement with one of their largest secured creditor groups, the Equipment Lenders. The settlement resolves disputes with the Settling Equipment Lenders relating to (i) the Debtors’ valuation of the Equipment Lenders’ collateral (impacting the Allowed Miner Equipment Lender Secured Claim Amounts as set forth on the Miner Equipment Claims Schedule), (ii) the terms of the take-back debt the Debtors were providing to the Holders of Miner Equipment Lender Secured Claims under the initial Plan, and (iii) adequate protection/diminution of value.

Due to the complexity of these legal issues as well as the novel issue of valuing Miner collateral, a dispute of such issues could delay confirmation of the Plan and be costly to litigate. In addition, although the Debtors believed they would prevail in litigation, they could not be certain, and a loss on certain of these issues could have resulted in the need to make additional cash payments to the Equipment Lenders. Rather than expend time and money disputing these issues to the detriment of all stakeholders, the parties came to terms on the Miner Equipment Lender Settlement.

The Miner Equipment Lender Settlement provides the Settling Equipment Lenders will vote in favor of the Plan (subject to receipt of a Court-approved Disclosure Statement) in exchange for an election of the following negotiated treatment: (i) secured debt with a principal amount that is 80% of the Settling Equipment Lender’s Allowed Claims in the form of Miner Equipment Lender Takeback Debt (Election 2), with a waiver of any recovery on account of any Miner Equipment Lender Deficiency Claims (the “**Negotiated Settlement**”); (ii) full equitization of the Settling Equipment Lender’s Allowed Miner Equipment Lender Secured Claim (the “**Equitization Option**”) in the form of Miner Equipment Lender Treatment Election 1, or (iii) the Default Miner Equipment Lender Treatment. In addition, pursuant to the Miner Equipment Lender Settlement (i) the Debtors and the Settling Equipment Lenders reach an agreement as to the Allowed amounts of the Miner Equipment Lender Claims of the Settling Equipment Lenders; (ii) the Settling Equipment Lenders electing the Negotiated Settlement have agreed to waive recoveries on their Miner Equipment Lender Deficiency Claims and vote in favor of the Plan, and (iii) the Settling Equipment Lenders will be entitled to reimbursement of reasonable and documented fees and expenses up to a cap of \$3 million in the aggregate for all Settling Equipment Lenders. The Debtors intend to effectuate the Miner Equipment Lender Settlement pursuant to the Plan under Bankruptcy Rule 9019.

The below chart details each of the Settling Equipment Lenders' anticipated settlement election as well as their estimated Claim amounts inclusive of postpetition interest assuming an Effective Date of October 31, 2023:

<b>Settling Equipment Lender</b>	<b>Anticipated Settlement Election</b>
Mass Mutual Asset Finance LLC	Negotiated Settlement
Barings	Negotiated Settlement
BlockFi Lending LLC.	Negotiated Settlement
36th Street Capital Partners LLC.	Default Miner Equipment Lender Treatment
Anchorage Lending CA, LLC;	Equitization Option
Trinity Capital Inc	Negotiated Settlement
Wingspire Equipment Finance LLC (f/k/a Liberty Commercial Finance LLC).	Default Miner Equipment Lender Treatment

**ix. Bitmain Purchase Agreement**

The Debtors and Bitmain have agreed in principle to enter into an asset purchase agreement (the "**Bitmain Transaction**"). Subject to documentation and the Bankruptcy Court's approval, under the Bitmain Transaction, the Debtors will acquire 27,000 units of S19j XP Miners from Bitmain for a purchase price of \$77.1 million. The purchase price includes (i) \$23.1 million of cash, to be paid in three equal monthly installments upon and following the Effective Date and (ii) \$53.9 million of the New Common Interests (valued at Plan Equity Value) upon the Effective Date. The acquired mining equipment will be delivered by Bitmain in monthly installments following the Effective Date. The Debtors' Business Plan (as defined below) contemplates the Reorganized Debtors making additional Miner purchases each year. Through the Bitmain Transaction, the Debtors are able to acquire a portion of these Miners in exchange for equity rather than cash (which decreases the Reorganized Debtors' go forward cash needs). Additionally, the Bitmain Transaction has the added benefit of locking in current Miner prices for 27,000 future Miner purchases.

**J. Claims**

**x. Schedules of Assets and Liabilities and Statements of Financial Affairs**

On February 3, 2023, the Debtors filed their Schedules and SOFAs (Docket Nos. 461-491). The Debtors filed amended SOFAs for entities Core Scientific, Inc., Core Scientific Operating Company, Core Scientific Acquired Mining LLC, and Radar Relay, Inc. and amended Schedules for Core Scientific, Inc. and Core Scientific Operating Company on March 3, 2023 (Docket Nos. 625-630). The Schedules and SOFAs provide information on the assets held at each Debtor entity along with Claims the Debtors know exist at each Debtor entity.

**xi. Claims Bar Dates**

On March 9, 2023, the Bankruptcy Court entered an order, among other things, approving (i) April 14, 2023 at 5:00 p.m. (prevailing Central Time) as the deadline for all non-governmental creditors or other parties in interest to file POCs (the "**General Bar Date**") and (ii) June 19, 2023 at 5:00 p.m. (prevailing Central Time) as the deadline for governmental units to file POCs against any of the Debtors (the "**Governmental Bar Date**" and, together with the General Bar Date, the "**Bar Dates**") (Docket No. 652).

As of June 19, 2023, 627 POCs have been filed against the Debtors. The Debtors continue to review and refine their analysis of the filed POCs.

**xii. Claims Reconciliation Process**

In anticipation of the Bar Date, the Debtors considered how they could expedite the Claims resolution process to minimize the amount of disputed Claims remaining as of the Effective Date, providing certainty to stakeholders and ensuring a quicker and larger distribution to all stakeholders.

---

To that end, the Debtors filed motions to approve (i) omnibus claims objection procedures (Docket No. 782) and (ii) claim settlement procedures (Docket No. 781). On May 18, 2023, the Bankruptcy Court entered orders granting the relief requested in the motions (Docket No. 899) and (Docket No. 901). After the General Bar Date, the Debtors filed objections to several POCs. Certain key objections are described in further detail below.

(a) Sphere's Proofs of Claim

On April 13, 2023, Sphere 3D Corp. ("**Sphere**") filed POCs Nos. 358 and 359 (the "**Sphere POCs**"), asserting claims of approximately \$39 million based on hosting contracts the Debtors executed with Gryphon Digital Mining, Inc. ("**Gryphon**"), an entity to which the Sphere POCs refer as Sphere's "manager." The Debtors and Gryphon entered into a Master Services Agreement ("**Gryphon MSA**") and two orders governed by the Gryphon MSA: Order #1 and Order #2 (collectively with the Gryphon MSA, the "**Gryphon Hosting Agreements**"). Pursuant to the Gryphon Hosting Agreements, the Debtors hosted (and currently host) hundreds of Gryphon's Miners. Sphere alleges that the Debtors failed to perform according to the Gryphon Hosting Agreements.

On May 9, 2023, the Debtors filed an objection to the Sphere POCs (Docket No. 869) (the "**Sphere POC Objection**"). The Debtors contend that Sphere cannot recover on its filed claim because, among other things: (i) Sphere is not a party to the Gryphon Hosting Agreements and third party beneficiaries are not permitted under the Gryphon Hosting Agreements, (ii) Sphere cannot assume Gryphon's rights under the Gryphon Hosting Agreements without complying with certain requirements, which Sphere failed to do, and (iii) Gryphon had breached the Gryphon Hosting Agreements and neither Gryphon nor Sphere could have performed under those agreements.

On June 9, 2023, the Debtors filed a motion for summary judgment with respect to the Sphere POCs (Docket No. 959) (the "**Sphere Summary Judgment Motion**"), along with a supporting declaration of Russell Cann (Docket No. 960). The Sphere Summary Judgment Motion argues that (i) Sphere does not have any rights under the Gryphon Hosting Agreements and thus the Bankruptcy Court should dismiss the Sphere POCs and (ii) in the alternative, the claims asserted in Sphere POCs should be limited by the limitation of liabilities provision under the Gryphon Hosting Agreements. Sphere responded to both the Sphere Summary Judgment Motion and the Sphere POC Objection on July 7, 2023 and July 10, 2023, respectively (Docket Nos. 1039 and 1044). On July 31, 2023, the Debtors filed a reply in further support of the Sphere Summary Judgment Motion. On August 8, 2023, the Bankruptcy Court entered an order (Docket No. 1122) denying the Sphere Summary Judgment Motion. On August 14, 2023, the parties submitted an agreed scheduling order to resolve the Sphere POC Objection (Docket No. 1147) (the "**Sphere Scheduling Order**"). The Sphere Scheduling Order sets: (i) an October 23, 2023 deadline to complete discovery; (ii) a December 6, 2023 deadline to file motions for summary judgement; (iii) a December 8, 2023 deadline to file any other pretrial motions; and (iv) a trial on January. 3, 2024 at 9:00 a.m. (prevailing Central Time).

(b) GEM Proofs of Claim

On April 13, 2023, GEM Mining 1, LLC ("**GEM 1**") and GEM Mining 4, LLC ("**GEM 4**") filed a motion seeking (i) to compel the Debtors to assume or reject those certain hosting contracts in which the Debtors agreed to host Miners for GEM 1 and GEM 4, or (ii) in the alternative for adequate protection (Docket No. 787) (the "**GEM Motion**"). The Court entered an order (Docket No. 792) scheduling a hearing on May 22, 2023 to consider the relief requested in the GEM Motion. Contemporaneously with filing the GEM Motion, GEM 1, GEM Mining 2, LLC, GEM Mining 2B, LLC, and GEM 4 (collectively, "**GEM**") filed POCs Nos. 503, 617, 508, 570, 505, 571, 506, 572 (the "**GEM POCs**") against the Debtors asserting a Claim of over \$7 million on account of alleged prepetition overpayments made by GEM on account of PPT Charges.

On May 4, 2023, the Debtors filed an objection to the GEM Motion (Docket No. 856), arguing that GEM 1 and GEM 4 did not satisfy their required burdens. On the same day, the Debtors also filed an objection to the GEM POCs (Docket No. 854) (the "**GEM POC Objection**"), as well as a declaration of Jeff Pratt in support of the GEM POC Objection (Docket No. 858).

Prior to the hearing on the GEM Motion, the parties agreed to adjourn the hearing three times to enable the parties to engage in global settlement negotiations (Docket Nos. 926, 980 and 1077). Prior to the hearing on the GEM Motion scheduled for August 16, 2023, the parties entered into a stipulation, which was entered by the Bankruptcy Court on August 14, 2023 (Docket No. 1146) (the "**GEM Stipulation**"). Pursuant to the GEM Stipulation, (i) the Debtors rejected all hosting contracts with GEM, (ii) the parties established a schedule by which the Debtors will return GEM's Miners to GEM, and (iii) GEM's deadline to submit a POC for rejection damages is October 30, 2023.

(c) Bryce Johnson's Proofs of Claim

Bryce Johnson, the Debtors' former CEO and chairman of the board of directors, filed POCs Nos. 19 and 120, seeking approximately \$10 million on account of a certain Restricted Stock Unit Award Agreement ("**RSU Agreement**") between Mr. Johnson and the Debtors. The RSU Agreement provides Mr. Johnson a right to receive 605,261 shares of Core Scientific, Inc.'s common stock if and only if he paid the withholding tax amount prior to the issuance of the stock. The Debtors objected to the claims on May 11, 2023 (Docket No. 871). On June 21, 2023, Mr. Johnson withdrew all of his claims with prejudice (Docket No. 978).

(d) Maddox's Proof of Claim

On April 12, 2023, Maddox Industrial Transformer LLC ("**Maddox**") filed a POC against Core Scientific, Inc., alleging a secured claim of \$7,742,403.52 stemming from transformers the Debtors purchased from Maddox.

The Debtors dispute Maddox's POC and believe Maddox owes the Debtors \$3 million stemming from defective transformers Maddox sold to the Debtors. The Debtors have engaged in discussions with Maddox's counsel about a potential resolution and awaiting a proposal amenable to the Debtors. If no resolution is reached, the Debtors intend to file an adversary complaint in response to Maddox's POC.

(e) Hoffman Securities Proof of Claim

On November 14, 2022, a class action lawsuit, Pang v. Levitt, et. al 1:22-cv-01191, was filed in the Western District of Texas against Core Scientific, Inc., Chief Executive Officer Michael Levitt, former Chief Financial Officer Michael Trzuppek, and Chief Financial Officer Denise Sterling alleging violations of the Securities Exchange Act (the "**Securities Class Action**"). After the Debtors filed the Chapter 11 Cases, the plaintiff in the Securities Class Action filed a notice of voluntary dismissal as to the Debtors on December 27, 2022. On May 5, 2023, an amended complaint was filed refining the allegations and naming additional defendants: Chief Vision Officer Darin Feinstein, former Chief Accounting Officer Brian Neville, Director Jarvis Hollingsworth, Director Matt Minnis, and Director Kneeland Youngblood. The Debtors are no longer a named party in the suit, but are identified as a relevant non-party.

On April 12, 2023, the Debtors filed a motion to advance proceeds of the Debtors' directors and officers liability insurance policies for defense costs of the named defendants in the Securities Class Action (Docket No. 777). On May 18, 2023, the Bankruptcy Court entered an order granting the relief requested (Docket No. 900).

Morgan Hoffman, on behalf of himself and ostensibly the plaintiffs in the Securities Class Action, filed POC No. 632 against Debtor Core Scientific Inc. in the amount of \$188.6 million (the "**Securities POC**"). On July 24, 2023, the Debtors filed an objection to the Securities POC (Docket No. 1080) (the "**Securities POC Objection**") asserting the Securities POC should be Disallowed as the filing of a class proof of claim was inappropriate. In addition, the Debtors believe any claim arising from the Securities Class Action should be treated as a Section 510(b) Claim. Morgan Hoffman responded to the Securities POC Objection on August 23, 2023 (Docket. No. 1178), asserting (i) Morgan Hoffman has authority to assert a class proof of claim and (ii) the Securities POC should be allowed. To date, no hearing with the Bankruptcy Court has been scheduled to consider the Securities POC Objection.

(f) Harlin Dean Proof of Claim

On March 13, 2023, Harlin Dean filed POCs Nos. 364 and 383 (the "**Harlin Dean POCs**") against Core Scientific, Inc. and Core Scientific Acquired Mining LLC, respectively, alleging a claim for \$8 million stemming from an employment contract dispute. Dean alleges the Debtors failed to pay his severance, failed to convert his equity-based compensation, and failed to reach a settlement with him. Mr. Dean asserts claims for (i) breach of contract; (ii) quantum meruit; (iii) promissory estoppel; (iv) fraudulent inducement; (v) conversion; (vi) declaratory judgment; (vii) equitable relief/specific performance; (viii) imposition of constructive trust; (ix) accounting; and (x) attorney's fees, costs, and expenses incurred.

---

The Debtors are currently in the process of negotiating with Dean’s counsel to resolve the Harlin Dean POCs. If negotiations are unsuccessful, the Debtors plan to file an objection to the Harlin Dean POCs.

(g) Kentucky Department of Revenue Proof of Claim

On April 3, 2023, the Kentucky Department of Revenue filed POC No. 176 (the “**Kentucky DoR POC**”) against Core Scientific Mining LLC alleging a claim for approximately \$4 million comprised of an over \$3 million Priority Tax Claim and an approximately \$1 million General Unsecured Claim stemming from alleged unpaid taxes. The Debtors dispute the validity of the Kentucky POC and plan to file an objection to the Kentucky DoR POC. Additionally, the Debtors are currently pursuing a tax appeal in the state of Kentucky related to the validity of the unpaid taxes giving rise to the claim asserted in the Kentucky DoR POC.

**K. Exclusivity**

On April 10, 2023, the Debtors filed a motion seeking extensions of the Debtors’ exclusive periods to file a chapter 11 plan and solicit acceptances thereof through and including July 19, 2023 and September 17, 2023, respectively (Docket No. 773) (the “**First Exclusivity Motion**”). A number of the Equipment Lenders filed or joined an objection to the First Exclusivity Motion (the “**Exclusivity Objection**”).<sup>72</sup> In their Exclusivity Objection, the Equipment Lenders alleged the Debtors were delaying their exit from chapter 11 to take advantage of the Equipment Lenders’ collateral without making payments on the debt. The Ad Hoc Noteholder Group filed a statement (Docket No. 839), supporting the relief requested in the First Exclusivity Motion, but imploring the Debtors to advance Plan negotiations. The Debtors filed a reply to the statement and the Exclusivity Objection on May 19, 2023 (Docket No. 912). During the May 22, 2023 hearing on the First Exclusivity Motion, the Debtors provided a presentation to the Bankruptcy Court outlining a proposed timeline to exit chapter 11, indicating a desire to file the Plan by mid-June. The Bankruptcy Court responded by stating it would like to see the Plan and Disclosure Statement filed by June 20, 2023 and requesting the Debtors coordinate with the Key Stakeholder Groups to schedule a status/scheduling conference to be held within a week of the filing of the Plan. On June 13, 2023, the Bankruptcy Court entered an order (Docket No. 962) granting the relief requested in the First Exclusivity Motion and scheduling a status conference to be held on June 29, 2023.

On July 18, 2023 the Debtors filed a motion seeking further extensions of the Debtors’ exclusive periods to file a chapter 11 plan and solicit acceptances thereof through and including October 17, 2023 and December 18, 2023, respectively (Docket No. 1065) (the “**Second Exclusivity Motion**”). On August 8, 2023, Barings filed a statement in support of the Second Exclusivity Motion (Docket No. 1123), which was joined to by MassMutual Asset Finance LLC (Docket No. 1124). The deadline for parties to object to the Second Exclusivity Motion was August 8, 2023 and no parties subject to that deadline filed an objection; however, the Debtors granted Ad Hoc Noteholder Group an extension of the objection deadline until September 7, 2023.

**L. Formulation of the Business Plan**

Favorable changes in the cryptocurrency and power markets rendered the Debtors’ prior business plan obsolete and the allocation of value set forth in the RSA unsupportable and unfair to most of the Debtors’ stakeholders. The change in circumstances required the Debtors to pivot to a new business plan anchored to assumptions reflecting the current economic backdrop.

On April 30, 2023, the Debtors finalized a preliminary business plan for the reorganized Debtors (the “**Business Plan**”), covering the period from October 2023 (the projected emergence from chapter 11) until December 2026 (the “**Forecast Period**”). The Business Plan was crafted by the Debtors’ management, including Mike Levitt

---

<sup>72</sup> The original objection was filed by Equipment Lenders Wingspire Equipment Finance LLC f/k/a Liberty Commercial Finance LLC, Prime Alliance Bank, Inc., and 36th Street Capital Partners, LLC, who filed the *Objection to the Motion of the Debtors of Order Extending Exclusive Periods Pursuant to Section 1121(D) of the Bankruptcy Code* (Docket No. 834). Joinders were then filed by MassMutual Asset Finance LLC (Docket No. 836); Baring BDC, Inc., Barings Capital Investment Corporation, and Barings Private Credit Corp. (ECF No. 838); and Blockff Lending LLC (ECF No. 840).

---

(Executive Chairman and CEO until August 2, 2023) Adam Sullivan (CEO since August 2, 2023 and prior thereto, President), and Michael Bros (current Senior VP of Capital Markets and Acquisitions), each of whom has years of experience in, and an intimate understanding of, the bitcoin mining industry. The Debtors' management presented the Business Plan to the Board (including the Special Committee) on May 1, 2023 and presented a revised Business Plan to the Special Committee on May 12, 2023.

The Business Plan was created with management's expectation of post-emergence operational execution in mind, with initiatives including: (i) optimizing self-Miner fleet efficiency by refreshing existing Miners; (ii) expanding capacity at certain facilities; (iii) expanding self-Mining presence; and (iv) focusing on cost discipline. The Debtors expect to grow the number of operating self-Miners from approximately 145,000 in September 2023 to approximately 282,000 by December 2026. The Debtors also expect to utilize six (6) facilities with an aggregate capacity of 1,096MW by the end of the Forecast Period, following planned expansion of their Denton Facility (by 172MWs) and Cottonwood Facility (by 200 MWs).

The Debtors built flexibility into the Business Plan to ensure it can withstand unexpected changes in variables that could impact projected cash flow. This ensures that actual results deviating from any one or more of the assumptions would continue to result in the Debtors' commercial viability, and therefore, the Plan's continued feasibility.

Most importantly, the Business Plan provides the flexibility to adapt to changes in hashprice, which is one of the most important factors influencing the economic performance of the Debtors' business. Specifically, because anticipated capital expenditures contemplated as part of the Business Plan are largely discretionary in nature, any unanticipated decrease in hashprice can be offset by deferring and/or reducing any planned discretionary capital expenditures in such year. In addition, the cost of Miners is dynamic based on mining economics, as the cost of purchasing new Miners decreases as their profitability decreases. Miner purchase prices have historically been, and are expected to continue to be, based on a 12-month payback period.

In addition, should hashprice decrease further, the Debtors anticipate that they (and others) would power down certain Miners, in accordance with existing industry practice, as the profitability of certain Miners would decline (i.e., the lower revenues may not exceed certain Miners' operating costs). Powering down Miners would then reduce the network hashrate and, all else equal, increase hashprice (and thus, increases profitability of the then-powered and operating Miners). Certain less efficient Miners may go offline permanently. It may be challenging for other mining companies to replace those less efficient Miners with newer, more efficient Miners; doing so would require time and capital. The global chip and silicone shortage may exacerbate the issue. In contrast, the Debtors believe they will be in a preferred position to purchase new Miners, because the Debtors are one of the largest customers of Bitmain (the leading manufacturer of Miners), and Bitmain is one of the Debtors' hosting customers.

#### **M. Postpetition Stakeholder Discussions and Plan Mediation**

Commencing on May 10, 2023, the Debtors and the Advisors presented the Business Plan to the advisors to each of the Ad Hoc Noteholder Group, the DIP Lenders, the Creditors' Committee, the Equity Committee, and the Equipment Lenders (the "**Key Stakeholder Advisors**") during a series of meetings and solicited such advisors' feedback on the Business Plan. After finalizing the Business Plan, the Debtors and their Advisors drafted a construct for a chapter 11 plan of reorganization.

On May 31, 2023, the Debtors and the Advisors began presenting the construct for a consensual plan of reorganization to the Key Stakeholder Advisors and solicited their feedback, starting with their largest creditor group, the Ad Hoc Noteholder Group. The Debtors and Advisors presented the proposal to principals in the Ad Hoc Noteholder Group on June 9, 2023. That proposal is similar to the proposal set forth in the Plan, but without the New April Secured Notes Term Sheet (Option 1) and New August Secured Notes Term Sheet (Option 1) for Classes 1 and 2. Despite the Debtors' repeated requests to the Ad Hoc Noteholder Group for feedback on the consensual plan framework or a counterproposal, as of the Initial Plan Filing Date, the Ad Hoc Noteholder Group had failed to submit a counterproposal or formally respond to the Debtors' Plan Proposal. Faced with the Court's June 20 target date for filing a chapter 11 plan and the Ad Hoc Noteholder Group's failure to meaningfully engage with the Debtors on a consensual plan construct prior such date the Debtors filed a Plan on the Initial Plan Filing Date that could be confirmed with or without the acceptance of the Classes of Convertible Noteholders.

---

Prior to the Initial Plan Filing Date the Debtors had been in regular discussions with the DIP Lenders, the Creditors' Committee, Equipment Lenders, and Equity Committee with respect to both the consensual plan framework and the Plan. In addition to engaging with each of the Key Stakeholder Groups for approximately 3 weeks on a consensual plan framework, on June 16, 2023, the Debtors shared a draft of the Plan with the advisors to each of the Key Stakeholder Groups and invited feedback and comments from each such group.

After the Initial Plan Filing Date, the Debtors continued discussions with each of the Key Stakeholder Groups, including the Ad Hoc Noteholder Group, in the hopes of reaching as much consensus as possible. To facilitate the process, the Debtors and the Key Stakeholder Groups agreed to participate in mediation in front of Judge Isgur and signed an agreed mediation order (Docket No. 1052) (the "**Mediation Order**"). The Mediation Order scheduled a (i) a pre-mediation conference on July 17, 2023 and (ii) a mediation session on July 26, 2023 (the "**Plan Mediation**").

Prior to the pre-mediation conference, the Debtors held in-person and/or zoom meetings with each of the Key Stakeholder Groups in an attempt to bridge the gap prior to Plan Mediation and discuss the Debtors' proposals and any counterproposals the Debtors received. To this end, the Debtors shared proposals regarding alternative Plan treatment options with the Ad Hoc Noteholder Group, the Equipment Lenders, and the Creditors' Committee.

On July 11, 2023, the Debtors and their advisors held an in-person meeting with the Equipment Lenders and their advisors at Weil's New York office. The meeting with the Equipment Lenders was highly constructive as both parties had regularly exchanged proposals prior to the meeting and have since reached the aforementioned Miner Equipment Lender Settlement.

On July 12, 2023, the Debtors' advisors held an in-person meeting with the Creditors' Committee's advisors at Weil's New York office. Although the parties engaged in a productive discussion, the parties acknowledged due to the group's position in the creditor waterfall, the treatment provided to the General Unsecured Claim Class would be predicated on the treatment provided to other creditor Classes.

On July 14, 2023 the Debtors' advisors held a zoom meeting with the Ad Hoc Noteholder Group's advisors. However, the Ad Hoc Noteholder Group's advisors noted they were not yet ready to provide a proposal to the Debtors and were unable to progress negotiations in a meaningful fashion. On July 19, only two business days prior to the submission of statements for Plan Mediation, the Ad Hoc Noteholder Group shared a proposal with the Debtors, which contemplated an extremely low valuation of the Debtors' business. Thus, the Debtors remained extremely distant from the Ad Hoc Noteholder Group going into Plan Mediation.

Throughout this time, the Debtors and their advisors had multiple meetings with both the DIP Lenders and the Equity Committee. Both of these groups were interested in providing exit financing and noted they would negotiate their respective plan treatments in connection with the provision of such financing.

At the pre-mediation conference Judge Isgur requested the parties submit mediation statements on four issues: (i) whether the 2X Amounts should be included in the Convertible Noteholders' Claims; (ii) whether the terms of the takeback paper offered to Convertible Noteholders under the Plan satisfied the requirements of section 1129(b) of the Bankruptcy Code, (iii) whether the Debtors' Plan was feasible; and (iv) whether the Debtors' proposed valuation was proper.

After an in-person Plan Mediation session on July 26, 2023, Judge Isgur asked the parties agree to extend the Plan Mediation through August 4, 2023. Plan Mediation was further extended multiple times as the Debtors and the Ad Hoc Noteholder Group continued to share proposals regarding a consensual Plan construct. Due to this progress and the possibility of reaching a deal with the Ad Hoc Noteholder Group with the assistance of Judge Isgur, the parties agreed to extend mediation to September 7, 2023.

If the Debtors and the Ad Hoc Noteholder Group are unable to come to an agreement, the Debtors will move forward with the non-consensual Plan construct as this may be the Debtors' only viable path out of chapter 11 given the positions taken by the Ad Hoc Noteholder Group. Specifically, the Plan is designed to be confirmable whether or not the Debtors reach a resolution with the Ad Hoc Noteholder Group. The Plan provides the Holders of April Secured Notes with the option of receiving New Notes and a 50/50 split of the remaining claim amount in New Common

Interests and secured take-back notes or a full recovery in secured take-back notes. The Plan provides the Holders of August Secured Notes with the option of receiving a 50/50 split of New Common Interests and secured take-back notes or a full recovery in secured take-back notes. Each Classes' treatment is further described above in section (I)(A)(ii).

**N. Exit Capital Marketing Process**

The Debtors engaged in a process to seek new money capital to fund potential cash needs, including to pay down the balance of the DIP Facility and fund any liquidity needs that may arise post-emergence, based upon the Business Plan.

The PJT team drafted marketing materials, populated a virtual dataroom, and identified potential outreach parties in connection with the exit financing capital raise. PJT and the Debtors have worked together to contact over 75 parties, comprised of (i) parties inside the Debtors' capital structure, (ii) parties previously interested in investing in the Debtors, (iii) hedge funds, (iv) private equity / venture capital firms, and (v) certain strategic parties. As a result of this outreach, PJT was able to organize 42 introductory calls, culminating in 19 parties executing non-disclosure agreements and accessing the virtual dataroom.

The Debtors engaged in active dialogue with remaining potential capital providers. As of the July 20, 2023 deadline for all parties to submit indications of interest, five interested parties remained. The Debtors and their Advisors engaged in rounds of negotiations with certain of the interested parties, sharing rounds of proposals and counter-proposals.

As a result of such negotiations, three transactions emerged that collectively would satisfy the Debtors' capital needs at a reasonable cost, as described below in more detail.

The Debtors have also reached several agreements in principle that collectively lower their cash needs at emergence. The B. Riley Transaction and the Bitmain Transaction are each described in greater detail above, but each substantially lowered the overall capital needs of the Debtors. The B. Riley Transaction includes a roll of the amounts outstanding under the DIP Facility, thus reducing the need for a cash repayment of this amount on the Effective Date. The Business Plan contemplates the Reorganized Debtors increasing the number of Miners in their fleet, and the Bitmain Transaction provides the Debtors with a portion of these Miners in exchange for equity in the Reorganized Debtors rather than in exchange for cash. In addition, the Celsius Settlement further reduced the Debtors' estimated cash need, by settling Administrative Claims that would have otherwise been paid in cash upon the Effective Date and providing for a cash payment from Celsius to the Debtors of \$14.5 million. The Bitmain Transaction combined with the Celsius Settlement lowered the Debtors' estimated cash need upon emergence from \$75 million to approximately \$40 million.

***i. Rights Offering and Backstop***

The Equity Committee submitted a proposal for certain equity holders and other parties to backstop the Rights Offering. While negotiations for a Backstop Commitment Agreement are continuing, the Debtors are hopeful that such parties will commit to backstop the Rights Offering in exchange for a Backstop Commitment Premium and other rights. A Backstop Commitment Agreement is also anticipated to include certain reasonable milestones, termination payments, and indemnifications. The Rights Offering is projected to generate at least \$55 million of new money proceeds, which Rights Offering is backstopped up to \$55 million pursuant to the Backstop Commitment Agreement, though the Rights Offering could result in significantly more new money proceeds to the Company depending on the participation of equity holders.

The Rights Offering is to be conducted in accordance with the Backstop Commitment Agreement and the Rights Offering Procedures. Each holder of Existing Common Interests as of the Rights Offering Record Date shall have a Subscription Right to purchase up to its pro rata allocation of the New Common Interests to be issued pursuant to the Rights Offering. In addition, each holder of Existing Common Interests shall have an Oversubscription Right to elect to purchase additional New Common Interests offered in the Rights Offering that are not timely, duly and validly subscribed for in the Rights Offering in accordance with the Rights Offering Procedures, in an amount not to exceed the total New Common Interests issued in the Rights Offering minus the total number of New Common Interests that such holder duly, validly and timely elected to purchase pursuant to its Subscription Right; provided, however, that no holder may exercise any Oversubscription Right until it has fully exercised in fully its Subscription Right.

*ii. B. Riley Agreement*

After negotiations between the Debtors and the DIP Lenders, the parties agreed in principle to a transaction to be effectuated under the Effective Date, under which (i) the DIP Lenders would convert the outstanding balance under the DIP Facility into the Exit Facility, (ii) the DIP Lenders will provide \$25 million of new money financing under the Exit Facility, (iii) the DIP Lenders would waive a recovery on \$6.3 million of the B. Riley Unsecured Claim and roll the remainder into the Exit Facility, and (iv) the DIP Lenders will provide a commitment to provide the New B. Riley ELOC Facility (the “**B. Riley Transaction**”).

*iii. New B. Riley ELOC Facility*

The Debtors also received two separate proposals, including one from the DIP Lenders, for an equity line of credit in the amount of \$150 million. The Debtors are currently in negotiations with the DIP Lenders regarding the New B. Riley ELOC Facility.

The Debtors received an additional proposal to provide debt financing and an additional proposal to provide equity financing, but neither proposal was as advantageous as the combination of the proposals mentioned above.

Through the combination of the Rights Offering, the New B. Riley ELOC Facility, the B. Riley Transaction, the Celsius Settlement and the Bitmain Transaction, the Debtors have more than enough capital commitments in place to satisfy all capital needs required under the Debtors’ Business Plan.

**TRANSFER RESTRICTIONS AND CONSEQUENCES UNDER FEDERAL SECURITIES LAWS**

Except as set forth in the following paragraph, the offer, issuance, and distribution under the Plan of the New Secured Notes and the New Common Interests (including those issued upon the conversion of the New Secured Notes, if any) shall be exempt, pursuant to section 1145 of the Bankruptcy Code, without further act or action by any Entity, from registration under (i) the Securities Act and (ii) any state or local law requiring registration for the offer, issuance, or distribution of the Securities.

The offer, sale, issuance and distribution of the Rights Offering Shares to be issued pursuant to the Rights Offering and the Backstop Commitment Premium shall be exempt, pursuant to section 1145 of the Bankruptcy Code, without further act or action by any Entity, from registration under (i) the Securities Act and (ii) any state or local law requiring registration for the offer, sale, issuance and distribution of the Rights Offering Shares. The Backstop Shares shall be exempt, pursuant to section 4(a)(2) of the Securities Act and Regulation D thereunder, from registration under (i) the Securities Act and (ii) any state or local law requiring registration for the offer, issuance, or distribution of Securities.

**A. Section 1145 of the Bankruptcy Code Exemption and Subsequent Transfers**

Section 1145 of the Bankruptcy Code generally exempts from registration under the Securities Act the offer or sale under a chapter 11 plan of a security of the debtor, of an affiliate participating in a joint plan with the debtor, or of a successor to the debtor under a plan, if such securities are offered or sold in exchange for a claim against, or an interest in, the debtor or such affiliate, or principally in such exchange and partly for cash. Section 1145 of the Bankruptcy Code also exempts from registration (i) the offer of a security through any right to subscribe that is sold in the manner provided in the prior sentence, and (ii) the sale of a security upon the exercise of such right. In reliance upon this exemption, the New Secured Notes, the New Warrants (and the New Common Interests issued upon exercise thereof), and the New Common Interests issued under the Plan pursuant to section 1145 of the Bankruptcy Code, including the securities issued pursuant to the Rights Offering (“**1145 Securities**”) or upon conversion of the New Secured Notes will be exempt from the registration requirements of the Securities Act, and any other applicable securities laws. These securities may be resold without registration under the Securities Act pursuant to the exemption provided by

---

section 4(a)(1) of the Securities Act, unless the holder is an “underwriter” with respect to such securities, as that term is defined in section 1145(b) of the Bankruptcy Code. In addition, 1145 Securities generally may be resold without registration under state securities laws pursuant to various exemptions provided by the respective laws of the several states.

Section 1145(b) of the Bankruptcy Code defines “underwriter” for purposes of the Securities Act as one who, except with respect to ordinary trading transactions, (a) purchases a claim with a view to distribution of any security to be received in exchange for the claim, (b) offers to sell securities issued under a plan for the holders of such securities, (c) offers to buy securities issued under a plan from persons receiving such securities, if the offer to buy is made with a view to distribution or (d) is an issuer, as used in section 2(a)(11) of the Securities Act, with respect to such securities, which includes control persons of the issuer.

“Control,” as defined in Rule 405 of the Securities Act, means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract, or otherwise. The legislative history of Section 1145 of the Bankruptcy Code suggests that a creditor who owns ten percent (10%) or more of a class of voting securities of a reorganized debtor may be presumed to be a “controlling person” and, therefore, an underwriter.

Notwithstanding the foregoing, control person underwriters may be able to sell securities without registration pursuant to the resale limitations of Rule 144 of the Securities Act which, in effect, permit the resale of securities received by such underwriters pursuant to a chapter 11 plan, subject to applicable volume limitations, notice and manner of sale requirements, and certain other conditions. Parties who believe they may be underwriters as defined in section 1145 of the Bankruptcy Code are advised to consult with their own legal advisers as to the availability of the exemption provided by Rule 144.

Transfers of 1145 Securities may be subject to the transfer provisions and other applicable provisions that may be set forth in the New Corporate Governance Documents.

**B. Section 4(a)(2) and Regulation D of the Securities Act Exemption and Subsequent Transfers**

Section 4(a)(2) of the Securities Act provides that the issuance of securities by an issuer in transactions not involving a public offering is exempt from the registration requirements under the Securities Act. Regulation D is a non-exclusive safe harbor from the registration requirements promulgated by the SEC under section 4(a)(2) of the Securities Act. In reliance upon this exemption, New Common Interests issued under the Plan pursuant to section 4(a)(2) of the Securities Act and Regulation D thereunder, including the Backstop Shares will be exempt from registration under the Securities Act. Such securities will be considered “restricted securities” (within the meaning of Rule 144 under the Securities Act), will bear customary legends and transfer restrictions, and may not be transferred except pursuant to an effective registration statement or under an available exemption from the registration requirements of the Securities Act, such as, under certain conditions, the resale provisions of Rule 144 under the Securities Act. Rule 144 provides a limited safe harbor for the public resale of restricted securities if certain conditions are met. These conditions vary depending on whether the holder of the restricted securities is an “affiliate” of the issuer (Rule 144 defines an affiliate of the issuer as “a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, such issuer”).

\* \* \* \* \*

*Legends.* To the extent certificated or issued by way of direct registration on the records of the Reorganized Debtors’ transfer agent, certificates evidencing the New Common Interests held by holders of 10% or more of the outstanding New Common Interests, or who are otherwise underwriters as defined in section 1145(b) of the Bankruptcy Code, will bear a legend substantially in the form below:

---

“THE SECURITIES REPRESENTED BY THIS CERTIFICATE WERE ORIGINALLY ISSUED ON [•], HAVE NOT BEEN REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE “ACT”), OR ANY OTHER APPLICABLE STATE SECURITIES LAWS, AND MAY NOT BE SOLD OR TRANSFERRED IN THE ABSENCE OF AN EFFECTIVE REGISTRATION STATEMENT UNDER THE ACT OR AN AVAILABLE EXEMPTION FROM REGISTRATION THEREUNDER.”

The Debtors and Reorganized Debtors, as applicable, reserve the right to reasonably require certification, legal opinions or other evidence of compliance with Rule 144 as a condition to the removal of such legend or to any resale of such securities. The Debtors and Reorganized Debtors, as applicable, also reserve the right to stop the transfer of any such securities if such transfer is not in compliance with Rule 144, pursuant to an effective registration statement or pursuant to another available exemption from the registration requirements of applicable securities laws.

In any case, recipients of securities issued under or in connection with the Plan are advised to consult with their own legal advisers as to the availability of any such exemption from registration under state law in any given instance and as to any applicable requirements or conditions to such availability.

\* \* \* \* \*

Distributions of 1145 Securities made under the Plan may be made through the facilities of the Depository Trust Company (the “DTC”) in accordance with DTC’s customary practices; provided, that such New Common Interests will only be issued in accordance with DTC book-entry procedures if the same are permitted to be held through DTC’s book-entry system; provided, further, that to the extent that the 1145 Securities are not distributed pursuant to section 1145 of the Bankruptcy Code or eligible for distribution in accordance with DTC’s customary practices, the Debtors or Reorganized Debtors, as applicable, will take such reasonable actions as may be required to cause distributions of the 1145 Securities under the Plan.

To the extent the Reorganized Debtors reflect all or any portion of the ownership of the 1145 Securities through the facilities of DTC, the Reorganized Debtors shall not be required to provide any further evidence other than the Plan or Confirmation Order with respect to the treatment of such applicable portion of the 1145 Securities, and such Plan or Confirmation Order shall be deemed to be legal and binding obligations of the Reorganized Debtors in all respects.

DTC and all other Persons and Entities shall be required to accept and conclusively rely upon the Plan and Confirmation Order in lieu of a legal opinion regarding whether the 1145 Securities are exempt from registration and/or eligible for DTC book-entry delivery, settlement, and depository services.

Notwithstanding anything to the contrary in the Plan or otherwise, no Person or Entity (including, for the avoidance of doubt, the DTC) may require a legal opinion regarding the validity of any transaction contemplated by the Plan, including, for the avoidance of doubt, whether the 1145 Securities are exempt from registration and/or eligible for DTC book-entry delivery, settlement, and depository services or, as applicable, validly issued, fully paid and non-assessable.

\* \* \* \* \*

BECAUSE OF THE COMPLEX, SUBJECTIVE NATURE OF THE QUESTION OF WHETHER A PARTICULAR PERSON MAY BE AN UNDERWRITER OR AN AFFILIATE AND THE HIGHLY FACT-SPECIFIC NATURE OF THE AVAILABILITY OF EXEMPTIONS FROM REGISTRATION UNDER THE SECURITIES ACT, INCLUDING THE EXEMPTIONS AVAILABLE UNDER SECTION 1145 OF THE BANKRUPTCY CODE AND RULE 144 UNDER THE SECURITIES ACT, NONE OF THE DEBTORS MAKE ANY REPRESENTATION CONCERNING THE ABILITY OF ANY PERSON TO DISPOSE OF THE SECURITIES TO BE ISSUED UNDER OR OTHERWISE ACQUIRED PURSUANT TO THE PLAN. THE DEBTORS RECOMMEND THAT POTENTIAL RECIPIENTS OF THE SECURITIES TO BE ISSUED UNDER OR OTHERWISE ACQUIRED PURSUANT TO THE PLAN CONSULT THEIR OWN COUNSEL CONCERNING WHETHER THEY MAY FREELY TRADE SUCH SECURITIES AND THE CIRCUMSTANCES UNDER WHICH THEY MAY RESELL SUCH SECURITIES.

**VIII.**  
**CERTAIN FEDERAL INCOME TAX CONSEQUENCES OF PLAN**

The following discussion is a summary of certain U.S. federal income tax consequences of the consummation of the Plan to the Debtors and to certain holders of Claims and Existing Common Interests. The following summary does not address the U.S. federal income tax consequences to Holders of Claims who are paid in full in cash, unimpaired or deemed to reject the Plan to Holders of the B. Riley Unsecured Claims (as the Debtors understand that such Holders have engaged counsel to advise them in connection with the B. Riley Settlement and the implementation of the Plan), or to holders of Claims and Interests in their capacity as Backstop Parties under the Backstop Commitment Agreement.

The discussion of U.S. federal income tax consequences below is based on the Internal Revenue Code of 1986, as amended (the “**Tax Code**”), U.S. Treasury regulations (“**Treasury Regulations**”), judicial authorities, published positions of the Internal Revenue Service (“**IRS**”), and other applicable authorities, all as in effect on the date of this Disclosure Statement and all of which are subject to change or differing interpretations (possibly with retroactive effect). The U.S. federal income tax consequences of the contemplated transactions are complex and subject to significant uncertainties. The Debtors have not requested an opinion of tax counsel or its tax advisors or a ruling from the IRS with respect to any of the tax aspects of the contemplated transactions, and the discussion below is not binding upon the IRS or any court. No assurance can be given that the IRS will not assert, or that a court will not sustain, a contrary position than any position discussed herein.

This summary does not address state, local or non-U.S. income or other tax consequences of the Plan, nor does it address the U.S. federal income tax consequences of the Plan to special classes of taxpayers (e.g., non-U.S. persons, broker-dealers, mutual funds, small business investment companies, regulated investment companies, real estate investment trusts, banks and certain other financial institutions, insurance companies, tax-exempt entities or organizations, retirement plans, individual retirement and other tax-deferred accounts, holders that are, or hold their Claims or Existing Common Interests through, S corporations, partnerships or other pass-through entities for U.S. federal income tax purposes, holders whose functional currency is not the U.S. dollar, dealers in securities or foreign currency, traders in securities that mark-to-market their securities, certain expatriates or former long-term residents of the United States, persons who use the accrual method of accounting and report income on an “applicable financial statement,” persons subject to the alternative minimum tax or the “Medicare” tax on net investment income, and persons whose Claims are part of a straddle, hedging, constructive sale or conversion transaction or other integrated investment or who may hold both Claims and Existing Common Interests, and persons who received their Claim or Interest as compensation). In addition, this summary does not address the Foreign Account Tax Compliance Act or U.S. federal taxes other than income taxes.

The following discussion assumes that all Claims and Existing Common Interests, and any new debt or equity interests issued or distributed pursuant to the Plan are held as “capital assets” (generally, property held for investment) within the meaning of section 1221 of the Tax Code (unless otherwise indicated), and that the various debt and other arrangements to which the Debtors are parties are respected for U.S. federal income tax purposes in accordance with their form.

The Debtors currently contemplate, and the following discussion also assumes, that (i) Reorganized Parent will be the existing Core Scientific, Inc. corporate entity (and not a reincorporated entity or a new entity), and will be the common parent of the post-emergence consolidated tax group, and (ii) each of the Reorganized Debtors that are currently treated as entities disregarded as separate from Core Scientific, Inc. for U.S. federal income tax purposes will continue to be disregarded as separate from Core Scientific, Inc. following the Effective Date (the “**Current Structure**”). Any deviations from the Current Structure could materially change the U.S. federal income tax consequences of the Plan to the Debtors, holders of Claims and holders of Existing Common Interests described herein.

*The following summary of certain U.S. federal income tax consequences is for informational purposes only and is not a substitute for careful tax planning and advice based upon your individual circumstances. All holders of Claims and Interests are urged to consult their own tax advisors for the U.S. federal, state, local and other tax consequences applicable under the Plan.*

---

## A. Consequences to the Debtors

Each of the Debtors is either a member of an affiliated group of corporations that files consolidated U.S. federal income tax returns with Core Scientific, Inc. as the common parent (such group, the “**Tax Group**”) or an entity disregarded as separate from its owner for U.S. federal income tax purposes whose business activities and operations are reflected on the consolidated U.S. federal income tax returns of the Tax Group. The Debtors estimate that, as of December 31, 2022, the Tax Group had net operating loss (“**NOL**”) carryforwards of approximately \$344 million (all of which are post-2017 NOLs that are subject to an 80% taxable income limitation) and certain other tax attributes. The Debtors expect the amount of their NOLs to increase as a result of operations for their 2023 taxable year (before taking into account the implementation of the Plan).

The Debtors do not believe that their ability to utilize their NOL carryforwards and other tax attributes is currently limited under section 382 of the Tax Code. However, certain equity trading activity and other actions could result in an ownership change of the Tax Group independent of the Plan, which could adversely affect the ability of the Debtors to utilize their tax attributes. In an attempt to minimize the likelihood of such an ownership change occurring prior to the Effective Date of the Plan, the Debtors obtained a final order from the Bankruptcy Court authorizing certain protective equity trading and worthless stock deduction procedures (Docket No. 7). The amount of the Tax Group’s NOL carryforwards and other tax attributes, and the extent to which any limitations might apply, remain subject to audit and adjustment by the IRS.

As discussed below, in connection with and as a result of the implementation of the Plan, the amount of the Tax Group’s NOL carryforwards, and possibly certain other tax attributes, may be reduced, though such reduction is not expected to be material. In addition, the subsequent utilization of the Tax Group’s NOL carryforwards and other tax attributes following the Effective Date may be restricted as a result of the implementation of the Plan or subsequent changes in the stock ownership of Reorganized Parent.

Effective for taxable years beginning after December 31, 2022, the Tax Code generally imposes a 15% corporate alternative minimum tax on corporations with book net income (subject to certain adjustments) exceeding on average \$1 billion over any three-year testing period (the “**New AMT**”). The Debtors do not believe they are currently subject to the New AMT.

### *i. Cancellation of Debt*

In general, the Tax Code provides that a debtor in a bankruptcy case must reduce certain of its tax attributes—such as NOL carryforwards and current year NOLs, capital loss carryforwards, tax credits, and tax basis in assets—by the amount of any cancellation of debt (“**COD**”) incurred pursuant to a confirmed chapter 11 plan. The amount of COD incurred is generally the amount by which the adjusted issue price of indebtedness discharged exceeds the sum of the amount of cash, the issue price of any debt instrument and the fair market value of any other property exchanged therefor. Certain statutory or judicial exceptions may apply to limit the amount of COD incurred for U.S. federal income tax purposes. If advantageous, the debtor can elect to reduce the basis of depreciable property prior to any reduction in its NOL carryforwards or other Tax Attributes. Where the debtor joins in the filing of a consolidated U.S. federal income tax return, applicable Treasury Regulations require, in certain circumstances, that the tax attributes of the consolidated subsidiaries of the debtor and other members of the group must also be reduced. Any reduction in Tax Attributes in respect of COD generally does not occur until after the determination of the debtor’s net income or loss for the taxable year in which the COD is incurred.

Based on the Plan Value, the Debtors do not expect to incur material COD for U.S. federal income tax purposes as a result of the implementation of the Plan and, thus, do not expect that the Tax Group’s NOL carryforwards or other tax attributes will be meaningfully reduced as a result of any COD incurred. The amount of COD and resulting attribute reduction, however, will primarily depend on the fair market value of the New Common Interests and the issue price (as defined below) of the New Secured Notes, the New Notes, and the Miner Equipment Lender Takeback Debt which will not be known with certainty until after the Effective Date.

---

*ii. Limitation of NOL Carryforwards and Other Tax Attributes*

Following the Effective Date, the Debtors' ability to utilize their NOL carryforwards and certain other tax attributes ("**Pre-Change Losses**") may be subject to limitation under section 382 of the Tax Code. Any such limitation would apply in addition to, and not in lieu of, the reduction of tax attributes that results from COD arising in connection with the Plan and the 80% taxable income limitation on the use of NOL carryforwards.

Under section 382 of the Tax Code, if a corporation (or consolidated group) undergoes an "ownership change" and the corporation does not qualify for (or elects out of) the special bankruptcy exception in section 382(l)(5) of the Tax Code discussed below, the amount of its Pre-Change Losses that may be utilized to offset future taxable income generally are subject to an annual limitation. The issuance of the New Common Interests pursuant to the Plan may result in an ownership change of the Tax Group. The following addresses the limitations that may apply if an ownership change occurs as a result of the implementation of the Plan, or thereafter due to subsequent changes in the stock ownership of Reorganized Parent.

(a) Annual Limitation

In the event of an ownership change, the amount of the annual limitation to which a corporation (or consolidated group) that undergoes an ownership change will be subject is generally equal to the product of (A) the fair market value of the stock of the corporation (or common parent of the consolidated group) immediately before the ownership change (with certain adjustments) multiplied by (B) the "long term tax exempt rate" in effect for the month in which the ownership change occurs (e.g., 3.17% for ownership changes occurring in September 2023). For a corporation (or consolidated group) in bankruptcy that undergoes an ownership change pursuant to a confirmed bankruptcy plan, the fair market value of the stock of the corporation is generally determined immediately after (rather than before) the ownership change after giving effect to the discharge of creditors' claims, but subject to certain adjustments; in no event, however, can the stock value for this purpose exceed the pre-change gross value of the corporation's assets. Any portion of the annual limitation that is not used in a given year may be carried forward, thereby adding to the annual limitation for the subsequent taxable year.

In addition, if a loss corporation (or consolidated group) has a net unrealized built-in gain at the time of an ownership change (taking into account most assets and items of "built-in" income, gain, loss and deduction), any built-in gains recognized (or, according to a currently effective IRS notice treated as recognized) during the following five years (up to the amount of the original net unrealized built-in gain) generally will increase the annual limitation in the year recognized, such that the loss corporation (or consolidated group) would be permitted to use its Pre-Change Losses against such built-in gain income in addition to its regular annual allowance. Alternatively, if a loss corporation (or consolidated group) has a net unrealized built-in loss at the time of an ownership change, then any built-in losses recognized during the following five years (up to the amount of the original net unrealized built-in loss) generally will be treated as Pre-Change Losses and similarly will be subject to the annual limitation. In general, a loss corporation's (or consolidated group's) net unrealized built-in gain or loss will be deemed to be zero unless the actual amount of such gain or loss is greater than the lesser of (1) \$10 million or (2) fifteen percent of the fair market value of its assets (with certain adjustments) before the ownership change. In 2019, the IRS issued proposed regulations that would significantly modify the calculation and treatment of net unrealized built-in gains and losses which generally would be effective prospectively from 30 days after the time they become final, but would not apply with respect to ownership changes pursuant to chapter 11 cases filed prior to the regulations becoming effective. Thus, even if finalized prior to the Effective Date, such regulations should not apply to an ownership change of the Debtors that occurs pursuant to the Plan. It is expected that the Debtors will be in a substantial net unrealized built-in gain position as of the Effective Date.

If a corporation (or consolidated group) does not continue its historic business or use a significant portion of its historic assets in a new business for at least two years after the ownership change, the annual limitation resulting from the ownership change is reduced to zero, thereby precluding any utilization of the corporation's Pre-Change Losses (absent any increases due to the recognition of any built-in gains as of the time of the ownership change).

(b) Special Bankruptcy Exception

A special bankruptcy exception to the foregoing annual limitation rules, in section 382(l)(5) of the Tax Code, generally applies when shareholders and “qualified creditors” of a debtor corporation in chapter 11 receive, in respect of their equity interests or claims (as applicable), at least fifty percent (50%) of the vote and value of the stock of the reorganized debtor (or a controlling corporation if also in chapter 11) pursuant to a confirmed chapter 11 plan of reorganization. Under this exception, a debtor’s Pre-Change Losses are not subject to the annual limitation. However, if this exception applies, the debtor’s Pre-Change Losses generally will be reduced by the amount of any interest deductions claimed during the three taxable years preceding the taxable year that includes the effective date of the plan of reorganization, and during the part of the taxable year prior to and including the effective date of the plan of reorganization, in respect of all debt converted into stock in the reorganization. Also, if the reorganized debtor thereafter undergoes another “ownership change” within two years, the annual limitation with respect to such later ownership change would be zero, effectively precluding any future use of their Pre-Change Losses. A debtor that qualifies for this exception may, if it desires, elect not to have the exception apply and instead remain subject to the annual limitation described above. The Debtors have not determined whether or not this exception will apply in connection with the Plan. Accordingly, it is possible that the Debtors will not qualify for this exception or that the Debtors will elect not to apply this exception.

*iii. Potential Limitations on Interest Deductions*

In addition to the general limitations on the deductibility of interest under the Tax Code, such as the 30% income limitation under section 163(j) of the Tax Code with respect to business interest expense, certain special limitations may apply with respect to the deductibility of interest on the New Secured Notes.

Based on the principal terms of the New Debt as currently described in the Plan, certain of the New Secured Notes may be subject to the provisions of the Tax Code dealing with “applicable high yield discount obligations” (“**AHYDOs**”). These provisions can result in the deferral, and even disallowance, of an issuer’s deduction of interest with respect to “original issue discount” (“**OID**”). A debt obligation is generally treated as an AHYDO if it is issued with substantial OID (meaning that there is accrued unpaid OID as of the close of the first accrual period ending after the fifth (5th) anniversary of issuance in excess of one year’s interest, both actual and imputed), has a yield to maturity of at least five (5) percentage points over the applicable federal rate in effect for the calendar month in which such notes are issued, and has a maturity of over five (5) years.

In the event that a debt instrument constitutes an AHYDO, the issuer’s deduction with respect to any interest is generally deferred until such interest is paid in cash. Moreover, if the yield to maturity on the debt instrument is more than six percentage points over the applicable federal rate, a portion of the issuer’s interest deduction is disallowed. Accordingly, it is possible that the deductibility of interest relating to certain of the New Secured Notes may, in part, be deferred or disallowed.

Regardless of the application of the AHYDO rules, deductions of stated interest and OID with respect to certain of the New Secured Notes are also subject to potential disallowance under section 163(l) of the Tax Code. Section 163(l) of the Tax Code disallows a deduction for interest paid or accrued with respect to a “disqualified debt instrument.” A disqualified debt instrument includes any indebtedness of a corporation if, when issued, (i) a substantial amount of the principal or interest is required to be paid or converted, or at the option of the issuer or a related party is payable in, or convertible into, equity of such corporation, a related person or equity held by such corporation or related person in any other person, (ii) a substantial amount of the principal or interest is required to be determined, or at the option of the issuer or a related party is determined, by reference to the value of such equity, or (iii) the indebtedness is part of an arrangement which is reasonably expected to result in a transaction described in clause (i) or (ii). For this purpose, principal or interest is treated as required to be so paid, converted or determined if it may be required at the option of the holder or a related party and there is a “substantial certainty” that the option will be exercised.

The proper application of section 163(l) in the case of the New Secured Notes is subject to varying interpretations, depending in part on facts and circumstances existing on the Effective Date. Pursuant to the current terms of certain of the New Secured Notes, the Debtors may, under certain circumstances, require the conversion of such notes into stock. In addition, a holder of certain of the New Secured Notes may at its option convert the note into stock. The Debtors currently expect to take the position that section 163(l) does not disallow the deductibility of interest with respect to such New Secured Notes.

## B. Consequences to Holders of Certain Allowed Claims

The following discusses certain U.S. federal income tax consequences of the implementation of the Plan to holders of Allowed April Convertible Notes Secured Claims, Allowed August Convertible Notes Secured Claims, Allowed Miner Equipment Lender Secured Claims, Allowed M&M Lien Secured Claims, Allowed Secured Mortgage Claims, and Allowed General Unsecured Claims. Consequences to holders of Allowed Section 510(b) Claims are addressed below in section (VIII)(C). The below discussion does not address holders of Allowed M&M Lien Secured Claims for which the Reorganized Debtors would be required to make payments under the M&M Lien Takeback Debt to a person other than the holder of such M&M Lien Secured Claim.

Pursuant to the Plan, in full and final satisfaction, settlement, release, and discharge of their Claims:

- (i) Holders of Allowed April Convertible Notes Secured Claims will receive the, depending on whether the election option is chosen, either (a) New Notes and/or applicable New Secured Notes and New Common Interests or (b) applicable New Secured Notes.
- (ii) Holders of Allowed August Convertible Notes Secured Claims will receive depending on whether the election option is chosen, either (a) applicable New Secured Notes and New Common Interests or (b) applicable New Secured Notes.
- (iii) Holders of Allowed Miner Equipment Lender Secured Claims will receive depending on the election option chosen or the default option, either (a) New Common Interests or (b) such Holder's applicable Miner Equipment Lender Takeback Debt, and, for any deficiency (except for a Holder electing the Miner Equipment Lender Treatment Election 2), an Allowed Miner Equipment Lender Deficiency Claim treated as an Allowed General Unsecured Claim,
- (iv) Holders of Allowed M&M Lien Secured Claims will receive M&M Lien Takeback Debt,
- (v) Holders of Secured Mortgage Claims will receive Mortgage Takeback Debt or Cash, and
- (vi) Holders of Allowed General Unsecured Claims will receive New Common Interests.

The discussion of the U.S. federal income tax consequences of the receipt and ownership of the respective debt instruments is based on the principal terms of such debt as currently described in the Plan (and thus, among other things, assumes that none of the respective debt instruments constitute "contingent payment debt obligations" for U.S. federal income tax purposes). *Accordingly, depending on the final terms of the respective debt instruments, the U.S. federal income tax treatment of U.S. Holders could vary materially from that described herein.* For ease of description, the New Secured Notes, the New Notes, the Miner Equipment Lender Takeback Debt, the Mortgage Takeback Debt and the M&M Lien Takeback Debt are collectively referred to as (the "**New Debt**").

As used throughout the tax discussion, the term "**U.S. Holder**" means a beneficial owner of an Allowed Claim or Existing Common Interest that is for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States;
- a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

- 
- a trust, if a court within the United States is able to exercise primary jurisdiction over its administration and one or more U.S. persons have authority to control all of its substantial decisions, or if the trust has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person.

If a partnership or other entity or arrangement taxable as a partnership for U.S. federal income tax purposes holds such Claims (or Existing Common Interests), the tax treatment of a partner in such partnership generally will depend upon the status of the partner and the activities of the partnership. If you are a partner in such a partnership holding any Claims or Existing Common Interests, you should consult your own tax advisor.

***i. Taxable Exchange***

In general, a U.S. Holder of an Allowed Claim will recognize gain or loss equal to the difference, if any, between (i) the sum of the “issue price” of any New Debt, the fair market value of any New Common Interests and/or the amount of any Cash received in respect of its Claim (other than any consideration received in respect of a Claim for accrued but unpaid interest and possibly accrued OID) and (ii) the U.S. Holder’s adjusted tax basis in its Claim (other than any tax basis attributable to accrued but unpaid interest and possibly accrued OID). It is expected that the issue price of any New Debt will be equal to the principal amount of such debt, other than possibly the New Secured Notes, the New Notes, and the Miner Equipment Lender Takeback Debt which may equal or approximate the fair market value of the debt. *See* section (VIII)(B)(vi)(a) below (“Issue Price of New Debt”). A U.S. Holder of a Claim will have ordinary interest income to the extent of any consideration allocable to accrued but unpaid interest or accrued OID not previously included in income. *See* section (VIII)(B)(ii) below (“Distributions in Discharge of Accrued Interest or OID”). For a discussion of the character of any gain or loss, *see* section (VIII)(B)(iii) below (“Character of Gain or Loss”).

This discussion assumes that neither the Allowed April Convertible Notes Secured Claims nor Allowed August Convertible Notes Secured Claims are considered “securities” for U.S. federal income tax purposes because, among other things, each such debt obligation had a weighted average maturity at issuance of less than five (5) years. Whether a debt instrument constitutes a “security” depends on an overall evaluation of the nature of the debt, including whether the holder of such debt obligation is subject to a material level of entrepreneurial risk and whether a continuing proprietary interest is intended. If such a Claim were treated as a “security” the U.S. federal income consequences to a U.S. Holder thereof would be materially different from that described herein. Accordingly, holders of such Claims are urged to consult their own tax advisors regarding the appropriate status for U.S. federal income tax purposes of such Claims.

A U.S. Holder of an Allowed Claim generally will have an aggregate tax basis in any New Debt and any New Common Interests received in satisfaction of its Claim equal to the issue price of such debt and the fair market value of the New Common Interests received. The U.S. Holder’s holding period in each should begin on the day following the Effective Date.

***ii. Distributions in Discharge of Accrued Interest or OID***

In general, to the extent that any consideration received pursuant to the Plan by a U.S. Holder of an Allowed Claim is received in satisfaction of accrued interest during its holding period, such amount will be taxable to the U.S. Holder as interest income (if not previously included in the U.S. Holder’s gross income). Conversely, a U.S. Holder may be entitled to recognize a loss to the extent any accrued interest claimed or accrued OID was previously included in its gross income and is not paid in full. However, the IRS has privately ruled that a holder of a “security” of a corporate issuer in an otherwise tax-free exchange could not claim a current deduction with respect to any unpaid OID. Accordingly, it is unclear whether, by analogy, any U.S. holder of an Allowed Claim that does not constitute a “security” would be required to recognize a capital loss, rather than an ordinary loss, with respect to previously included OID that is not paid in full.

The Plan provides that, except as otherwise provided therein or as otherwise required by law (as reasonably determined by the Reorganized Debtors), distributions with respect to an Allowed Claim shall be allocated first to the principal portion of such Allowed Claim (as determined for U.S. federal income tax purposes) and, thereafter, to the remaining portion of such Allowed Claim (in contrast, for example, to a pro rata allocation of a portion of the exchange

---

consideration received between principal and interest, or an allocation first to accrued but unpaid interest). See section 6.17 of the Plan. There is no assurance that the IRS will respect such allocation for U.S. federal income tax purposes. *U.S. Holders of Allowed Claims are urged to consult their own tax advisor regarding the allocation of consideration received under the Plan, as well as the deductibility of accrued but unpaid interest (including OID) and the character of any loss claimed with respect to accrued but unpaid interest (including OID) previously included in gross income for U.S. federal income tax purposes.*

**iii. Character of Gain or Loss**

The character of any gain or loss as long-term or short-term capital gain or loss or as ordinary income or loss of a U.S. Holder will be determined by a number of factors, including the tax status of the holder, whether the Claim constitutes a capital asset in the hands of the holder and how long it has been held, whether such Claim was acquired at a market discount and whether and to what extent the holder previously claimed a bad debt deduction with respect to such Claim.

A U.S. Holder of Claims that purchased its Claims from a prior holder at a “market discount” (relative to the principal amount of the Claims at the time of acquisition) may be subject to the market discount rules of the Tax Code. A holder that purchased its Claim from a prior holder will be considered to have purchased such Claim with “market discount” if the holder’s adjusted tax basis in its Claim is less than the stated redemption price at maturity of such Claim by at least a statutorily defined *de minimis* amount. Under these rules, any gain recognized on the exchange of Claims (other than in respect of a Claim for accrued but unpaid interest) generally will be treated as ordinary income to the extent of the market discount accrued (on a straight line basis or, at the election of the holder, on a constant yield basis) during the holder’s period of ownership, unless the holder elected to include the market discount in income as it accrued. If a holder of Claims did not elect to include market discount in income as it accrued and, thus, under the market discount rules, was required to defer all or a portion of any deductions for interest on debt incurred or maintained to purchase or carry its Claims, such deferred amounts would become deductible at the time of the exchange.

**iv. Ownership and Disposition of New Debt**

**(a) Issue Price of New Debt**

The “issue price” of each issue of New Debt depends on whether, at any time during the 31-day period ending 15 days after the Effective Date, such New Debt or a substantial amount of the Claims exchanged therefor are considered traded on an “established market.” Pursuant to applicable Treasury Regulations, an “established market” need not be a formal market. It is sufficient if there is a readily available sales price for an executed purchase or sale of such New Debt or the Claims exchanged therefor, or if there is one or more “firm quotes” or “indicative quotes” with respect to such New Debt or Claims exchanged therefor, in each case, as such terms are defined in applicable Treasury Regulations. However, a debt instrument will not be treated as traded on an established market under the “small debt issues” exception if at the applicable time the outstanding stated principal amount of the issue that includes such debt instrument does not exceed \$100 million.

If any issue of New Debt received is considered traded on an established market, the issue price of such New Debt for U.S. federal income tax purposes will equal its fair market value as of the Effective Date. If an issue of New Debt is not considered traded on an established market but a substantial amount of the Claims exchanged therefor are so treated, the issue price of such New Debt for U.S. federal income tax purposes will be based on the fair market value of the Claims exchanged therefor as adjusted to take into account the receipt of any New Common Interests (or other property) received in the same exchange. If neither the New Debt nor a substantial amount of the Claims exchanged therefor are considered traded on an established market, the issue price of such New Debt for U.S. federal income tax purposes generally will be its stated principal amount.

Other than the New Secured Notes, the Miner Equipment Lender Takeback Debt, and possibly the New Notes, the Debtors expect that the New Debt received will have an issue price equal to its stated principal amount (due to the application of the “small debt issues” exception as to the New Debt received and the Claims exchanged therefor). If the Debtors determine that the New Secured Notes, the New Notes, or the Claims exchanged therefor or the Miner Equipment Lender Takeback Debt are considered traded on an established market, such determination and the

---

determination of issue price will be binding on a holder unless such holder discloses, on a timely-filed U.S. federal income tax return for the taxable year that includes the Effective Date, that such holder's determination is different from the Debtors' determination, the reasons for such holder's different determination and, if applicable, how such holder determined the fair market value.

(b) Payments of Qualified Stated Interest on New Debt

Payments of qualified stated interest on the New Debt generally should be taxable to a U.S. Holder as ordinary interest income at the time such payments are accrued or are received in accordance with the holder's regular method of accounting for U.S. federal income tax purposes. Qualified stated interest generally means stated interest that is unconditionally payable in cash or in property (other than debt instruments of the issuer) at least annually at a single fixed rate or a single qualified floating rate.

(c) Computation, Accrual and Amortization of OID

A debt instrument will be treated as issued with OID for U.S. federal income tax purposes if the "stated redemption price at maturity" exceeds its "issue price" by an amount equal to or more than a statutorily defined *de minimis* amount (generally, 0.25% multiplied by the product of the stated redemption price at maturity and the number of complete years to maturity). The "stated redemption price at maturity" of a debt instrument is the total of all payments to be made under such debt instrument other than qualified stated interest, and thus will include a portion of the stated interest if not all interest is required to be paid at a fixed (or qualified floating) annual rate in cash.

Other than the New Secured Notes, the Notes, and certain of the Miner Equipment Lender Takeback Debt, none of the New Debt is expected to be issued with OID for U.S. federal income tax purposes. The New Secured Notes, and certain of the Miner Equipment Lender Takeback Debt will be considered issued with OID. Whether the New Term Loans will be considered to be issued with OID will depend on their issue price which may not be known with certainty until after the Effective Date.

The amount of OID that a U.S. Holder of a debt must include in income will be determined under the applicable Treasury Regulations based upon the following assumptions: (i) no election to call the debt will be made and (ii) interest will be accrued, rather than paid in cash, in a manner to minimize the yield on the debt. These assumptions are made solely for U.S. federal income tax purposes and do not constitute a representation by the Debtors regarding the actual amounts, or timing thereof, that will be paid on the New Secured Notes, the New Notes, or the Miner Equipment Lender Takeback Debt. If the assumptions made are contrary to actual circumstances (a "change in circumstances"), then solely for purposes of determining the amount of OID, such New Secured Notes, the New Notes, or Miner Equipment Lender Takeback Debt will be treated as retired and reissued on the date of the change in circumstances for an amount equal to the "adjusted issue price" (as defined below) of such New Secured Notes, New Notes, or Miner Equipment Lender Takeback Debt. In addition, OID will include the portion of stated interest that is payable in kind (*i.e.*, the portion that is not qualified stated interest) regardless of whether such interest is actually paid in kind.

A U.S. Holder generally must include OID in gross income on an annual basis under the "constant yield method" without regard to its regular method of accounting for U.S. federal income tax purposes. The amount of OID includible in income for a taxable year by a U.S. Holder generally will equal the sum of the "daily portions" of the total OID on the debt for each day during the taxable year (or portion thereof) on which such U.S. Holder held the debt. Generally, to determine the daily portions of the OID, the amount of OID allocable to an accrual period is determined, and a ratable portion of such OID is allocated to each day in the accrual period. An accrual period may be of any length and the length of the accrual periods may vary over the life of the debt, provided that no accrual period may be longer than one year and each scheduled payment of interest or principal on the debt must occur on either the first day or last day of an accrual period. The amount of OID allocable to each accrual period generally will equal (i) the product of (x) the "adjusted issue price" of the debt at the beginning of such accrual period and (y) its "yield to maturity" less (ii) any qualified stated interest payments allocable to the accrual period.

The "adjusted issue price" of the debt at any time generally will equal the original issue price, increased by the total OID accrued for each prior accrual period and decreased by the amount of payments made on such debt (other than qualified stated interest). The "yield to maturity" of the debt will be the discount rate that, when used in computing the present value of all principal and interest payments to be made on the debt produces an amount equal to the original issue price.

---

The rules regarding the determination of OID are complex and, as indicated above, the discussion herein is based on the principal terms the New Debt as currently described in the Plan (and thus, among other things, assumes that none of the respective debt instruments constitute “contingent payment debt obligations” for U.S. federal income tax purposes). Accordingly, you are urged to consult your own tax advisor regarding the application of the OID rules.

(d) Potential Application of AHYDO Provisions to New Secured Notes

Certain of the New Secured Notes may be subject to the provisions of the Tax Code addressing “applicable high yield discount obligations.” See section (VIII)(A)(iii) above (“*Potential Limitations on Interest Deductions*”). To the extent a portion of the deduction for OID is disallowed, an equivalent amount of a corporate holder’s OID income may be treated as a dividend for purposes of the dividend-received deduction to the extent such amount would have been treated as a dividend if it had been a distribution made by the issuer with respect to its stock. This determination is dependent upon the extent to which the issuer has sufficient earnings and profits (either current or accumulated) such that a distribution in respect of its stock would constitute a dividend for U.S. federal income tax purposes and, presumably, subject to certain holding period and taxable income requirements and other limitations on the dividend-received deduction.

(e) Conversion of New Secured Notes

Certain of the New Secured Notes will be convertible into New Common Interests. In general, the conversion of such New Secured Notes into New Common Interests will not be a taxable event, a U.S. Holder’s tax basis in the New Common Interests received upon a conversion of the New Secured Notes will equal the tax basis of the New Secured Notes that were converted and the U.S. Holder’s holding period for the New Common Interests received will include the U.S. Holder’s holding period for the New Secured Notes converted.

(f) “Constructive Distributions” on New Secured Notes

The conversion ratio or exercise price of the New Secured Notes that are convertible into New Common Interests and the exercise price of the New Warrants will be adjusted in certain circumstances. Under section 305 of the Tax Code, certain transactions that effect an increase in the proportionate interest of a shareholder in the corporation’s assets are treated as creating deemed distributions to such shareholder in respect of such “stock” interest, including certain “anti-dilution” adjustments to the exercise price or conversion ratio of a right to acquire stock in the corporation. For this purpose, a holder of a right to acquire stock from the corporation, including a holder of convertible securities of the corporation, is treated as a deemed shareholder in the corporation.

Any deemed distribution to U.S. Holders of New Secured Notes resulting from an adjustment in the conversion ratio or exercise price of the New Secured Notes that are convertible into New Common Interests or from an inadequate adjustment in the exercise price of the New Warrants (thereby increasing the proportionate equity interests of the New Secured Notes in the corporation’s assets) will be taxed, and reported to the IRS, in the same manner as an actual distribution made by a corporation to its shareholders. U.S. Holders should consult their tax advisors as to the tax consequences of receiving deemed distributions.

(g) Sale or Other Taxable Disposition

U.S. Holders generally will recognize capital gain or loss upon the sale, redemption or other taxable disposition of the New Debt in an amount equal to the difference between (i) the sum of the cash plus the fair market value of any property received from such disposition (other than amounts attributable to accrued but unpaid stated interest, which will be taxable as ordinary income for U.S. federal income tax purposes to the extent not previously so taxed) and (ii) the U.S. Holder’s adjusted tax basis in the New Debt. Generally, a U.S. Holder’s adjusted tax basis will be equal to its initial tax basis in such obligation increased by any OID previously included in income, and reduced by cash payments received on such obligation other than payments of qualified stated interest. Any capital gain or loss generally should be long-term if the U.S. Holder’s holding period for the New Debt is more than one year at the time of disposition. A reduced tax rate on long-term capital gain may apply to non-corporate U.S. Holders. The deductibility of capital loss is subject to significant limitations.

---

**v. Disposition of New Common Interests by U.S. Holders**

In general, unless a nonrecognition provision applies to a future disposition, U.S. Holders generally will recognize capital gain or loss upon the sale or exchange of the New Common Interests in an amount equal to the difference between (i) the sum of the cash and the fair market value of any property received from such disposition and (ii) the holder's adjusted tax basis in the New Common Interests held. Any such gain or loss generally should be long-term capital gain or loss if the U.S. Holder's holding period in its New Common Interests is more than one year at the time of disposition. A reduced tax rate on long-term capital gain may apply to non-corporate U.S. Holders. The deductibility of capital loss is subject to significant limitations.

However, any gain recognized by a U.S. Holder upon a disposition of the New Common Interests received in exchange for its Claim (or any stock or property received for such New Common Interests in a later tax-free exchange) generally will be treated as ordinary income for U.S. federal income tax purposes to the extent of (i) any ordinary loss deductions previously claimed as a result of the write-down of the Claim, decreased by any income (other than interest income) recognized by the U.S. Holder upon exchange of the Claim, and (ii) with respect to a cash-basis U.S. Holder and in addition to clause (i) above, any amounts which would have been included in its gross income if the holder's Claim had been satisfied in full but which was not included by reason of the cash method of accounting.

**C. Consequences to Holders of Section 510(b) Claims**

Pursuant to the Plan, Holders of Allowed Section 510(b) Claims will receive, in full and final satisfaction, settlement, release, and discharge of their Claims, (i) New Common Interests, (ii) New Warrants and (iii) in lieu of Subscription Rights, either Cash, additional New Common Interests, additional New Warrants, or some combination thereof. The U.S. federal income tax treatment of the Allowed Section 510(b) Claims by a U.S. Holder is complex and will depend on, among other things, whether or not the holder receives Cash (in addition to receiving New Common Interests and New Warrants), the nature of such holder's Claims, whether the holder continues to hold the equity underlying such Claims, whether the holder is the original holder thereof, and the extent to which, if at all, the holder has previously claimed a loss in respect of its Claims. U.S. Holders of Allowed Section 510(b) Claims are urged to consult their own tax advisors as to the U.S. federal income tax consequences to them of receiving New Common Interests, New Warrants and, if any, Cash, including the extent to which any recovery may or may not be taxable (for example, in the case of a prior U.S. Holder of Existing Equity Interests, it is possible that the receipt of New Common Interests and New Warrants might be treated as a tax-free recapitalization or similar non-recognition transaction for U.S. federal income tax purposes (except if such holder would also receive Cash, in which case such holder may recognize gain (but not loss) to the extent of the amount of any Cash received) and the character of any income or loss. For a discussion of the U.S. federal income tax treatment of the ownership and disposition of New Warrants, see section (VIII)(D)(iii) below ("*Ownership and Disposition of New Warrants*"). U.S. Holders of Allowed Section 510(b) Claims should consult their tax advisors regarding the U.S. federal income tax consequences of the Plan.

**D. Consequences to Holders of Existing Common Interests**

Pursuant to the Plan, Holders of Existing Common Interests will receive in exchange for their Existing Common Interests New Common Interests, Subscription Rights, and the New Warrants.

**i. Tax Treatment of Exchange**

Based on the anticipated terms of Reorganized Parent's certificate of incorporation, it is expected that the exchange by holders of Existing Common Interests for the consideration under the Plan will qualify as a "recapitalization" for U.S. federal income tax purposes. So treated, U.S. Holders generally will not recognize any gain or loss upon the exchange of their Existing Common Interests. For a discussion of the U.S. federal income tax treatment of the Subscription Rights, see the next section.

---

A U.S. Holder's aggregate tax basis in its New Common Interests, Subscription Rights, and New Warrants generally will equal such U.S. Holder's adjusted tax basis in its Existing Common Interests. Such U.S. Holder's holding period in the New Common Interests, Subscription Rights, and New Warrants generally will include its holding period in its Existing Common Interests.

In the event that such exchange by a U.S. Holder does *not* qualify as a "recapitalization" for U.S. federal income tax consequences, the tax consequences of such exchange may differ materially from those described above, including that the Subscription Rights and New Warrants received by a holder could be taxable as a dividend to the extent of the Reorganized Parent's current and accumulated earnings and profits (if any), with any excess first reducing such U.S. Holder's tax basis in its New Common Interests (but not below zero), and thereafter giving rise to gain from the sale or exchange of property.

As discussed above under section (VIII)(B)(iv)(f) ("*Constructive Distributions*" on *New Secured Notes*), certain transactions that effect an increase in the proportionate interest of a shareholder in a corporation's assets are treated as creating deemed distributions to such shareholder in respect of its stock. It is possible that an inadequate adjustment in the conversion ratio or exercise price of the New Secured Notes that are convertible into New Common Interests or in the exercise price of the New Warrants could cause such a deemed distribution to U.S. Holders of New Common Interests. U.S. Holders should consult their tax advisors as to the tax consequences of receiving deemed distributions.

***ii. Treatment of Right to Participate in Rights Offering***

The characterization of a Subscription Right and its subsequent exercise for U.S. federal income tax purposes – as the exercise of an option to acquire a portion of the New Common Interests or, alternatively, as an integrated transaction pursuant to which the New Common Interests are acquired directly in the exchange – is uncertain.

Regardless of the characterization of a Subscription Right for U.S. federal income tax purposes, a U.S. Holder of Existing Common Interests generally would not recognize any gain or loss upon the exercise of such right. A U.S. Holder's aggregate tax basis in the New Common Interests received upon exercise of a Subscription Right should be equal to the sum of (i) the amount paid for the New Common Interests and (ii) the Holder's tax basis, if any, in either (a) the Subscription Rights, or (b) under an integrated transaction analysis, any New Common Interests received pursuant to the exercise of a Subscription Right.

In general, a U.S. Holder's holding period in the New Common Interests received upon the exercise of a Subscription Right that is respected as an option generally should commence the day following the Effective Date. However, under an integrated transaction analysis, and assuming the exchange qualifies as a "recapitalization" for U.S. federal income tax purposes, a U.S. Holder's holding period in the New Common Interests received upon the exercise of a Subscription Right (other than the portion attributable to the amount paid for the New Common Interests) generally will include its holding period in the Existing Common Interests.

It is uncertain whether a U.S. Holder that receives but does not exercise its Subscription Rights should be treated as receiving anything of additional value in respect of its Existing Common Interests. If the U.S. Holder is treated as having received a Subscription Right of value (despite its subsequent lapse), such that it obtains a tax basis in the right, the U.S. Holder generally would recognize a loss to the extent of the U.S. Holder's tax basis in the Subscription Right. In general, such loss would be a capital loss, long-term or short-term, depending upon whether the requisite holding period was satisfied (which, assuming that the transaction qualified as a "recapitalization" for U.S. federal income tax purposes should include the holding period of the Existing Common Interests exchanged therefor).

***iii. Ownership and Disposition of New Warrants***

A U.S. Holder of a New Warrant generally will not recognize gain or loss upon the exercise of such warrant. A U.S. Holder's tax basis in New Common Interests received upon exercise of a New Warrant will be equal to the sum of the holder's tax basis in the New Warrant and the exercise price. The holder will commence a new holding period with respect to the New Common Interests received.

---

As discussed above under section (VIII)(B)(iv)(f) (“*Constructive Distributions*” on *New Secured Notes*), certain transactions that effect an increase in the proportionate interest of a shareholder (including for this purpose, a holder of a right to acquire stock from the corporation) in a corporation’s assets are treated as creating deemed distributions to such shareholder in respect of its stock, including certain “anti-dilution” adjustments. Accordingly, if the terms of the New Warrants provide for any adjustment to the number of shares of New Common Interests for which the New Warrants may be exercised and/or to the exercise price thereof, or if an inadequate adjustment is made in the conversion ratio or exercise price of the New Secured Notes that are convertible into New Common Interests (thereby increasing the proportionate equity interests of the New Warrants in the corporation’s assets), such adjustments may, under certain circumstances, result in constructive distributions that could be taxable to the Holder of the New Warrants. Conversely, the absence of an appropriate adjustment may result in a constructive distribution that could be taxable to the U.S. Holders of the New Common Interests (among others).

Upon the lapse or disposition of a New Warrant, the U.S. Holder generally would recognize gain or loss equal to the difference between the amount received (zero in the case of a lapse) and its tax basis in the warrant. In general, such gain or loss would be a capital gain or loss, long-term or short-term, depending on whether the requisite holding period was satisfied.

#### **E. Tax Treatment of Disputed Claims Reserve**

Subject to definitive guidance from the IRS or a court of competent jurisdiction to the contrary, or the receipt of a determination by the IRS, the Disbursing Agent will (i) treat any Cash or other property held in the Disputed Claims Reserve(s) on account of Disputed Claims, as held in a “disputed ownership fund” governed by Treasury Regulation section 1.468B-9, and (ii) to the extent permitted by applicable law, report consistently with the foregoing for state and local income tax purposes. All parties (including the Debtors, the Reorganized Debtors, the Disbursing Agent, and the Holders of Disputed Claims) shall be required to report for tax purposes consistently with the foregoing. Accordingly, the Disputed Claims Reserve(s) will be a separate taxable entity for U.S. federal income tax purposes, and all interest and earnings of the reserve will be taxable to such entity.

Any distributions from the reserve to holders of Allowed Claims will be treated for U.S. federal income tax purposes as if received directly from the Debtors on their Allowed Claims. Each Disputed Claims Reserve will be responsible for payment, out of the assets of such reserve, of any taxes imposed on the Disputed Claims Reserve or its assets. Accordingly, distributions from the reserve will be net of any taxes relating to the retention, disposition and distribution of assets in the reserve. In the event, and to the extent, any Cash in the Disputed Claims Reserve(s) is insufficient to pay the portion of any such taxes attributable to the taxable income arising from the assets of such reserve (including any income that may arise upon the distribution of the assets in such reserve) or other expenses, assets of the Disputed Claims Reserve(s) may be sold to pay such taxes or other expenses.

The Plan provides that any New Common Interests and any New Warrants withheld from distribution on account of Disputed Claims will not be issued by Reorganized Parent until such time as the respective Disputed Claims are resolved and the New Common Interests and/or New Warrants are distributed by the Disbursing Agent to holders of Allowed Claims. Accordingly, such New Common Interests and New Warrants should not be treated as held in and taxable to the Disputed Claims Reserve(s).

#### **F. Information Reporting and Backup Withholding**

All distributions to U.S. Holders under the Plan are subject to any applicable tax withholding, including backup withholding. Under U.S. federal income tax law, interest, dividends, and other reportable payments may, under certain circumstances, be subject to “backup withholding” at the then applicable withholding rate (currently 24%). Backup withholding generally applies if the U.S. Holder (i) fails to furnish its social security number or other taxpayer identification number, (ii) furnishes an incorrect taxpayer identification number, (iii) has been notified by the IRS that it is subject to backup withholding as a result of a failure to properly report interest or dividends, or (iv) under certain circumstances, fails to provide a certified statement, signed under penalty of perjury, that the tax identification number provided is its correct number and that it is not subject to backup withholding. Backup withholding is not an additional tax but merely an advance payment, which may be refunded to the extent it results in an overpayment of tax. Certain persons are exempt from backup withholding, including, in certain circumstances, corporations and financial institutions. Holders are urged to consult their own tax advisors regarding the potential application of U.S. withholding taxes to the transactions contemplated under the Plan and whether any distributions to them would be subject to withholding.

---

*The foregoing summary has been provided for informational purposes only. All holders of Claims and Interests are urged to consult their own tax advisors concerning the federal, state, local and other tax consequences applicable under the Plan.*

**IX.**  
**CERTAIN RISK FACTORS TO BE CONSIDERED**

Before voting to accept or reject the Plan, holders of Claims and Interests should read and carefully consider the risk factors set forth below, in addition to the information set forth in the Disclosure Statement together with any attachments, exhibits, or documents incorporated by reference hereto. The factors below should not be regarded as the only risks associated with the Plan or its implementation. Documents filed with the SEC may also contain important risk factors that differ from those discussed below, and such risk factors are incorporated as if fully set forth herein and are a part of this Disclosure Statement. Copies of any document filed with the SEC, certain of which are referenced below, may be obtained by visiting the SEC website at <http://www.sec.gov>.

THIS SECTION PROVIDES INFORMATION REGARDING POTENTIAL RISKS IN CONNECTION WITH THE PLAN. THE FACTORS BELOW SHOULD NOT BE REGARDED AS THE ONLY RISKS ASSOCIATED WITH THE PLAN OR ITS IMPLEMENTATION. ADDITIONAL RISK FACTORS IDENTIFIED IN THE DEBTORS' PUBLIC FILINGS WITH THE SEC MAY ALSO BE APPLICABLE TO THE MATTERS SET OUT HEREIN AND SHOULD BE REVIEWED AND CONSIDERED IN CONJUNCTION WITH THIS DISCLOSURE STATEMENT, TO THE EXTENT APPLICABLE. THE RISK FACTORS SET FORTH IN THE DEBTORS' ANNUAL REPORT ON FORM 10-K FOR THE FISCAL YEAR ENDED DECEMBER 31, 2022 FILED WITH THE SEC ON APRIL 4, 2023 AND THE DEBTORS' QUARTERLY REPORT ON FORM 10-Q FOR THE QUARTER ENDED MARCH 31, 2023 FILED WITH THE SEC ON MAY 15, 2023 ARE HEREBY INCORPORATED BY REFERENCE. NEW FACTORS, RISKS AND UNCERTAINTIES EMERGE FROM TIME TO TIME AND IT IS NOT POSSIBLE TO PREDICT ALL SUCH FACTORS, RISKS AND UNCERTAINTIES.

**A. Certain Bankruptcy Law Considerations**

*i. The Plan Contemplates Multiple Options for Distributions to Certain Classes Consisting of Various Types of Debt Instruments*

The Plan contemplates that the Reorganized Debtors may issue secured debt in the form of the New Debt. Certain forms of New Debt may have different terms and conditions, such as principal amount, interest rate, maturity. You are encouraged to carefully consider the terms of the potential New Debt you may receive or elect to receive under the Plan.

*ii. Parties in Interest May Object to Plan's Classification of Claims and Interests*

Section 1122 of the Bankruptcy Code provides that a plan may place a claim or an equity interest in a particular class only if such claim or equity interest is substantially similar to the other claims or equity interests in such class. The Debtors believe that the classification of the Claims and Interests under the Plan complies with the requirements set forth in the Bankruptcy Code because the Debtors created Classes of Claims and Interests each encompassing Claims or Interests, as applicable, that are substantially similar to the other Claims or Interests, as applicable, in each such Class. Nevertheless, there can be no assurance that the Bankruptcy Court will reach the same conclusion.

*iii. Distributions to Allowed Existing Common Interests Claims and Allowed Section 510(b) Claims (if any) May Change*

Under the Plan, Holders of Allowed Claims (other than Section 510(b) Claims) will be paid the full value of their Claims, depending on individual elections, regardless of the amount of Claims that are ultimately Allowed. However, Holders of Allowed 510(b) Claims and Allowed Existing Common Interests are entitled to the Residual Plan Value,

---

which is the remaining value of the Reorganized Debtors after payments to all Allowed Claims (other than Section 510(b) Claims). Accordingly, the value of their distributions will depend on the amount of Claims ultimately Allowed as well as the outcome of certain creditor elections. The value of the projected distributions to Holders of Allowed Existing Common Interests are based upon good faith estimates of the total amount of Claims ultimately allowed. The Debtors believe that these assumptions and estimates are reasonable. However, unanticipated events or circumstances could result in such estimates or assumptions increasing or decreasing materially and the actual amount of allowed Claims in a particular Class may change. If the total amount of allowed Claims in a Class is higher than the Debtors' estimates, the recovery to holders of Allowed Existing Common Interests may be less than projected. For example, the Bankruptcy Court may allow for Claims in a higher amount than the Debtors have estimated or may require a higher rate of postpetition interest to be applied to certain Claims.

The Claims of the Holders of the April Notes and August Notes represent a significant portion of the Debtors' total Claims. The Holders of April Notes and August Notes may seek the allowance, in whole or in part, of the April 2X Amounts and August 2X Amounts respectively. While the Debtors believe that, pursuant to the terms of the April Notes and August Notes, and applicable law, the holders of April Notes and August Notes are not entitled to include the April 2X Amounts and August 2X Amounts in their respective Claims, should the Bankruptcy Court allow such amounts, in whole or in part, such allowance would result in a significant increase in the Claims against the Debtors and may significantly decrease the value of the projected distributions to holders of Allowed 510(b) Claims and Allowed Existing Common Interests Claims under the Plan.

*iv. The Plan Provides Certain Classes Multiple Options Regarding the Manner of their Distributions; A Particular Election by One Class Will Affect the Allocation of New Common Interests Received by Other Classes and the Overall Capital Structure of the Reorganized Debtors*

The Plan provides various options to certain Voting Classes regarding the treatment of their Claims and the distributions such Voting Class receives under the Plan. For example, if either Class of Convertible Notes Claims (Class 1 and Class 2) votes to accept the Plan (an "**Accepting Class**") then such Accepting Class will receive at least 25% of their recovery in New Common Interests and up to 75% of their recovery in new secured debt; however, if either such Class rejects, Holders in such rejecting Class will receive 100% of their recovery in new secured debt. Moreover, the Plan provides individual treatment options for Holders of Claims in Class 3 (Miner Equipment Lender Secured Claims).

The elections made by members of such Voting Classes may significantly affect the allocation of New Common Interests among the Classes that may receive New Common Interests and may significantly affect the allocation of New Debt among the Classes issued by the Reorganized Debtors.

*v. The Amount of Allowed Claims in the Classes Will Affect the Allocation of New Common Interests*

The amount of Allowed Claims in each Class may also affect the allocation of New Common Interests among the Classes. If the Bankruptcy Court Allows or Disallows Claims in amounts that are different than the Debtors' estimates, the proportion of Allowed Claims in one Class may change relative to other Classes, and thus, the allocation of New Common Interests and/or New Debt to the various Classes may significantly change.

*vi. Debtors May Require and May Not Obtain Additional Financing*

The Debtors anticipate they may require additional financing to implement the Plan. While the Debtors have agreed in principle to exit financing the Debtors have not yet signed commitment letters and cannot guarantee that such commitment letters will be executed prior to the Confirmation Hearing. Failure execute such agreements for exit financing could prevent the Debtors from consummating the Plan and the transactions contemplated thereby.

**vii. Risks Related to Settlements Not Yet Finalized or Approved By the Court**

As described in further detail in section (VI)(I) hereof, certain settlements and agreements with certain of the Debtors' creditors are still under negotiation and/or have yet to be approved by the Bankruptcy Court. If the Debtors are unable to consummate such settlements with their creditors, it may materially affect the Debtors' ability to consummate the Plan.

**viii. Risks Related to Possible Objections to the Plan**

There is a risk that certain parties could oppose and object to either the entirety of the Plan or specific provisions of the Plan. Although the Debtors believe that the Plan complies with all applicable Bankruptcy Code provisions, there can be no guarantee that a party in interest will not file an objection to the Plan or that the Bankruptcy Court will not sustain such an objection.

**ix. Risk of Non-Confirmation of the Plan**

Although the Debtors believe that the Plan will satisfy all requirements necessary for Confirmation by the Bankruptcy Court, there can be no assurance that the Bankruptcy Court will reach the same conclusion or that modifications to the Plan will not be required for Confirmation or that such modifications would not necessitate re-solicitation of votes.

Moreover, the Debtors can make no assurances that they will receive the requisite votes for acceptance to confirm the Plan. Even if all Voting Classes vote in favor of the Plan or the requirements for "cramdown" are met with respect to any Class that rejected the Plan, the Bankruptcy Court could decline to confirm the Plan if it finds that any of the statutory requirements for Confirmation of the Plan are not met. If the Plan is not confirmed, it is unclear what distributions holders of Claims or Interests ultimately would receive with respect to their Claims or Interests in a subsequent plan of reorganization.

**x. Risk of Non-Consensual Confirmation**

If any impaired class of claims or equity interests does not accept or is deemed not to accept a plan of reorganization, a bankruptcy court may nevertheless confirm such plan at the proponent's request if at least one impaired class has voted to accept the plan (with such acceptance being determined without including the vote of any "insider" in such class), and as to each impaired class that has not accepted the plan, the Bankruptcy Court determines that the plan "does not discriminate unfairly" and is "fair and equitable" with respect to the dissenting impaired classes. If any class votes to reject the plan, then these requirements must be satisfied with respect to such rejecting classes. The Debtors believe that the Plan satisfies these requirements.

**xi. Conversion into Chapter 7 Cases**

If no plan of reorganization can be confirmed, or if the Bankruptcy Court otherwise finds that it would be in the best interest of holders of Claims and Interests, the Chapter 11 Cases may be converted to cases under chapter 7 of the Bankruptcy Code, pursuant to which a trustee would be appointed or elected to liquidate the Debtors' assets for distribution in accordance with the priorities established by the Bankruptcy Code. See section (XI)(C) hereof, as well as the Liquidation Analysis attached hereto as **Exhibit C**, for a discussion of the effects that a chapter 7 liquidation would have on the recoveries of holders of Claims and Interests.

**xii. Risk of Non-Occurrence of the Effective Date**

Although the Debtors believe that the Effective Date will occur soon after the Confirmation of the Plan and that there is not a material risk that the Debtors will not be able to obtain any necessary governmental approvals (including any antitrust approval), there can be no assurance as to the timing of the Effective Date. The transactions contemplated under the Plan may require a review under the Hart-Scott-Rodino Antitrust Improvements Act. If the conditions precedent to the Effective Date set forth in the Plan have not occurred or have not been waived as set forth in Article IX of the Plan, then the Confirmation Order may be vacated, in which event no distributions would be made under the Plan, the Debtors and all holders of Claims or Interests would be restored to the status quo as of the day immediately preceding the Confirmation Date, and the Debtors' obligations with respect to claims and Interests would remain unchanged.

---

***xiii. DIP Facility***

The DIP Facility, along with the use of cash on hand (cash collateral), is intended to provide liquidity to the Debtors during the pendency of the Chapter 11 Cases. If the Chapter 11 Cases take longer than expected to conclude, the Debtors may exhaust or lose access to their financing. The DIP Facility matures on December 21, 2023. There is no assurance that the Debtors will be able to obtain additional financing from the Debtors' existing lenders or otherwise. In either such case, the liquidity necessary for the orderly functioning of the Debtors' business may be materially impaired.

***xiv. Releases, Injunctions, and Exculpations Provisions May Not Be Approved***

Article X of the Plan provides for certain releases, injunctions, and exculpations, for claims and causes of action that may otherwise be asserted against the Debtors, the Reorganized Debtors, the Exculpated Parties, or the Released Parties, as applicable. The releases, injunctions, and exculpations provided in the Plan are subject to objection by parties in interest and may not be approved. If the releases and exculpations are not approved, certain parties may not be considered Releasing Parties, Released Parties, or Exculpated Parties, and certain Released Parties or Exculpated Parties may withdraw their support for the Plan.

**B. Additional Factors Affecting the Value of Reorganized Debtors**

***i. Projections and Other Forward-Looking Statements Are Not Assured, and Actual Results May Vary***

Certain of the information contained herein is, by nature, forward-looking, and contains estimates and assumptions, which might ultimately prove to be incorrect, and projections, which may be materially different from actual future experiences. Many of the assumptions underlying the projections are subject to significant uncertainties that are beyond the control of the Debtors or Reorganized Debtors, including the timing, confirmation, and consummation of the Plan, unanticipated market, political, and economic conditions, customer demand for the Reorganized Debtors' products, and inflation. There are uncertainties associated with any projections and estimates, and they should not be considered assurances or guarantees of the amount of funds or the amount of Claims in the various Classes that might be Allowed. Some assumptions may not materialize, and unanticipated events and circumstances may affect the actual results. Projections are inherently subject to substantial and numerous uncertainties and to a wide variety of significant business, regulatory, economic, and competitive risks, and the assumptions underlying the projections may be inaccurate in material respects. In addition, unanticipated events and circumstances occurring after the approval of this Disclosure Statement by the Bankruptcy Court including any natural disasters, terrorist attacks, pandemics, or other catastrophic events may affect the actual financial results achieved. Such results may vary significantly from the forecasts and such variations may be material.

***ii. Risks Associated with the Debtors' Business and Industry***

The risks associated with the Debtors' businesses and industry are more fully described in the Debtors' SEC filings, including the Debtors' Annual Report on Form 10-K for the fiscal year ended December 31, 2022, filed with the SEC on April 4, 2023 and the Debtors' Quarterly Report on Form 10-Q for the quarter ended March 31, 2022, filed with the SEC on May 15, 2023. The risks associated with the Debtors' businesses and industry described in the Debtors' SEC filings include, but are not limited to, the following:

- Risk and uncertainties relating to the effects of disruption from the Chapter 11 Cases make it more difficult to maintain business, financing and operational relationships, to retain key executives.
- Digital assets are subject to extreme price volatility.
- The Debtors' business is highly dependent on a small number of Miner suppliers.

- 
- The Debtors' business is capital intensive, and failure to obtain the necessary capital when needed will force the Debtors to delay, limit or terminate the Debtors' expansion efforts or other operations, which would have a material adverse effect on the Debtors' business, financial condition and results of operations.
  - There is substantial doubt about the Debtors' ability to continue as a going concern.
  - Governments and government regulators may potentially restrict the ability of electricity suppliers to provide electricity to transaction processing operations of cryptocurrency mining companies, such as the Debtors', which could have a material adverse effect on the Debtors' business, financial condition and results of operations.
  - Recent events have increased the likelihood that U.S. federal and state legislatures and regulatory agencies will enact laws and regulations to regulate digital assets and digital asset intermediaries, such as digital asset exchanges and custodians.
  - The Debtors' substantial level of indebtedness and liquidity constraints have adversely affected their financial condition and the Debtors' ability to service their indebtedness.
  - The Debtors will need to raise additional capital to grow their business and satisfy their anticipated future liquidity needs, and the Debtors may not be able to raise it on terms acceptable to them, or at all.
  - If future prices of bitcoin are not sufficiently high, the Debtors' business, results of operations and financial condition will be materially and adversely affected, which will have a negative impact on the trading price of the Debtors' securities.
  - The Debtors' success depends in large part on the Debtors' ability to mine digital assets profitably and to attract customers for their hosting capabilities.
  - A slowdown in the demand for blockchain technology or blockchain hosting resources and other market and economic conditions could have a material adverse effect on the Debtors' business, financial condition and results of operations.
  - A significant portion of the Debtors' assets including their Miners and their Mining facilities are pledged to various of the Debtors' creditors
  - The Debtors' revenue comes from the bitcoin they mine and sell and from a small number of hosting customers.
  - The Debtors are subject to risks associated with their need for significant electric power and the limited availability of power resources, which could have a material adverse effect on the Debtors' business, financial condition and results of operations. An inability to purchase and develop additional sources of low-cost renewable sources of energy effectively will have a material adverse effect on the Debtors' business, financial condition and results of operations.
  - The Debtors may not be able to obtain new hosting and transaction processing hardware or purchase such hardware at competitive prices.
  - The Debtors' business is heavily impacted by social, political, economic and other events and circumstances in the United States and in countries outside of the United States, most particularly Asian and other non-Western countries.

- 
- The Debtors generate significant revenue from a limited number of facilities in Georgia, Kentucky, North Carolina, North Dakota, and Texas.
  - The Debtors may be vulnerable to security breaches.
  - The Debtors' future success depends on their ability to keep pace with rapid technological changes that could make the Debtors' current or future technologies less competitive or obsolete.
  - The further development and acceptance of cryptographic and algorithmic protocols governing transaction validation and the issuance of, and transactions in, digital assets are subject to a variety of factors that are difficult to evaluate. The slowing or stoppage of development or acceptance of blockchain networks and digital assets would have an adverse material effect on the successful development of the Mining operation and value of mined digital assets.
  - The Debtors' ability to use net operating losses to offset future taxable income may be subject to limitations.
  - The Debtors operate in a rapidly developing industry and have an evolving business model with a limited history of generating revenue from services. In addition, the Debtors' evolving business model increases the complexity of the Debtors' business, which makes it difficult to evaluate the Debtors' future business prospects.
  - The Debtors have experienced difficulties in establishing relationships with banks, leasing companies, insurance companies and other financial institutions to provide the Debtors with customary financial products, and services.
  - Digital assets exchanges and other trading venues are relatively new and, in some cases, unregulated, and some have experienced fraud and failure.
  - The Debtors may not have adequate sources of recovery if the digital assets held by the Debtors are lost, stolen or destroyed due to third-party digital asset services.
  - Losses relating to the Debtors' business may be uninsured, or insurance may be limited.
  - There has been limited precedent set for financial accounting for bitcoin and other digital assets, thus the determinations that the Debtors have made for how to account for digital assets transactions may be subject to change.
  - As more processing power is added to a network, the Debtors' relative percentage of total processing power on that network is expected to decline absent significant capital investment, which has an adverse impact on the Debtors' ability to generate revenue from processing transactions on that network.
  - The Debtors' reliance on third-party Mining pool service providers for their Mining revenue payouts may have a negative impact on the Debtors' operations.
  - Malicious actors or botnet may obtain control of more than 50% of the processing power on the bitcoin or other network.
  - Any loss or destruction of a private key required to access a digital asset of the Debtors is irreversible. The Debtors also may temporarily lose access to their digital assets.
  - The digital assets held by the Debtors are not subject to protections of either the Federal Deposit Insurance Corporation or Securities Investor Protection Corporation.

- 
- Changes in tariffs or import restrictions could have a material adverse effect on the Debtors' business, financial condition and results of operations.
  - The Debtors' interactions with a blockchain may expose them to specially designated nationals or blocked persons or cause the Debtors to violate provisions of law that did not contemplate distribute ledger technology.
  - The Debtors have identified material weaknesses in their internal control over financial reporting. Such material weaknesses may result in material misstatements of our financial statements or cause the Debtors to fail to meet their periodic reporting obligations. The Debtors may also identify additional material weaknesses in the future or otherwise fail to maintain an effective system of internal control.
  - The common stock of Core Scientific, Inc. was delisted from Nasdaq and its shares currently trade on the OTC.

*iii. Post-Effective Date Indebtedness*

Following the Effective Date, the Reorganized Debtors may have approximately \$743.5 million of secured funded indebtedness outstanding composed of the New Debt, which amount may vary depending on the Allowed amount of the various Claims exchanged for such New Debt, as well as whether Class 1 is an Accepting Class, whether Class 2 is an Accepting Class, and the elections made by the Holders of Allowed Miner Equipment Lender Claims. The Reorganized Debtors' ability to service their debt obligations will depend, among other things, on their future operating performance, which depends partly on economic, financial, competitive, and other factors beyond the Reorganized Debtors' control. The Reorganized Debtors may not be able to generate sufficient cash from operations to meet their debt service obligations as well as fund necessary capital expenditures. In addition, if the Reorganized Debtors need to refinance their debt, obtain additional financing, or sell assets or equity, they may not be able to do so on commercially reasonable terms, if at all.

**C. Risks Relating to the New Common Interests to be Issued Under the Plan**

*i. Market for Equity of Reorganized Parent Debtor*

While the common stock of Core Scientific, Inc. was formerly traded on The Nasdaq Global Select Market, and is currently traded on the OTC Pink market under the symbol "CORZQ", there can be no assurance as to the development or liquidity of any market for the New Common Interests of the Reorganized Debtors. The Debtors are under no obligation to list the New Common Interests on any national securities exchange. Therefore, there can be no assurance that the New Common Interests will be tradable on a nationally recognized exchange or liquid at any time after the Effective Date. If a trading market does not develop or is not maintained, holders of the foregoing securities may experience difficulty in reselling such securities or may be unable to sell them at all. Even if such a market were to exist, such New Common Interests could trade at prices higher or lower than the estimated value set forth in the Disclosure Statement depending upon many factors including, without limitation, prevailing interest rates, markets for similar securities, industry conditions, and the performance of, and investor expectations for the Reorganized Debtors. Accordingly, holders of these securities may bear certain risks associated with holding securities for an indefinite period of time.

*ii. Potential Dilution*

The ownership percentage represented by the New Common Interests of Reorganized Debtors distributed on the Effective Date under the Plan will be subject to dilution from the New Common Interests issuable upon conversion of the New Secured Notes and New Warrants, pursuant to the Rights Offering, under the Management Incentive Plan, pursuant to the Disputed Claims Reserve or issuances made by the Debtors after the Effective Date, and the conversion of any options, warrants, convertible securities, exercisable securities, or other securities that may be issued post-emergence. In the future, similar to all companies, additional equity financings or other share issuances by the Reorganized Debtors could adversely affect the value of the issuable securities upon such conversion. The amount and dilutive effect of any of the foregoing could be material.

---

**iii. New Common Interests Subordinated to Reorganized Debtors' Indebtedness**

In any subsequent liquidation, dissolution, or winding up of Reorganized Debtors, the New Common Interests would rank below all debt Claims against Reorganized Debtors. As a result, holders of the New Common Interests will not be entitled to receive any payment or other distribution of assets upon the liquidation, dissolution, or winding up of the Reorganized Debtors until after all of the Reorganized Debtors' obligations to their debt holders have been satisfied.

**iv. Valuation of Debtors Not Intended to Represent Trading Value of New Common Interests of Debtors**

The valuation of Debtors is not intended to represent the trading value of equity in public or private markets and is subject to additional uncertainties and contingencies, all of which are difficult to predict. Actual market prices of such New Common Interests at issuance will depend upon, among other things: (i) prevailing interest rates; (ii) conditions in the financial markets; (iii) the anticipated initial securities holdings of prepetition creditors, some of which may prefer to liquidate their investment rather than hold it on a long-term basis; and (iv) other factors that generally influence the prices of the equity securities. The actual market price of the New Common Interests, if a market develops, is likely to be volatile. Many factors, including factors unrelated to the Debtors' actual operating performance and other factors not possible to predict, could cause the market price of equity to rise and fall. Accordingly, the value, stated herein and in the Plan, of the securities to be issued does not necessarily reflect, and should not be construed as reflecting, values that will be attained for the New Common Interests in the public or private markets.

**D. Risks Relating to the New Debt**

**i. Insufficient Cash Flow to Meet Debt Obligations**

The Reorganized Debtors' ability to make scheduled payments on or refinance their debt obligations depends on the Reorganized Debtors' financial condition and operating performance, which are subject to prevailing economic, industry, and competitive conditions and to certain financial, business, legislative, regulatory, and other factors beyond the Reorganized Debtors' control. The Reorganized Debtors may be unable to maintain a level of cash flow from operating activities sufficient to permit the Reorganized Debtors to pay the principal, premium, if any, and interest on their indebtedness, including, without limitation, principal and interest payments with respect to the New Debt.

**ii. Rating of New Debt**

It is not expected that the Reorganized Debtors will seek a rating on any New Debt. If, however, one or more rating agencies rates any New Debt and assigns them a rating lower than the rating expected by investors, or reduces its rating in the future, the market price of the New Debt, as applicable, could be reduced.

---

*iii. Defects in Guarantees and Collateral Securing the New Debt*

The indebtedness under the New Debt will be secured, subject to certain exceptions and permitted liens, by direct or indirect security interests in certain of the assets of the Reorganized Debtors (henceforth, the “**New Debt Collateral**”). The New Debt Collateral and any related secured guarantees will be subject to any and all exceptions, defects, encumbrances, liens, and other imperfections as may be accepted by the respective trustee and collateral agent of New Debt, if any, and any other creditors that also have the benefit of equivalent priority liens on the Notes Debt Collateral from time to time. The existence of any such exceptions, defects, encumbrances, liens, and other imperfections could adversely affect the value of any New Debt, as well as the ability of the collateral agent, notes agent, notes trustee, or similar agent for any New Debt, or the applicable holder of New Debt, to realize or foreclose on such New Debt Collateral, as applicable. In addition, the New Debt Collateral may be subject to other liens permitted under the terms of the instrument governing the terms of applicable New Debt Collateral, as applicable, whether arising on or after the date such New Debt is issued. To the extent that third parties hold prior liens, such third parties may have rights and remedies with respect to the property subject to such liens that, if exercised, could adversely affect the value of New Debt Collateral.

The New Debt Collateral and any related secured guarantees may include a pledge of certain issued and outstanding equity interests held by the Reorganized Parent and certain subsidiaries of the Reorganized Parent. To the extent the assets directly or indirectly owned by those subsidiaries are subject to any encumbrances or liens or otherwise not available, the pledges of such capital stock may be worth less than otherwise anticipated.

The security interest with respect to New Debt Collateral may be subject to practical problems generally associated with the realization of security interests in New Debt Collateral. For example, third-party consent may be required to enforce a security interest in a contract.

The Debtors have not conducted appraisals of any of their assets constituting New Debt Collateral to determine if the value of any New Debt Collateral upon foreclosure or liquidation equals or exceeds the amount of any associated New Debt, or such other obligation secured by New Debt Collateral. It cannot be assured that the remaining proceeds from a sale of any New Debt Collateral would be sufficient to repay holders of the applicable New Debt all amounts owed under them. The fair market value of New Debt Collateral is subject to fluctuations based on factors that include, among others, the ability to sell New Debt Collateral in an orderly manner, general economic conditions, the availability of buyers, the Reorganized Debtors’ failure to implement their business strategy, and similar factors. The amount received upon a sale of any New Debt Collateral would be dependent on numerous factors, including the actual fair market value of such New Debt Collateral at such time, and the timing and manner of the sale. By its nature, portions of New Debt Collateral may be illiquid and may have no readily ascertainable market value. In the event of a subsequent foreclosure, liquidation, bankruptcy, or similar proceeding, it cannot be assured that the proceeds from any sale or liquidation of any New Debt Collateral will be sufficient to pay the Reorganized Debtors’ obligations under the applicable New Debt, in full or at all. There can also be no assurance that any New Debt Collateral will be saleable, and, even if saleable, the timing of its liquidation would be uncertain. Accordingly, there may not be sufficient collateral to pay all or any of the amounts due on the New Debt.

*iv. Failure to Perfect Security Interests in New Debt Collateral*

The failure to properly perfect liens on New Debt Collateral could adversely affect the ability to enforce rights with respect to New Debt Collateral for the benefit of the holders of applicable New Debt. In addition, applicable law requires that certain property and rights acquired after the grant of a general security interest or lien can only be perfected at the time such property and rights are acquired and identified. There can be no assurance that the holders of New Debt will monitor, or that the Reorganized Debtors will inform the holders of New Debt of, the future acquisition of property and rights that constitute New Debt Collateral, and that the necessary action will be taken to properly perfect the security interest in such after-acquired New Debt Collateral. Failure to monitor the acquisition of additional property or rights that constitute New Debt Collateral or the perfection of any security interests therein may result in the loss of the practical benefits of the liens thereon or of the priority of the liens securing New Debt against third parties.

v. ***There May Not be an Active Trading Market for the New Debt***

To the extent any New Debt is freely tradable, there is not and there may not be a public market for any such New Debt, and the Reorganized Debtors do not intend to seek any listing of any New Debt on any stock exchange or other trading market of any type whatsoever. Accordingly, there can be no assurance that an active trading market for any New Debt will ever develop or, if such a market does develop, that it will be maintained.

vi. ***Risk of Recharacterization of New Secured Notes***

Recharacterization of a debt obligation to a capital contribution is an equitable remedy a bankruptcy court may direct if it determines, upon an objection raised by a party in interest, a purported debt obligation is more properly characterized as a capital contribution. In making such a determination, bankruptcy courts consider, among other things, whether the parties intended to create a debt obligation and the nature of the instrument evidencing the obligation. Although the Debtors believe, and intend, the New Secured Notes to be a bona fide debt obligation, there can be no assurance a bankruptcy court would agree with the Debtors' interpretation.

vii. ***Changes to New Common Interests Affect Holders of New Secured Notes***

Holders of the New Secured Notes will not be entitled to any rights with respect to the New Common Interests (including, without limitation, voting rights and rights to participate in any dividends or other distributions on the New Common Interests), but holders of the New Secured Notes will be subject to all changes affecting the New Common Interests. Holders of the New Secured Notes will have rights with respect to the New Common Interests only upon conversion, if any. For example, in the event an amendment is proposed to the Reorganized Debtors' certificate of incorporation or by-laws requiring shareholder approval and the record date for determining the shareholders of record entitled to vote on the amendment occurs prior to delivery of the New Common Interests, such holders will not be entitled to vote on the amendment, although they will, nevertheless, be subject to any changes in the powers, preferences, or rights of the New Common Interests.

**E. Risks Related to the Rights Offering**

i. ***Debtors Could Modify the Rights Offering Procedures***

The Debtors may modify the Rights Offering Procedures to, among other things, adopt additional detailed procedures if necessary to administer the distribution and exercise of Rights Offering Subscription Rights or to comply with applicable law. Such modifications may adversely affect the rights of those participating in the Rights Offering.

ii. ***The Backstop Commitment Agreement Could Be Terminated or the Parties Thereto Could Fail to Live Up to Their Commitment***

While the Debtors have obtained a backstop to the Rights Offering and will enter into a Backstop Commitment Agreement, there is no assurance that the Backstop Commitment Agreement will not be terminated if various conditions are not satisfied. Termination of the Backstop Commitment Agreement could prevent the Debtors from consummating the Plan. Additionally, the Backstop Parties may fail to live up to their commitment, which could also prevent the Debtors from consummating the Plan.

**F. Risks Related to the New B. Riley ELOC Facility and the Exit Facility**

While the Debtors have reached an agreement in principal with the DIP Lenders regarding the provision of the New B. Riley ELOC Facility and Exit Facility, the underlying agreements for these facilities and the material terms thereof remain under negotiation. There can be no assurance that either the New B. Riley ELOC Facility or the Exit Facility is finalized and agreed to by the Debtors and the DIP Lenders. If the Debtors and the DIP Lenders do reach agreement and definitive documentation regarding the New B. Riley ELOC Facility and/or Exit Facility, the effectiveness of these agreements will likely be subject to material conditions precedent that the Debtors may have difficulty satisfying prior to the Effective Date.

---

Additionally, the agreement governing the New B. Riley ELOC Facility will likely include a condition that the Reorganized Debtors file with the SEC a registration statement on Form S-1 to register any securities issued as a commitment fee and/or any securities that may be issued and sold pursuant to the New B. Riley ELOC Facility, and there is a possibility that effectiveness of this registration statement may be delayed or not occur. The inability for the Debtors to finalize or consummate the New B. Riley ELOC Facility or Exit Facility could prevent the Debtors from consummating the Plan.

**G. Additional Factors**

***i. Debtors Could Withdraw Plan***

The Plan may be revoked or withdrawn prior to the Confirmation Date by the Debtors.

***ii. Debtors Have No Duty to Update***

The statements contained in the Disclosure Statement are made by the Debtors as of the date hereof, unless otherwise specified herein, and the delivery of the Disclosure Statement after that date does not imply that there has been no change in the information set forth herein since that date. The Debtors have no duty to update the Disclosure Statement unless otherwise ordered to do so by the Bankruptcy Court.

***iii. No Representations Outside the Disclosure Statement Are Authorized***

No representations concerning or related to the Debtors, the Chapter 11 Cases, or the Plan are authorized by the Bankruptcy Court or the Bankruptcy Code, other than as set forth in the Disclosure Statement.

Any representations or inducements made to secure your vote for acceptance or rejection of the Plan that are other than those contained in, or included with, the Disclosure Statement should not be relied upon in making the decision to vote to accept or reject the Plan.

***iv. No Legal or Tax Advice Is Provided by the Disclosure Statement***

The contents of the Disclosure Statement should not be construed as legal, business, or tax advice. Each Holder of a Claim or Interest should consult their own legal counsel and accountant as to legal, tax, and other matters concerning its Claim or Interest.

The Disclosure Statement is not legal advice to you. The Disclosure Statement may not be relied upon for any purpose other than to determine how to vote on the Plan or object to Confirmation of the Plan.

***v. No Admission Made***

Nothing contained herein or in the Plan will constitute an admission of, or will be deemed evidence of, the tax or other legal effects of the Plan on the Debtors or holders of Claims or Interests.

***vi. Certain Tax Consequences***

For a discussion of certain tax considerations to the Debtors and certain holders of Claims in connection with the implementation of the Plan, see Article VII thereof.

**X.**

**VOTING PROCEDURES AND REQUIREMENTS**

Before voting to accept or reject the Plan, each Holder of a Claim in a Voting Class as of the Record Date (an “**Eligible Holder**”) should carefully review the Plan attached hereto as **Exhibit A**. All descriptions of the Plan set forth in the Disclosure Statement are subject to the terms and conditions of the Plan.

---

**A. Voting Deadline**

All Eligible Holders have been sent a voting ballot (a “**Ballot**”) together with the Disclosure Statement. Such holders should read the Ballot carefully and follow the instructions contained therein. Please use only the Ballot that accompanies the Disclosure Statement to cast your vote.

The Debtors have engaged Stretto, Inc. as their Voting Agent to assist in the transmission of voting materials and in the tabulation of votes with respect to the Plan. **FOR YOUR VOTE TO BE COUNTED, YOUR VOTE MUST BE RECEIVED BY THE VOTING AGENT AT THE ADDRESS SET FORTH BELOW ON OR BEFORE THE VOTING DEADLINE OF 4:00 P.M. (PREVAILING CENTRAL TIME) ON [•], 2023, UNLESS EXTENDED BY THE DEBTORS.**

IF A BALLOT IS DAMAGED OR LOST, YOU MAY CONTACT THE VOTING AGENT AT THE NUMBER SET FORTH BELOW TO RECEIVE A REPLACEMENT BALLOT. ANY BALLOT THAT IS EXECUTED AND RETURNED BUT WHICH DOES NOT INDICATE A VOTE FOR ACCEPTANCE OR REJECTION OF THE PLAN WILL NOT BE COUNTED.

IF YOU HAVE ANY QUESTIONS CONCERNING VOTING PROCEDURES, YOU MAY CONTACT THE VOTING AGENT AT:

**Stretto, Inc.**

**Telephone: (949) 404-4152 (domestic toll free) or (888) 765-7875 (international)**

**E-mail: CoreScientificInquiries@stretto.com (with “Core Scientific” in the subject line)**

Additional copies of the Disclosure Statement are available upon request made to the Voting Agent, at the telephone numbers or e-mail address set forth immediately above.

**B. Voting Procedures**

The Debtors are providing copies of the Disclosure Statement (including all exhibits and appendices), related materials, and a Ballot to record holders in the Voting Classes.

Eligible Holders in the Voting Classes should provide all of the information requested by the Ballot, and should (a) complete and return all Ballots received in the enclosed, self-addressed, postage-paid envelope provided with each such Ballot to the Voting Agent, or electronically via e-mail to CoreScientificInquiries@stretto.com with “Core Scientific” in the subject line, or (b) submit a Ballot electronically via the E-Ballot voting platform on Stretto’s website by visiting <https://cases.stretto.com/corescientific/>, clicking on the “Submit E-Ballot” link, and following the instructions set forth on the website.

HOLDERS ARE STRONGLY ENCOURAGED TO SUBMIT THEIR BALLOTS VIA THE E-BALLOT PLATFORM.

**C. Parties Entitled to Vote**

Under the Bankruptcy Code, only holders of claims or interests in “impaired” classes are entitled to vote on a plan. Under section 1124 of the Bankruptcy Code, a class of claims or interests is deemed to be “impaired” under a plan unless: (1) the plan leaves unaltered the legal, equitable, and contractual rights to which such claim or interest entitles the holder thereof; or (2) notwithstanding any legal right to an accelerated payment of such claim or interest, the plan cures all existing defaults (other than defaults resulting from the occurrence of events of bankruptcy) and reinstates the maturity of such claim or interest as it existed before the default.

If, however, the holder of an impaired claim or interest will not receive or retain any distribution under the plan on account of such claim or interest, the Bankruptcy Code deems such holder to have rejected the plan, and, accordingly, holders of such claims and interests do not actually vote on the plan. If a claim or interest is not impaired by the plan, the Bankruptcy Code deems the holder of such claim or interest to have accepted the plan and, accordingly, holders of such claims and interests are not entitled to vote on the Plan.

---

A vote may be disregarded if the Bankruptcy Court determines, pursuant to section 1126(e) of the Bankruptcy Code, that it was not solicited or procured in good faith or in accordance with the provisions of the Bankruptcy Code.

The Bankruptcy Code defines “acceptance” of a plan by a class of: (1) claims as acceptance by creditors in that class that hold at least two-thirds (2/3) in dollar amount and more than one-half (1/2) in number of the claims that cast ballots for acceptance or rejection of the Plan; and (2) Interests as acceptance by interest holders in that class that hold at least two-thirds (2/3) in amount of the Interests that cast Ballots for acceptance or rejection of the Plan.

The Claims and Interests in the following Classes are impaired under the Plan and entitled to vote to accept or reject the Plan:

- April Convertible Notes Secured Claims (Class 1)
- August Convertible Notes Secured Claims (Class 2)
- Miner Equipment Lender Secured Claims (Class 3)
- M&M Lien Secured Claims (Class 5)
- Secured Mortgage Claims (Class 6)
- General Unsecured Claims (Class 8)
- B. Riley Unsecured Claims (Class 9)
- Section 510(b) Claims (Class 12)
- Existing Common Interests (Class 13)

An Eligible Holder should vote on the Plan by completing a Ballot in accordance with the instructions therein and as set forth above.

All Ballots must be signed by the Eligible Holder, or any person who has obtained a properly completed Ballot proxy from the Eligible Holder by the Record Date. Unless otherwise ordered by the Bankruptcy Court, Ballots that are signed, dated, and timely received, but on which a vote to accept or reject the Plan has not been indicated, will not be counted. The Debtors, in their sole discretion, may request that the Voting Agent attempt to contact such voters to cure any such defects in the Ballots. Any Ballot marked to both accept and reject the Plan will not be counted. If you return more than one Ballot voting different Claims, the Ballots are not voted in the same manner, and you do not correct this before the Voting Deadline, those Ballots will not be counted. An otherwise properly executed Ballot that attempts to partially accept and partially reject the Plan will likewise not be counted.

The Ballots provided to Eligible Holders will reflect the principal amount of such Eligible Holder’s Claim; however, when tabulating votes, the Voting Agent may adjust the amount of such Eligible Holder’s Claim by multiplying the principal amount by a factor that reflects all amounts accrued between the Record Date and the Petition Date including interest.

Under the Bankruptcy Code, for purposes of determining whether the requisite votes for acceptance have been received, only Eligible Holders who actually vote will be counted. The failure of a holder to deliver a duly executed Ballot to the Voting Agent will be deemed to constitute an abstention by such holder with respect to voting on the Plan and such abstentions will not be counted as votes for or against the Plan.

---

Except as provided below, unless the Ballot is timely submitted to the Voting Agent before the Voting Deadline together with any other documents required by such Ballot, the Debtors may, in their sole discretion, reject such Ballot as invalid, and therefore decline to utilize it in connection with seeking confirmation of the Plan.

*i. Fiduciaries and Other Representatives*

If a Ballot is signed by a trustee, executor, administrator, guardian, attorney-in-fact, officer of a corporation, or another, acting in a fiduciary or representative capacity, such person should indicate such capacity when signing and, if requested, must submit proper evidence satisfactory to the Debtors of authority to so act. Authorized signatories should submit the separate Ballot of each Eligible Holder for whom they are voting.

*ii. Agreements Upon Furnishing Ballots*

The delivery of an accepting Ballot pursuant to one of the procedures set forth above will constitute the agreement of the creditor with respect to such Ballot to accept: (a) all of the terms of, and conditions to, this Solicitation; and (b) the terms of the Plan including the injunction, releases, and exculpations set forth in sections 10.5, 10.6, 10.7, 10.8, and 10.9 therein. All parties in interest retain their right to object to confirmation of the Plan pursuant to section 1128 of the Bankruptcy Code.

*iii. Change of Vote*

Any party who has previously submitted to the Voting Agent before the Voting Deadline a properly completed Ballot may revoke such Ballot and change its vote by submitting to the Voting Agent before the Voting Deadline a subsequent, properly completed Ballot voting for acceptance or rejection of the Plan.

**D. Waivers of Defects, Irregularities, etc.**

Unless otherwise directed by the Bankruptcy Court, all questions as to the validity, form, eligibility (including time of receipt), acceptance, and revocation or withdrawals of Ballots will be determined by the Voting Agent or the Debtors, as applicable, in their sole discretion, which determination will be final and binding. The Debtors reserve the right to reject any and all Ballots submitted by any of their creditors or shareholders not in proper form, the acceptance of which would, in the opinion of the Debtors or their counsel, as applicable, be unlawful. The Debtors further reserve their respective rights to waive any defects or irregularities or conditions of delivery as to any particular Ballot. The interpretation (including the Ballot and the respective instructions thereto) by the applicable Debtor, unless otherwise directed by the Bankruptcy Court, will be final and binding on all parties. Unless waived, any defects or irregularities in connection with deliveries of Ballots must be cured within such time as the Debtors (or the Bankruptcy Court) determines. Neither the Debtors nor any other person will be under any duty to provide notification of defects or irregularities with respect to deliveries of Ballots nor will any of them incur any liabilities for failure to provide such notification. Unless otherwise directed by the Bankruptcy Court, delivery of such Ballots will not be deemed to have been made until such irregularities have been cured or waived. Ballots previously furnished (and as to which any irregularities have not theretofore been cured or waived) will be invalidated.

**E. Opt Out Form**

Both (i) the Non-Voting Classes of (a) Class 4 Other Secured Claims and (b) Class 7 Priority Non-Tax Claims and (ii) any current or former beneficial owner of equity securities of Core Scientific, Inc., purchased during the period from January 3, 2022 through December 20, 2022, (the “**Other Beneficial Owners**” and together with the Class 4 Other Secured Claims and Class 7 Priority Non-Tax Claims the “**Opt Out Form Recipients**”) will receive a form to complete and return if the party elects to opt out of the releases contemplated by the Plan (“**Opt Out Form**”). To the extent an Opt Out Form Recipient wishes to elect to opt-out of the releases, such Opt Out Form Recipient must return the Opt Out Form, with the box checked indicating such Opt Out Form Recipient is electing to opt-out of the releases, to the Solicitation Agent before 4:00 p.m. (Central Time) on October [•], 2023

---

**F. Further Information, Additional Copies**

If you have any questions or require further information about the voting procedures for voting your Claims or about the packet of material you received, or if you wish to obtain an additional copy of the Plan, the Disclosure Statement, or any exhibits to such documents, please contact the Voting Agent.

**XI.**  
**CONFIRMATION OF PLAN**

**A. Confirmation Hearing**

Section 1128(a) of the Bankruptcy Code requires the Bankruptcy Court to hold a confirmation hearing upon appropriate notice to all required parties. On, or as promptly as practicable after, the Petition Date, the Debtors will request that the Bankruptcy Court schedule the Confirmation Hearing. Notice of the Confirmation Hearing will be provided to all known creditors and equity holders or their representatives. The Confirmation Hearing may be adjourned from time to time by the Bankruptcy Court without further notice except for the announcement of the continuation date made at the Confirmation Hearing, at any subsequent continued Confirmation Hearing, or pursuant to a notice filed on the docket for the Chapter 11 Cases.

**B. Objections to Confirmation**

Section 1128(b) of the Bankruptcy Code provides that any party in interest may object to the confirmation of a plan. Any objection to confirmation of the Plan must be in writing, must conform to the Bankruptcy Rules and the Local Rules, must set forth the name of the objector, the nature and amount of the claims held or asserted by the objector against the Debtors' estates or properties, the basis for the objection and the specific grounds therefore, and must be filed with the Bankruptcy Court, with a copy to the chambers of the Honorable David R. <b>UNLESS AN OBJECTION TO CONFIRMATION IS TIMELY SERVED AND FILED, IT MAY NOT BE CONSIDERED BY THE BANKRUPTCY COURT.</b>
--

**C. Requirements for Confirmation of Plan**

The Bankruptcy Court will confirm the Plan only if all of the requirements of section 1129 of the Bankruptcy Code are met. Among the requirements for confirmation are that the Plan is (1) accepted by all Impaired Classes of Claims and Interests entitled to vote or, if rejected or deemed rejected by an Impaired Class, that the Plan “does not discriminate unfairly” and is “fair and equitable” as to such Class; (2) in the “best interests” of the holders of Claims and Interests Impaired under the Plan; and (3) feasible.

*i. Acceptance of Plan*

If any Impaired Class of Claims or Interests does not accept the Plan (or is deemed to reject the Plan), the Bankruptcy Court may still confirm the Plan at the request of the Debtors if, as to each Impaired Class of Claims or Interests that has not accepted the Plan (or is deemed to reject the Plan), the Plan “does not discriminate unfairly” and is “fair and equitable” under the so-called “cramdown” provisions set forth in section 1129(b) of the Bankruptcy Code. The

“unfair discrimination” test applies to classes of claims or interests that are of equal priority and are receiving different treatment under the Plan. A chapter 11 plan does not discriminate unfairly, within the meaning of the Bankruptcy Code, if the legal rights of a dissenting class are treated in a manner consistent with the treatment of other classes whose legal rights are substantially similar to those of the dissenting class and if no class of claims or interests receives more than it legally is entitled to receive for its claims or interests. The test does not require that the treatment be the same or equivalent, but that such treatment be “fair.” The “fair and equitable” test applies to classes of different priority and status (e.g., secured versus unsecured; claims versus interests) and includes the general requirement that no class of claims receive more than 100% of the allowed amount of the claims in such class. As to the dissenting class, the test sets different standards that must be satisfied for the Plan to be confirmed, depending on the type of claims or interests in such class. The following sets forth the “fair and equitable” test that must be satisfied as to each type of class for a plan to be confirmed if such class rejects the Plan:

- **Secured Creditors.** Each holder of an impaired secured claim either (a) retains its liens on the property, to the extent of the allowed amount of its secured claim, and receives deferred cash payments having a value, as of the effective date of the plan, of at least the allowed amount of such secured claim, (b) has the right to credit bid the amount of its claim if its property is sold and retains its lien on the proceeds of the sale, or (c) receives the “indubitable equivalent” of its allowed secured claim.
- **Unsecured Creditors.** Either (a) each holder of an impaired unsecured claim receives or retains under the plan, property of a value, as of the effective date of the plan, equal to the amount of its allowed claim or (b) the holders of claims and interests that are junior to the claims of the dissenting class will not receive any property under the plan.
- **Interests.** Either (a) each equity interest holder will receive or retain under the plan property of a value equal to the greater of (i) the fixed liquidation preference or redemption price, if any, of such equity interest and (ii) the value of the equity interest or (b) the holders of interests that are junior to the interests of the dissenting class will not receive or retain any property under the plan.

The Debtors believe the Plan satisfies both the “unfair discrimination” and “fair and equitable” requirement with respect to any rejecting Class.

IF ALL OTHER CONFIRMATION REQUIREMENTS ARE SATISFIED AT THE CONFIRMATION HEARING, THE DEBTORS WILL ASK THE BANKRUPTCY COURT TO RULE THAT THE PLAN MAY BE CONFIRMED ON THE GROUND THAT THE SECTION 1129(b) REQUIREMENTS HAVE BEEN SATISFIED.

*ii. Best Interests Test*

As noted above, with respect to each impaired class of claims and equity interests, confirmation of a plan requires that each such holder either: (a) accept the plan; or (b) receive or retain under the plan property of a value, as of the effective date of the plan, that is not less than the value such holder would receive or retain if the debtors were liquidated under chapter 7 of the Bankruptcy Code. This requirement is referred to as the “best interests test.”

This test requires a bankruptcy court to determine what the holders of allowed claims and allowed equity interests in each impaired class would receive from a liquidation of the debtor’s assets and properties in the context of a liquidation under chapter 7 of the Bankruptcy Code. To determine if a plan is in the best interests of each impaired class, the value of the distributions from the proceeds of the liquidation of the debtor’s assets and properties (after subtracting the amounts attributable to the aforesaid claims) is then compared with the value offered to such classes of claims and equity interests under the plan.

The Debtors believe that under the Plan all holders of impaired Claims and Interests will receive property with a value not less than the value such holder would receive in a liquidation under chapter 7 of the Bankruptcy Code. The Debtors’ belief is based primarily on: (a) consideration of the effects that a chapter 7 liquidation would have on the ultimate proceeds available for distribution to holders of impaired Claims and Interests; and (b) the Liquidation Analysis attached hereto as **Exhibit C**.

The Debtors believe that any liquidation analysis is speculative, as it is necessarily premised on assumptions and estimates which are inherently subject to significant uncertainties and contingencies, many of which would be beyond the control of the Debtors. The Liquidation Analysis provided in Exhibit C is solely for the purpose of disclosing to holders of Claims and Interests the effects of a hypothetical chapter 7 liquidation of the Debtors, subject to the assumptions set forth therein. There can be no assurance as to values that would actually be realized in a chapter 7 liquidation nor can there be any assurance that a bankruptcy court will accept the Debtors' conclusions or concur with such assumptions in making its determinations under section 1129(a)(7) of the Bankruptcy Code.

*iii. Feasibility*

Section 1129(a)(11) of the Bankruptcy Code requires that a debtor demonstrate that confirmation of a plan is not likely to be followed by liquidation or the need for further financial reorganization. For purposes of determining whether the Plan meets this requirement, the Debtors have analyzed their ability to meet their obligations under the Plan. As part of this analysis, the Debtors have prepared the consolidated financial projections for the Reorganized Debtors ("**Financial Projections**") for the period beginning with the fourth quarter of 2023 through fiscal year-end 2026. The Financial Projections, and the assumptions on which they are based, are annexed hereto as Exhibit E. Based upon such Financial Projections, the Debtors believe they will have sufficient resources to make all payments required pursuant to the Plan and that confirmation of the Plan is not likely to be followed by liquidation or the need for further reorganization.

The Debtors do not, as a matter of course, publish their business plans or strategies, projections or anticipated financial position. Accordingly, the Debtors do not anticipate that they will, and disclaim any obligation to, furnish updated business plans or Financial Projections to parties in interest after the Confirmation Date, or to include such information in documents required to be filed with the SEC or otherwise make such information public, unless required to do so by the SEC or other regulatory bodies. In connection with the planning and development of the Plan, the Financial Projections were prepared by the Debtors, with the assistance of their professionals, to present the anticipated impact of the Plan. The Financial Projections assume that the Plan will be implemented in accordance with its stated terms. The Financial Projections are based on forecasts of key economic variables and may be significantly impacted by, among other factors, bitcoin hashprices, energy prices, regulatory changes, and a variety of other factors. Consequently, the estimates and assumptions underlying the Financial Projections are inherently uncertain and are subject to material business, economic, and other uncertainties. Therefore, such Financial Projections, estimates, and assumptions are not necessarily indicative of current values or future performance, which may be significantly less or more favorable than set forth herein.

The Financial Projections should be read in conjunction with the assumptions, qualifications, and explanations set forth in the Disclosure Statement, the Plan, and the Plan Supplement, in their entirety, and the historical consolidated financial statements (including the notes and schedules thereto).

**XII.**

**ALTERNATIVES TO CONFIRMATION AND CONSUMMATION OF PLAN**

The Debtors have evaluated several alternatives to the Plan. After studying these alternatives, the Debtors have concluded that the Plan is the best alternative and will maximize recoveries to parties in interest, assuming confirmation and consummation of the Plan. If the Plan is not confirmed and consummated, the alternatives to the Plan are: (A) the preparation and presentation of an alternative reorganization; (B) the sale of some or all of the Debtors' assets pursuant to section 363 of the Bankruptcy Code; or (C) a liquidation under chapter 7 of the Bankruptcy Code.

**A. Alternative Plan of Reorganization**

If the Plan is not confirmed, the Debtors (or if the Debtors' exclusive period in which to file a plan of reorganization has expired, any other party in interest) could attempt to formulate a different plan. Such a plan might involve either: (a) a reorganization and continuation of the Debtors' businesses or (b) an orderly liquidation of their assets. The Debtors, however, believe that the Plan, as described herein, enables their creditors and shareholders to realize the most value under the circumstances.

---

**B. Sale under Section 363 of the Bankruptcy Code**

If the Plan is not confirmed, the Debtors could seek from the Bankruptcy Court, after notice and hearing, authorization to sell their assets under section 363 of the Bankruptcy Code. The security interests in the Debtors' assets held by Holders of the April Convertible Notes Secured Claims, Holders of the August Convertible Notes Secured Claims, Holders of the M&M Lien Claims, Holders of the Mortgage Secured Claims, the Equipment Lenders, and the DIP Lenders would attach to the proceeds of any sale of the Debtors' assets to the extent of their secured interests therein. Upon analysis and consideration of this alternative, the Debtors do not believe a sale of their assets under section 363 of the Bankruptcy Code would yield a higher recovery for the holders of claims under the Plan.

**C. Liquidation Under Chapter 7 of Bankruptcy Code**

If no plan can be confirmed, the Chapter 11 Cases may be converted to cases under chapter 7 of the Bankruptcy Code in which a trustee would be elected or appointed to liquidate the assets of the Debtors for distribution to their creditors in accordance with the priorities established by the Bankruptcy Code. The effect that a chapter 7 liquidation would have on the recovery of holders of Allowed Claims and Interests is set forth in the Liquidation Analysis attached hereto as **Exhibit C**.

The Debtors believe that liquidation under chapter 7 would result in smaller distributions to creditors than those provided for in the Plan because of, among other things, the delay resulting from the conversion of the Chapter 11 Cases, the additional administrative expenses associated with the appointment of a trustee and the trustee's retention of professionals who would be required to become familiar with the many legal and factual issues in the Chapter 11 Cases, and the loss in value attributable to an expeditious liquidation of the Debtors' assets as required by chapter 7.

**XIII.**  
**CONCLUSION AND RECOMMENDATION**

The Debtors believe the Plan is in the best interests of all stakeholders and urge the holders of Claims and Interests in Classes 1, 2, 3, 5, 6, 8, 9, 12, and 13 to vote in favor thereof.

The Bankruptcy Court shall have sole and exclusive jurisdiction to determine whether a Claim or Cause of Action is colorable and, only to the extent legally permissible and as provided for in Section 11.1, shall have jurisdiction to adjudicate the underlying colorable Claim or Cause of Action.

The Exculpated Parties have, and upon completion of the Plan, shall be deemed to have, participated in good faith and in compliance with all applicable laws with regard to the solicitation and distribution of, consideration pursuant to the Plan and, therefore, are not, and on account of such distributions shall not be, liable at any time for the violation of any applicable law, rule, or regulation governing the solicitation of acceptances or rejections of the Plan or such distributions made pursuant to the Plan. The Reorganized Debtors shall have, retain, reserve, and be entitled to assert all rights of setoff or recoupment, and other legal or equitable defenses as fully as if the Chapter 11 Cases had not been commenced, and all of the Debtors' legal and equitable rights in respect of any Unimpaired Claim may be asserted after the Confirmation Date and Effective Date to the same extent as if the Chapter 11 Cases had not been commenced. **The Debtors or the Reorganized Debtors, as applicable, expressly reserve all rights to prosecute any and all Causes of Action against any Entity not released pursuant to the Plan.**

**Valuation Analysis**

**Valuation Analysis**<sup>1</sup>

THE INFORMATION CONTAINED HEREIN IS NOT A PREDICTION OR GUARANTEE OF THE ACTUAL MARKET VALUE THAT MAY BE REALIZED THROUGH THE SALE OF ANY SECURITIES OR FUNDED INDEBTEDNESS TO BE ISSUED PURSUANT TO THE PLAN. THE INFORMATION IS PRESENTED SOLELY FOR THE PURPOSE OF PROVIDING ADEQUATE INFORMATION UNDER SECTION 1125 OF THE BANKRUPTCY CODE TO ENABLE THE HOLDERS OF CLAIMS AND INTERESTS ENTITLED TO VOTE TO ACCEPT OR REJECT THE PLAN TO MAKE AN INFORMED JUDGMENT ABOUT THE PLAN AND SHOULD NOT BE USED OR RELIED UPON FOR ANY OTHER PURPOSE, INCLUDING THE PURCHASE OR SALE OF CLAIMS AGAINST OR INTERESTS IN THE DEBTORS OR ANY OF THEIR AFFILIATES.

Solely for the purposes of the Plan and the Disclosure Statement, PJT Partners LP (“**PJT**”), as investment banker to the Debtors, has estimated a range of total enterprise value (the “**Enterprise Value**”) and implied equity value (the “**Equity Value**”) for the Reorganized Debtors pro forma for the transactions contemplated by the Plan (the “**Valuation Analysis**”). The Valuation Analysis is based on financial and other information provided by the Debtors’ management, including the Financial Projections, attached to the Disclosure Statement as **Exhibit E** thereto, and information provided by other sources. The Valuation Analysis is as of September 1, 2023, with an assumed Plan Effective Date of October 31, 2023. The Valuation Analysis utilizes market data as of September 1, 2023. The valuation estimates set forth herein represent valuation analyses of the Reorganized Debtors utilizing customary valuation techniques to the extent deemed appropriate by PJT.

In preparing the Valuation Analysis, PJT considered a variety of factors and evaluated a variety of financial analyses, including: (a) a discounted cash flow (“**DCF**”) analysis; (b) a comparable companies analysis; and (c) a precedent transactions analysis. In performing the Valuation Analysis, PJT relied primarily upon the DCF analysis and comparable companies analysis. While PJT considered the precedent transactions analysis, PJT deemed this methodology to be of limited relevance due to a lack of precedent transactions in respect to the Reorganized Debtors.

The preparation of a valuation analysis is a complex analytical process involving subjective determinations about (a) which financial analysis methodologies are most appropriate and relevant to the subject company and (b) the application of those methodologies to particular facts and circumstances in a manner that is not readily suitable to summary description.

Based on the aforementioned analyses, and other information described herein and solely for purposes of the Plan, the estimated range of Enterprise Value of the Reorganized Debtors, collectively, as of an assumed Effective Date of October 31, 2023, is approximately \$2,000 million to approximately \$2,500 million.

<sup>1</sup> Capitalized terms used but not defined herein have the meanings ascribed to them in the Disclosure Statement.

In addition, based on the estimated range of Enterprise Value of the Reorganized Debtors and other information described herein and solely for purposes of the Plan, PJT estimated a potential range of total Equity Value of the Reorganized Debtors, which consists of the Enterprise Value, less estimated indebtedness, plus estimated balance sheet cash on the assumed Effective Date. PJT has assumed that the Reorganized Debtors will have, as of the assumed Effective Date of October 31, 2023, a capital structure reflective of either (i) a non-consensual Plan (i.e. assuming all holders of April Convertible Notes Secured Claims elect or otherwise receive the Default April Convertible Noteholder Treatment and all holders of August Convertible Notes Secured Claims elect the April Convertible Noteholder Treatment Settlement Election and all holders of August Convertible Notes Secured Claims elect the August Convertible Noteholder Treatment Settlement Election) or (ii) a consensual Plan (i.e. assuming all holders of April Convertible Notes Secured Claims elect the April Convertible Noteholder Treatment Settlement Election and all holders of August Convertible Notes Secured Claims elect the August Convertible Noteholder Treatment Settlement Election).

Under a non-consensual Plan, the Reorganized Debtors are assumed to have a pro forma excess cash balance of approximately \$21 million and estimated pro forma indebtedness of approximately \$909 million, which consists of (a) \$57 million of new Exit Facility debt, (b) \$615 million of New April Secured Notes (Default) and New August Secured Notes (Default), (c) \$177 million of New Miner Equipment Lender Debt Facilities (Default) debt and New Miner Equipment Lender Debt Facilities (Election 2) debt, (d) \$22 million of Reinstated Other Secured Claims, (e) \$1 million of Mortgage Takeback Debt, (f) \$36 million of debt with respect to M&M Lien Settlements, and (g) \$1 million of M&M Lien Takeback Debt. Therefore, PJT estimated that the potential range of Equity Value for the Reorganized Debtors as of the assumed Effective Date under a Non-Consensual Plan is between approximately \$1,112 million and approximately \$1,612 million.

Under a Consensual Plan, the Reorganized Debtors are assumed to have a pro forma excess cash balance of approximately \$21 million and estimated pro forma indebtedness of approximately \$726 million, which consists of (a) \$57 million of new Exit Facility debt, (b) \$150 million of New Notes, (c) \$282 million of New April Secured Notes (Settlement Election) and New August Secured Notes (Settlement Election), (d) \$177 million of New Miner Equipment Lender Debt Facilities (Default) debt and New Miner Equipment Lender Debt Facilities (Election 2) debt, (e) \$22 million of Reinstated Other Secured Claims, (f) \$1 million of Mortgage Takeback Debt, (g) \$36 million of debt with respect to M&M Lien Settlements, and (h) \$1 million of M&M Lien Takeback Debt. Therefore, PJT estimated that the potential range of Equity Value for the Reorganized Debtors as of the assumed Effective Date under a Consensual Plan is between approximately \$1,295 million and approximately \$1,795 million.

For purposes of the Valuation Analysis, PJT assumed that no material changes that would affect estimated value will occur between the date of filing of the Disclosure Statement and the assumed Effective Date. In addition, PJT assumed that there will be no material change in economic, monetary, market, industry, and other conditions that would impact any of the material information made available to PJT, including the Financial Projections, as of the assumed Effective Date. PJT makes no representation as to the achievability or reasonableness of such assumptions. The Debtors undertake no obligation to update or revise statements to reflect events or circumstances that arise after the date of the Disclosure Statement or to reflect the occurrence of unanticipated events. PJT's Valuation Analysis does not constitute an opinion as to the fairness from a financial point of view of the consideration to be received or paid under the Plan, of the terms and provisions of the Plan, or with respect to any other matters.

THE VALUATION ANALYSIS REFLECTS WORK PERFORMED BY PJT ON THE BASIS OF INFORMATION IN RESPECT OF THE BUSINESSES AND ASSETS OF THE DEBTORS AVAILABLE TO PJT AS OF SEPTEMBER 1, 2023. IT SHOULD BE UNDERSTOOD THAT, ALTHOUGH SUBSEQUENT DEVELOPMENTS MAY HAVE AFFECTED OR MAY AFFECT PJT'S CONCLUSIONS, PJT DOES NOT HAVE ANY OBLIGATION TO UPDATE, REVISE, OR REAFFIRM THE VALUATION ANALYSIS AND DOES NOT INTEND TO DO SO.

PJT DID NOT INDEPENDENTLY VERIFY THE FINANCIAL PROJECTIONS OR OTHER INFORMATION THAT PJT USED IN THE VALUATION ANALYSIS, AND NO INDEPENDENT VALUATIONS OR APPRAISALS OF THE DEBTORS OR THEIR ASSETS WERE SOUGHT OR OBTAINED IN CONNECTION THEREWITH. THE VALUATION ANALYSIS WAS DEVELOPED SOLELY FOR PURPOSES OF THE PLAN. THE VALUATION ANALYSIS REFLECTS THE APPLICATION OF VARIOUS VALUATION TECHNIQUES, DOES NOT PURPORT TO BE AN OPINION, AND DOES NOT PURPORT TO REFLECT OR CONSTITUTE AN APPRAISAL, LIQUIDATION VALUE, OR PREDICTION OF THE ACTUAL MARKET VALUE THAT MAY BE REALIZED THROUGH THE SALE OF ANY SECURITIES OR FUNDED INDEBTEDNESS TO BE ISSUED PURSUANT TO THE PLAN, WHICH MAY BE SIGNIFICANTLY DIFFERENT THAN THE AMOUNTS SET FORTH IN THE VALUATION ANALYSIS.

THE VALUE OF AN OPERATING BUSINESS IS SUBJECT TO NUMEROUS UNCERTAINTIES AND CONTINGENCIES THAT ARE DIFFICULT TO PREDICT AND WILL FLUCTUATE WITH CHANGES IN FACTORS AFFECTING THE FINANCIAL CONDITION AND PROSPECTS OF SUCH A BUSINESS. AS A RESULT, THE VALUATION ANALYSIS IS NOT NECESSARILY INDICATIVE OF ACTUAL OUTCOMES, WHICH MAY BE SIGNIFICANTLY MORE OR LESS FAVORABLE THAN THOSE SET FORTH HEREIN. BECAUSE SUCH ESTIMATES ARE INHERENTLY SUBJECT TO UNCERTAINTIES, NONE OF THE DEBTORS, PJT, OR ANY OTHER PERSON ASSUMES RESPONSIBILITY FOR THEIR ACCURACY. IN ADDITION, THE ACTUAL VALUE OF NEWLY ISSUED SECURITIES AND FUNDED INDEBTEDNESS IS SUBJECT TO ADDITIONAL UNCERTAINTIES AND CONTINGENCIES, ALL OF WHICH ARE DIFFICULT TO PREDICT. ACTUAL MARKET PRICES OF SUCH SECURITIES AND FUNDED INDEBTEDNESS AT ISSUANCE WILL DEPEND UPON, AMONG OTHER THINGS, CONDITIONS IN THE FINANCIAL MARKETS, THE ANTICIPATED INITIAL POST-EMERGENCE DEBT AND EQUITY HOLDINGS OF PREPETITION CREDITORS, SOME OF WHICH MAY PREFER TO LIQUIDATE THEIR INVESTMENT IMMEDIATELY RATHER THAN HOLD THEIR INVESTMENT ON A LONG-TERM BASIS, AND THE POTENTIALLY DILUTIVE IMPACT OF CERTAIN EVENTS, INCLUDING THE ISSUANCE OF EQUITY SECURITIES PURSUANT TO THE MIP, UPON EXERCISE OF THE NEW WARRANTS, THE ISSUANCE OF EQUITY SECURITIES FOR ANY OTHER REASON AND/OR THE CONVERSION OF THE NEW AUGUST SECURED NOTES (SETTLEMENT ELECTION) AND/OR THE NEW APRIL SECURED NOTES (SETTLEMENT ELECTION).

The Debtors' management team advised PJT that the Financial Projections were reasonably prepared in good faith and on a basis reflecting the Debtors' best estimates and judgments as to the future operating and financial performance of the Reorganized Debtors. The Valuation Analysis assumed that the actual performance of the Reorganized Debtors will correspond to the Financial Projections in all material respects. If the business performs at levels below or above those set forth in the Financial Projections, such performance may have a materially negative or positive impact, respectively, on the valuation of the Reorganized Debtors and the Enterprise Value thereof.

In preparing the Valuation Analysis, PJT: (a) reviewed certain historical financial information of the Debtors for recent years and interim periods provided by the Debtors; (b) discussed the Debtors' performance, future prospects, and industry observations with certain members of the Debtors' senior management; (c) considered certain economic and industry information relevant to the Debtors' operating businesses; (d) prepared discounted cash flow analyses based on the Financial Projections, utilizing various discount rates and assumptions in the calculation of terminal values; and (e) conducted such other studies and analyses as PJT deemed appropriate. PJT assumed and relied on the accuracy and completeness of all financial and other information furnished to it by the Debtors' management and other parties as well as publicly available information.

The Valuation Analysis does not constitute a recommendation to any Holder of Allowed Claims or Existing Common Interests or any other person as to how such person should vote or otherwise act with respect to the Plan. PJT has not been requested to, and does not express any view as to, the potential trading value of the Reorganized Debtors' securities and/or funded indebtedness on issuance or at any other time.

The Financial Projections include certain illustrative assumptions regarding expected cash tax liabilities. The impact of any changes to these illustrative assumptions regarding cash tax liabilities, including as a result of the tax consequences of the Restructuring Transactions (which could include elimination of or limitation of tax attributes, changes to the tax basis of assets, and the triggering of other tax implications) could materially impact the Valuation Analysis. Such matters are subject to various uncertainties and contingencies that are difficult to predict, certain of which rely on the form of the Restructuring Transactions, and some of which cannot be determined with certainty until after the Restructuring Transactions are consummated.

THE SUMMARY SET FORTH ABOVE DOES NOT PURPORT TO BE A COMPLETE DESCRIPTION OF THE VALUATION ANALYSIS PERFORMED BY PJT. THE PREPARATION OF A VALUATION ANALYSIS INVOLVES VARIOUS DETERMINATIONS AS TO THE MOST APPROPRIATE AND RELEVANT METHODS OF FINANCIAL ANALYSIS AND THE APPLICATION OF THESE METHODS IN THE PARTICULAR CIRCUMSTANCES AND, THEREFORE, SUCH AN ANALYSIS IS NOT READILY SUITABLE TO SUMMARY DESCRIPTION. THE VALUATION ANALYSIS PERFORMED BY PJT IS NOT NECESSARILY INDICATIVE OF ACTUAL VALUES OR FUTURE RESULTS, WHICH MAY BE SIGNIFICANTLY MORE OR LESS FAVORABLE THAN THOSE DESCRIBED HEREIN.

PJT IS ACTING AS INVESTMENT BANKER TO THE DEBTORS AND HAS NOT AND WILL NOT BE RESPONSIBLE FOR, AND HAS NOT AND WILL NOT PROVIDE, ANY TAX, ACCOUNTING, ACTUARIAL, LEGAL, OR OTHER SPECIALIST ADVICE TO THE DEBTORS OR ANY OTHER PARTY IN CONNECTION WITH THE DEBTORS' CHAPTER 11 CASES, THE PLAN OR OTHERWISE

## Introduction

Section 1129(a)(11) of the Bankruptcy Code requires that a debtor demonstrate that confirmation of a plan is not likely to be followed by liquidation or the need for further financial reorganization of the reorganized debtor or any successor to the debtor. For purposes of demonstrating that the Plan meets this requirement, the Debtors have prepared these projections (the “Financial Projections”) based on, among other things, the anticipated future financial condition and results of operations of the Debtors. In conjunction with the Company’s advisors, the Company’s management team developed and refined the business plan and prepared consolidated financial projections of the Debtors for November 1, 2023, through December 31, 2026 (the “Projection Period”).

The Financial Projections assume that the Plan will be consummated in accordance with its terms and that all transactions contemplated by the Plan will be consummated pursuant to the Scheduling Motion. Any significant delay in confirmation of the Plan may have a significant negative impact on the operations and financial performance of the Debtors, including, but not limited to, an increased risk or inability to meet forecasts and the incurrence of higher reorganization expenses.

Although the Financial Projections represent the Debtors’ best estimates and good faith judgment (for which the Company’s management team believes it has a reasonable basis) of the results of future operations, financial position, and cash flows of the Debtors, they are only estimates and actual results may vary considerably from such Financial Projections. Consequently, the inclusion of the Financial Projections herein should not be regarded as a representation by the Debtors, the Debtors’ advisors, or any other person that the projected results of operations, financial position, and cash flows of the Debtors will be achieved. Additional information relating to the principal assumptions used in preparing the Financial Projections are set forth below.

The Financial Projections are based on the Company’s long-term forecast developed in 2023. Additional information relating to the principal assumptions used in preparing the Financial Projections are set forth below. The Financial Projections have been prepared by the Company’s management team, in conjunction with the Debtors’ advisors. The Financial Projections were not prepared to comply with the guidelines for prospective financial statements published by the American Institute of Certified Public Accountants or the rules and regulations of the SEC, and by their nature are not financial statements prepared in accordance with accounting principles generally accepted in the United States of America.

The Debtors’ independent accountants have neither examined nor compiled the accompanying financial projections and accordingly do not express an opinion or any other form of assurance with respect to the Financial Projections, assume no responsibility for the Financial Projections, and disclaim any association with the Financial Projections.

The Financial Projections do not reflect the impact of fresh start reporting in accordance with American Institute of Certified Public Accountants statement of position 90-7 “Financial Reporting by Entities in Reorganization under the Bankruptcy Code.”

The Financial Projections contains certain statements that are forward-looking statements and are based on estimates and assumptions and are necessarily speculative. No representations or warranties are made as to accuracy of any financial information contained herein or assumptions regarding the debtors’ businesses and their future results and operations.

---

The Financial Projections and any forward-looking statements in the Financial Projections are being made by the Debtors as of the date hereof, unless specifically noted. The Debtors are under no obligation to (and expressly disclaim any obligation to) update or alter the Financial Projections and any forward-looking statements whether because of new information, future events, or otherwise.

### **General Assumptions & Methodology**

The Financial Projections for the Debtors are based on the Debtors' business plan as informed by current and projected conditions in the Debtors' markets and were prepared on a holistic basis. The Financial Projections consist of the following unaudited pro forma financial statements: (i) projected income statement, (ii) projected balance sheet and (iii) projected cash flow statement.

The Company's management team reports and uses the Adjusted EBITDA metric to assess the ongoing performance of the Debtors' core operations, adjusted for certain non-operating and one-time costs.

### **Projected Income Statement Assumptions**

Revenue: Revenue mainly consists of sales generated from the Debtors' bitcoin self-mining activities, where the Debtors operate specialized computers known as "miners" to solve complex cryptographic algorithms in support of the bitcoin blockchain, and the Debtors receive bitcoins in exchange for performing such services. The Debtors also generate revenue from their hosting operations, where the Debtors host miners for third-party customers. Bitcoin self-mining revenue is forecasted based on a detailed projection of the Debtors' total self-mining computational power (known as "hashrate") and revenue generated per each unit of computational power (known as "hashprice"). Hosting revenue is forecasted based on the number of hosted miners and the terms specified in each hosting contract.

Cost of Revenue: Cost of revenue primarily consists of electricity costs, facility operations costs, depreciation of property, plant and equipment used for hosting services and mining operations, and other related costs. Electricity costs are forecasted on a bottoms-up basis, utilizing anticipated power usage at each facility, as well as tariffs built into the power contracts, and/or forward power pricing. Facility operations costs are forecasted based on historical costs and management estimates for optimized operations.

Operating Expenses: Operating expenses consists of research and development, sales and marketing, and general and administrative expenses. Operating expenses are forecasted based on historical costs and management estimates.

### **Projected Balance Sheet Assumptions**

**Core Scientific Announces****August 2023 Production and Operations Updates**

- *Operated approximately 206,000 owned and colocated bitcoin miners*
- *Produced 965 self-mined bitcoin and an estimated 403 bitcoin from colocated miners*

**AUSTIN, Texas, Sept. 7, 2023** – **Core Scientific, Inc. (OTC: CORZQ)** (“Core Scientific” or “the Company”), a leader in high-performance blockchain computing data centers and software solutions, today released production and operations updates for August 2023.

“We continue to maintain our position as one of the largest and most efficient bitcoin producers at scale in North America through our team’s relentless focus on operational excellence,” said Adam Sullivan, Core Scientific Chief Executive Officer. “High temperatures in August provided us with the opportunity to support our grid partners by reducing our power consumption and contributing more than 32,000 megawatt hours to help their customers.”

Core Scientific recently entered into new colocation agreements with some of its customers that provide the Company with a portion of the bitcoin rewards generated from colocated miners after receiving payment for identified mining costs. “As part of the continued evolution of our hybrid mining-colocation strategy, we’re further aligning our interests with our customers,” Mr. Sullivan added.

The Company continues to work through the Chapter 11 reorganization process and aims to emerge in the fourth quarter.
